First COVID-19 death reported in Morrow County

According to the press release from Morrow County Emergency Management dated June 19, one person has died from COVID-19. The first COVID-19 death was a 53-year-old male who tested positive on June 12 and died on June 18 at home in North Morrow County. This individual had underlying health conditions.

The June 17 press release reported 20 positive cases in the county. Press releases received June 18, 19 and 22 increased the count to 22, 27 and 36 respectively. The nine additional cases reported June 22 included four cases in Boardman, four in Irrigon and one more from the Heppner/Lexington/Ione area.

The counts are now 18 in Boardman, 14 in Irrigon and four in Heppner/Lexington/Ione. Of those cases, 14 have recovered, 21 are

in home isolation, zero are hospitalized and one person died.

Morrow County experienced a 100 percent increase in one week and reminds everyone to remember the basics of slowing the spread. Social distancing of six feet, wearing masks and washing hands have proven to help stop the spread of COVID-19.

The most common symptoms of COVID-19 are fever, cough and shortness of breath. If symptoms persist or worsen, contact your medical provider. Other symptoms may include chills, repeated shaking with chills, muscle pain, headache, sore throat and new loss of taste or smell. If you are experiencing two or more of the symptoms, you should call your medical provider to be tested.
