## Elementary school students clean up Boardman

Windy River Elementary School students turned out Thursday, May 13, to make their community a better place. Armed with garbage bags and gloves, over 215 students and their teachers spent about two hours picking up debris in vacant lots along South Main Street and Wilson Lane. The students filled 148 large trash bags and picked up numerous items too large to fit into the bags.

This is the fourth year the school has participated in the clean up. It is organized each year by Windy River staff and the City of Boardman's Code

Compliance official. The city provides the gloves, garbage bags, and picks up and disposes of the garbage. The school provides the eager volunteers. "The clean up went very well and the students all had fun," said John Russell, Boardman Code Compliance Official. Each student will be receiving a certificate of appreciation from the City's Mayor Chet Phillips.

## BEO, Les Schwab partner with Heppner Lions Club to bring free health screening

Bank of Eastern Oregon and Les Schwab Tire Center have partnered with the Heppner Lions Club to bring free health screening to Heppner during Heppner Days on June 11.

The Oregon Lions Mobile Screening Unit will be located between St. Patrick's Senior Center and Heppner Family Foods Friday, June 11, from 9 a.m. to 5 p.m. Screening services will include vision and hearing screening for all ages and additional glaucoma, blood pressure, and diabetes screening for adults.

"Health screening and preventive care is a critical part of a healthy lifestyle," said Bank of Eastern Oregon President and CEO Jeff Bailey. "Bank of Eastern Oregon is pleased to work with our local Lions Club to bring these critical health services to our community."

Lacking access to primary care, many people are not aware that they have health conditions that threaten their sight, quality of life, and potentially their lives. The Mobile Health Screening Unit program has and will continue to save lives through

the early detection that it provides.

The MHSU program is the only free health screening program of its kind in Oregon. It will serve over 30,000 Oregonians this year, 84% of them children, at over 300 events in nearly every county in the state.

The MHSU program is coordinated by the Oregon Lions Sight & Hearing Foundation, serving Oregonians with sight and hearing saving surgeries and preventative health care since 1959.

## Army Unit set to deploy with DeSpain's "comfort crosses" along for the ride

Bob and Aloha DeSpain have been making and giving out their small, wooden "comfort crosses" for 15-plus years. Bob recently made approximately 70 crosses for the 168th Army Aviation Unit that is being deployed to Afghanistan for one year.

DeSpain offered to make the crosses after learning from Cindy Sumner that her son, Tim Sumner, was being deployed. Sumner, 30, is an E4 specialist who works in aircraft maintenance for Chinook helicopters. He has been in the U.S. Army for four years. He is the son of Charlie and Cindy Sumner of Lexington. He is engaged to

Amanda Ramirez of Hermiton. She has two children, a five-year-old son named Koda and a nine-year-old daughter named Ashlyn. This will be Sumner's first deployment.

First Sergeant David McCurry, 37, of Heppner will pass out the crosses to the unit members, along with pamphlets that detail
