Boardman R.F.P.D. files to place bond on November ballot

The Boardman Rural Fire Protection District on Friday, August 27, officially filed with the Morrow County elections office to place an \$11 million general obligation bond on the November 2 General Election ballot. If approved by voters, the bond would build a new fire station, pay off its current debt obligation, and replace an aging ladder truck.

Twelve years ago, by a vote of the people, the Boardman Rural Fire Protection District annexed the City of Boardman to create a more efficient fire department. In the years since, the BRFPD has seen its community and fire district grow beyond its expectations. The current BRFPD building is at maximum capacity. Built in 1973, it was remodeled in 1998 to help with growth. Since the station was originally built, Sam Boardman Elementary and Windy River Elementary have been constructed

across the street. There is no room for expansion at the current location. A new station would include updated training facilities that could be utilized by the BRFPD and other local emergency services.

A key component in the Board's view is the opportunity this funding could provide for a Fire Science/EMT college program. In this type of program, 15 students work and live at the fire station on an internship, which is a requirement for their degrees. At the same time, these students would also do shift work while at the station and provide emergency fire and EMS calls when not attending classes. These interns could aid staffing levels at the district, which could then potentially provide 24/7 service, 365 days a year, to the community without having to pay for additional staff. The current structure does not have room for this type of program.

UMESD to offer free hearing screenings at schools

The Umatilla-Morrow Education Service District (UMESD) will provide free hearing screenings to public elementary school students beginning in September.

Hearing screenings are conducted annually by the UMESD's Audiology Department for public school students in Umatilla and Morrow counties, and is cooperatively sponsored by local school districts. Students to be screened include nearly 4,000 kindergarten, first and third grade students, new students to the county, and parent/teacher/principal referrals of students in other grades. Children who fail the initial screening will be re-screened within a three-week period.

Parents who do not want their child's hearing to be screened should notify their child's school as soon as possible. If you have any questions regarding the hearing screening program, please contact your local school principal or the UMESD Audiology Department at 966-3140.

Program on 10th Amendment planned for Heppner

The public is invited to attend a program about the 10th Amendment

of the US Constitution to be held in Heppner on Sunday, September 12, at 2 p.m. at Heppner High School.

Entitled "The 10th Amendment: What is it, and does it matter?" will be put on by Walla Walla Attorney Andrea Burkhardt, an expert on the subject.

The program will answer the following questions: What is federalism? Why are states' rights important? What is in the proposed Bill of Federalism and has the Supreme Court nullified the 10th Amendment?

The 10th Amendment, which is part of the Bill of Rights of the Constitution, reads: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

The program is free to the public and is being sponsored by the Willow Creek Tea Party Patriots.
