Kathleen Erin Lowe

Kathleen Erin Lowe passed away on June 25, 2009, after a long battle with ovarian cancer.

Kathleen was born on July 16, 1957, in Pueblo, CO, the daughter of Dr. Frederick and Retta Boyle. As a child Kathleen had the opportunity to live in a variety of states including Massachusetts, Florida, North Carolina, and Alaska. Kathleen moved to Bend with her family at the age of 10, and spent the rest of her life in central and eastern Oregon.

Kathleen Erin Lowe

Kathleen attended high school at Bend High and graduated in 1975. While there she was a member of the cheerleading squad and gymnastic team qualifying for the state gymnastic tournament as a senior. She began her college career at Central Oregon Community College and transferred to Oregon Health Science University to obtain her bachelors of nursing in 1979. Kathleen continued her nursing education graduating with a Masters in Community Health Nursing in 1992, and then a post-masters as a Family Nurse Practitioner in 1996.

In 1977, Kathleen reconnected with Douglas Lowe, a former Bend High classmate who became the love of her life. Kathleen and Doug married on August 25, 1979, and lived in Bend for two years where Kathleen worked as a RN at St. Charles Medical Center. In 1981, Kathleen and Doug moved to Heppner after purchasing Bucknam's Tavern. While in Heppner, Kathleen worked as a RN at Pioneer Hospital and then later for Oregon Health Science University.

Kathleen had many creative interests including gardening, knitting, making stain glass windows, ceram-

ics, sewing, and quilting. Kathleen enjoyed making things for her family and friends, and most recently created exquisite quilts for each of her children.

The profession of nursing was a very important part of Kathleen's life and she was most passionate about her role as a nursing instructor at both Oregon Health Science University and Central Oregon Community College. Kathleen was respected by her nursing students for her ability to not only instruct but to mentor and encourage them in their development as nurses.
