

Heppner girl to play in Pendleton double-header

This Saturday in Pendleton, the Chukars of Treasure Valley take on Blue Mountain Community College in a softball double-header at noon and 2 p.m. Heppner native Baily Bennett says she has had a great season with the Chukars and is excited to play in front of her home-town fans. The Chukars are currently third in their division and, with this being their last league games, they are guaranteed a spot in the NWAACC tournament May 16-19 at Delta Park in Portland. Mustangs struggle on the diamond

Mustang baseball and softball teams both continued to struggle this week.

The girls played back-to-back softball games against Union/Cove and Pilot Rock/Nixyaawii last Saturday. They first suffered a 2-21 loss to Union/Cove and then fell just short of a victory in their second game of the day, losing 4-5 to the Rockets.

The losses give the girls an overall record of 2-13 with 2-8 in league. They faced off against Irrigon on Tuesday and will take on Weston-McEwen/Griswold in a home twinbill on Saturday at 11 a.m. and 1 p.m.

The Mustang boys' baseball team failed to shake off last week's losing streak, losing both sides of a Friday double-header to Dufur/South Wasco County, 0-11 and 11-17.

The losses, coming after a largely winning season, give the Mustang baseball team an overall record of 8-7 with a league record of 4-5.

They went up against Sherman on Tuesday and will have another chance to regain their winning ways in a double-header at Weston-McEwen/Griswold Saturday at 11 a.m. and 1 p.m.

On Sunday, May 11,

the team will play a practice round at Pendleton Country Club to get ready for the district championships.

That tournament will be held at Pendleton Country Club on Monday and Tuesday, May 12-13. Both Heppner teams have a great chance to win a district championship.

Several individuals will also have the opportunity to place high enough to move on to compete at the OSAA State Championship Tournament.

That event will be held in Corvallis at the Trysting Tree Golf Course, May 19-20.

COMMUNITY GARDEN

—Continued from PAGE ONE
Compost piles were started with leaves from the city's parks, steer manure and straw.

As these broke down, they were added to the garden, creating depth and liveliness in the soil. The pile of rocks hand-picked from the garden bed is more proof of hard work put into improving the site.

A system of drip irrigation and some

sprinklers keeps crops moist. Deep piles of straw hold in the moisture and help to control weeds without the use of chemicals. Trees have been planted around the perimeter to create a future windbreak.

For more information about a garden plot, contact Murray at 676-9158, or look for John or Ed at the "Irish Green," where they are often found this time of year.
