RON PAUL V.S. JOHN MCCAIN

★ "Ron Paul Revolution" signs being waved by the crowd are like a brick wall to John McCain's signs claiming a Republican victory.

One nagging problem continues to plague McCain, "What happens if there are not enough bound delegates?" McCain's camp continues with the victory dance, but the final dance is far from over.

A huge problem for McCain is the possibility he's violated FEC laws.

Worst case scenario would involve penalties for McCain, negative coverage by the media and potential imprisonment if he is found in violation of FEC laws.

★ Regardless of what the media has portrayed, Ron Paul nor McCain can win the Republican nomination until the national convention in September.

If Ron Paul's committed supporters can cut through the red tape of the party to occupy seats at the convention, there may be a surprise in store for everyone! The 2008 Presidential election marches on with much left to be decided.

RON PAUL FOR PRESIDENT 2008
