

Buyer Appreciation Lunch to be held August 8

Once again, the Buyer's Appreciation Lunch will be held prior to the youth livestock auction. The lunch is provided to each livestock auction buyer from 2008 plus one guest. 4-H and the Livestock Growers would like to show their appreciation to the tremendous support that these buyers have for our youth!

Last year's buyers should receive passes to the fair and the dinner. The dinner will be held from 12:30 p.m. to 2 p.m. on Saturday, August 8 prior to the auction.

It is sure to be a great meal so come hungry!

Real cowboys. Real action. Real rodeo.

Questions answered by
Joseph C. Vize, DPD, LD

**Q: What is a denturist,
and how do I find one?**
-S.S. of Kennewick, Wash.

A: A denturist is licensed, skilled professional who specializes in the construction of removable oral prosthetics (dentures, partials, implant-retained dentures and overdentures). Denturists also provide relines and repairs to existing dentures. You do not need a referral to see a denturist, but they can help coordinate your treatment with your dentist or oral surgeon. Because denturists make the dentures from start to finish in their own labs, the end result is a quality, custom denture for a very reasonable fee. The best way to find a denturist in your area is to contact the state association, www.wadenturist.com or www.ordenturist.org. To find out more about any health professional, you can also contact the State Dept. of Health, www.doh.wa.gov in Washington.
