Road Dept.: Bombing Range Road Project: The concrete footing for the large culvert was poured, and the other half of the large culvert was put

together. The inlet retaining wall for the large culvert was formed and poured. The forms on the retaining wall will be removed and backfilling the end of the culvert will be finished. Fill material has been hauled for the sub grade on the Bombing Range Road portion of the project, by the end of this week that section of the road should be to sub grade level. Also ripped up the old asphalt on Strawberry Lane and processed that into fill material. The Strawberry Lane piece of the project will be worked on by hauling fill material

to build that section of road to sub grade. **Lexington Grange road:** Finished the shoulder work along Lexington Grange Road from Hwy 207 to Baseline Lane on February 1. Finished hauling gravel over the base rock and rolled the shoulders one more time. Then the equipment was moved from there to Rhea Creek Road. **Rhea Creek Road:** Started working on the shoulders along Rhea Creek Road by hauling base rock from Brenner Canyon junction heading north towards Lone. The shoulders are being building up as

needed. Will continue this project until the material at the Rhea Creek pit is gone. **Misc.:** Continuing to work on the detour routes for the Bombing Range Road project. The crew has been plowing snow on Sunflower Flat Road, Willow Creek Road and Coalmine Hill. Coalmine is open to the top of the turn around at the top of the hill.

selling prescription drugs to a fellow student, two separate house fires, arson not suspected in either case, and a male with mental issues. **Boardman area:** A marine call with a dog being swept down stream, an incident of a shot being fired at a windshield on the I-84, a residence with a chimney fire. **Mountains:** assisted with a search and rescue of an individual that slid off the road while attempting to turn their vehicle around.
