BEO announces 2011 dividend

BEO Bancorp, the parent company of the Bank of Eastern Oregon, will be paying dividends to shareholders this year. "I am pleased to announce that the board of directors of BEO Bancorp voted to declare a \$0.40 per share dividend for 2011," said CEO Jeff Bailey. "The dividend will be paid to shareholders of record as of December 1, 2011, payable on or before December 15, 2011."

Jeff Bailey

According to Board Chairman Brad Anderson, BEO has paid a dividend 25 of the past 26 years.

"Dividends are a reflection of the financial stability and profitability of the bank," Anderson said. "We are very happy to be able to provide this dividend to our shareholders."

"In 2010, the board of directors authorized a dividend of \$0.20 per share. Being able to double last year's dividend in 2011 is a testament to the strides we have made over the past few years in dealing with the challenges of the economic downturn. The directors have made decisions over the past three years which have improved the overall strength of the bank, enhanced our capital levels and placed the bank on solid footing as the lasting effects of the 'great recession' play out. We continue to be the highest-capitalized bank in eastern Oregon," said Bailey. "We are pleased with the support of our employees, shareholders and communities. They make it possible for us to succeed."

through the ABA program. I congratulate her on this accomplishment," said Jeff Bailey, president and CEO of the bank.

"I appreciate the organization's willingness to continue investing in my career. The coursework provided me with a well-rounded view of banking. I look forward to putting into practice the new skills I've learned," said Correa.

Correa started her banking career in 1992 as a teller in the Heppner branch. She has also provided services as executive assistant, accounts payable clerk and administrative secretary to the board of directors. She was promoted to her current AVP status and named Financing Coordinator in 2010.
