**The Oregon Department of Energy**  
**PUBLIC NOTICE**  
**Perennial Wind Chaser Station**  
**Amended Notice of Intent**

**Summary**  
 Date this Notice was Issued: Sept. 19, 2012

**Proposal:** 412 megawatt natural gas-fired electric generation project with two 230-kilovolt (kV) transmission line options.

**Location:** Twenty acres in Umatilla County near the intersection of Westland Road, I-84, and I-82, with two transmission line options to the Longhorn substation just east of Boardman.

**Notice of Intent Public Comment Deadline:** Oct. 19, 2012 (5 p.m.)  
**Expected Date of Application for Site Certificate:** March 2013

**Introduction**  
 The Oregon Department of Energy, which serves as staff to the Energy Facility Siting Council, has received an amended Notice of Intent from Perennial Power Holdings, Inc., to file an application for the construction and operation of a natural gas-powered electric generating facility near Hermiston on approximately 20 acres of private land. The proposed facility, the Perennial Wind Chaser Station, will have a nominal generating capacity of about 412 megawatts. *The amended notice of intent, submitted to the department in September 2012, describes design changes that have been made to the proposed facility since the submittal of the original notice of intent for the project (submitted in May 2012).* According to Oregon law, Perennial Power Holdings, Inc. must obtain approval (a site certificate) from the council before building and operating the Perennial Wind Chaser Station.

**Description of Proposed Project**  
 The project will include up to four General Electric LMS100 (or equivalent) natural gas-fired turbines. The project will also include either a 17.9-mile, 230-kilovolt transmission line south of the Umatilla Chemical Depot, or a 20-mile, 230-kilovolt transmission line routed to the north of the Umatilla Chemical Depot. Both transmission line options would connect the project to the Longhorn substation near Boardman. In addition to the generating turbines and 230-kilovolt transmission line, the facility will include the following related or supporting facilities: a raw water line, a wastewater line, a sanitary wastewater line routed under the railroad track, and a five-mile natural gas supply line routed in an existing right of way. *The primary changes to the Wind Chaser Station described in the amended NOI are the removal of the proposed switchyard, as well as the elimination of the original transmission line options and the addition of two new transmission line options.*

**Location of Proposed Project**  
 The proposed Perennial Wind Chaser Station will be located on Exclusive Farm Use-zoned land in western Umatilla County adjacent to the existing Hermiston Generating Plant.  
**Council's Review Process**  
 The council's site certificate review process is a consolidated permitting process that incorporates applicable regulations of other state agencies and local jurisdictions, including Morrow and Umatilla counties. However, the applicant may choose to meet the land use standard by obtaining local land use approval through Morrow and Umatilla counties.

**What is a Notice of Intent?**  
 The notice of intent introduces the project and allows the public, local governments and affected agencies to identify issues of concern as well as applicable requirements. It contains preliminary information about the proposed facility, its location, and its potential environmental and community impacts. The NOI is not the actual application to construct the facility, only a notice to the department and the public that the applicant intends to submit an application for a site certificate. The actual application contains much more detail than the NOI. *The applicant has provided an amended NOI for this project because of changes made to the proposed transmission corridors.*

**Comment Period**  
 Public comments on the NOI are encouraged to help the applicant identify issues and concerns early in the process. Comments, which are due by Oct. 19, 2012 at 5 p.m., must be submitted in writing by mail, e-mail, hand-delivery or fax. Please address to:

Mo Walker, Siting Officer  
 Oregon Department of Energy  
 395 E. Highland Avenue  
 Hermiston, OR 97838  
 E-mail: [mo.walker@odoe.state.or.us](mailto:mo.walker@odoe.state.or.us)  
 Fax: 541-567-6861  
 Phone: 541-567-3840

**Please Note:** This is only the first opportunity to provide comments. The department will also solicit comments after the application has been submitted and during the public hearing(s).

**For More Information**  
 Please contact the siting officer above if you have questions or would like more information. Members of the public are welcome to visit the department's Hermiston office with questions. The siting officer can help you locate your property relative to the project and proposed transmission lines, or answer other questions about the project.

More details of the project are in the notice of intent at: [www.oregon.gov/ENERGY/SITING/](http://www.oregon.gov/ENERGY/SITING/)  
 A detailed description of the siting process is available at: <http://www.oregon.gov/ENERGY/SITING/process.shtml>  
 Standards applicable to the proposed project are available at: [www.oregon.gov/ENERGY/SITING/standards.shtml](http://www.oregon.gov/ENERGY/SITING/standards.shtml)

**4th Rollin' on the River planned**

The city of Boardman is planning what it hopes will be a fun-filled evening on Saturday, Sept. 22, from 3 to 9 p.m. for guests 21 and over.

The Boardman Chamber of Commerce and the Kiwanis Club of Boardman are organizing the fourth annual Rollin' on the River, held at the Boardman Marina Park. The C.C. King Band will perform from 3 - 6 p.m., followed by The Shades, playing classic and pop rock hits from 6 - 9 p.m.

"They are sure to keep the dance floor hopping," says a Boardman chamber spokesperson.

All area residents are invited to bring friends and enjoy tasting microbrews from Hodgen Distributing and wines from around the area while admiring the classic cars on display. The

ticket price of \$20 per person also includes a dinner prepared by Judy Scott's Chuck Wagon.

"Come early or come a little later, but come prepared to be entertained," says a coordinator. "This is a great opportunity for you to spend the first day of fall visiting with friends, checking out classic cars, listening to great music, eating some delicious food, and trying a new beer or wine, all while enjoying the beautiful view of the Columbia River."

Tickets are on sale now for \$20 per person prior to the event or \$25 at the event. Tickets are available at the chamber office in Boardman, 206 N. Main Street. Call the Boardman Chamber of Commerce at 541-481-3014 for more information.
