Media continues to hype up panic

To the editor
Umatilla Co. Health Officer Dr. Jonathan Hitzman, on March 23, warned, “The national media must take culpability for whipping up the public.” George Washington law professor Jonathon Turley warned April 3, “It is a press pandemic that continues to rage without relief,” after one of the CCN reporters’ incessant attacks on Trump. On March 25, ABC national news used footage from a hospital in Italy showing dire images of Covid-19 deaths deceiving the public

to think it was a New York hospital.
98.5 percent of those infected with Covid-19 will recover. An additional 25 percent have the virus and never show any symptoms. Why does the press and media of America and the world continue to hype up and panic their citizens? Who gains from the bankrupting of America, the collapse of the stock market, the abrogation of the Constitution? 1.The Democrat party. 2.The radical Socialist/Marxist wing. 3.The national press and

Oregonians should ask questions

To the editor:
Over the weekend of April 4, NY Governor Cuomo announced the generous gift of 140 ventilators from his pal, Oregon Governor Kate Brown. How nice of her.
This action makes me want to ask many questions and I think all Oregonians should be asking the same.
1. Were these ventilators the personal property

Jim Doherty needs to justify his record

To the editor:
Jim Doherty is running for reelection and has a record that we can look at. Jim has been a consistent opponent of development. He has opposed and voted against development in the north end of the county and opposes developing a Rural Residential Zone for more housing in the south end. He instructed the county planner to research and find out if the county could legally stop the electric coop from delivering electricity across a county road, after the ground had been bought and the building permits had been issued, because he did not like the development or developer.
When Justice of the Peace Ann Spicer retired mid-term, there were four applicants to fill the position. The appointment was made by Governor Brown. When the appointment didn’t go to Jim’s wife, who was one of the applicants, he went to County Clerk Bobbi Childers on more than one occasion and demanded that she find a way to invalidate the governor’s choice. He was heard saying on several occasions that the governor’s choice would never survive his term as a commissioner.

he always states that in the interest of time he will make a complete report later and later has not come yet.

In a recent editorial in the Heppner Gazette, written by Jim Doherty he insinuated that Commissioner Don Russell and Melissa Lindsay must be prejudiced because they didn’t agree with him.

On Wednesday April 1, after a commission workshop on renewal of the Enterprise Zone with the City of Boardman and Port of Morrow, Commissioner Jim Doherty put on quite a show. When leaving the court house in Heppner, he caught Port Commissioner Jerry Healy and Enterprise Zone manager Greg Sweek on the sidewalk in front of the post office. He did an aggressive U-turn on Main Street and stood on the running board of his truck screaming and swearing at the both of them at the top of his lungs. He ended the conversation swearing that he would never do another deal with the City of Boardman and stating that he was headed back to Boardman to get city manager Karen Pettigrew’s job.

I voted for Jim four years ago and won’t make that mistake again this time. No one deserves to be treated the way he has treated people with a different view. I’m not sure who he thinks that he represents, but it certainly isn’t me.

John Wenholtz, Irrigon

media.

In no manner is this column discounting the severity of the Covid-19 pestilence. It is the response of the governments of the world to contain this pandemic I am challenging. It can be compared to swatting flies with a slug hammer, killing a few flies and destroying the building.

In the Philippines the government has issued orders to kill any that disobey orders to quarantine, many of whom are starving. In New Zealand, with one pandemic death, the government has ordered military enforced martial law and home quarantines. The governments of the world are handing out fiat money, printed out of thin air. The Covid-19 panic is making America Bernie Sanders’ dream socialist state. The stimulus is fiat money that must be paid back with interest to the Federal Reserve. Who is the Federal Reserve? World banking globalist elitists that control the press and media and most governments of the world.

America is presently controlled and governed by the press/media and CDC/WHO that have ever changing, questionable and often unreliable evidence, variables and models. Dr. Brix

of Ms. Brown?

2. If not, were they the property of the state of Oregon?

3. If they are the property of Oregon taxpayers, does she have the authority to give said property to other states without legislature approval?

4. If she does have such authority, in her next move is she going to give her other pal, Washington Governor Jay Inslee one of ODOT’s snow plows to enable him to keep Snoqualmie Pass cleared for the liberal snow bunnies?

5. The state of Louisiana is also critically short of ventilators. Did she not choose the bayou state because their politics do not align with hers?

6. If the ventilators came from a private source why is she taking the credit?

Democrats know to never let a good crisis go to waste. When this crisis is over, I believe us Oregonians should overwhelm the ballot box with our displeasure of the socialist super majority in our state government.

Chuck Davidson
Ione, OR

and Dr. Fauci have admitted as much. The dire threats of hospitals across America under siege like New York has not happened. What has happened in the face of police state measures across the world is a new world order of economic and social ruin, where world inflation will force a digital cashless system where every transaction and person will be monitored. Those that give up Constitutionally guaranteed liberty for government promised safety will have neither.

Stuart Dick, Irrigon

Ministers go virtual

Due to the pandemic, the South Morrow County Ministerial Assoc. (SMCMA) will not be hosting the Easter Son Rise Service at the Les Payne Field on Easter this year.

However, people will be able to celebrate Resurrection Sunday by virtual media at 9 a.m. Every pastor in town will be live streaming their Easter Son

Rise Service to the Heppner Outreach Council Facebook page.

Following the Son Rise Service, area pastors will be doing their own live stream service.

The SMCMA is encouraging the use of face masks to protect yourselves and to protect others from this virus. Be safe and God bless.

Uncertainty looks to continue

To the editor:
Recent global events have greatly changed the way we live. A month has passed and this uncertainty looks to continue for the foreseeable future. The health and safety of Morrow County residents must be our number one priority. These circumstances unfortunately have thrown a serious wrench into my overall plans for how I was going to campaign. To that end, the best way to speak with you and stay safe will be through phone calls, letters, and email.
Over the next few weeks I will attempt to call

as many people as I can so that I can tell you my plans and so that I can hear your concerns. With that being said, I am acutely aware that we’re all busy and a phone call may not be the best for your schedule. If you would like to reach out to me, please email me at joseph.b.armato@gmail.com. Include your name and comment, and if you’d like me to follow up via call, your phone number and a good time to call you. I will get back to you as soon as possible.

Sincerely,
Joseph B Armato
