## FOR THE IONE SCHOOL DISTRICT BOND MAY 18, 2021

### Why Now?

1. **\$4M Grant from Oregon Department of Education**
2. **Interest rates are at a historic low, so our money will go further.**
3. **We can do more because our tax base has grown by \$158M since 2006 and is going to add about \$215M more in the next 6 years, as new industrial tax base is added.**
4. **Up front, industrial property owners will pay approximately 62.2%, farmers will pay 29.2% and homeowners will pay 7.8%.**
5. **Over the next six years, the industrial share will grow to about 79.5%, while farms drop to 15.8% and homeowners to 4.2%.**
6. **The tax rate will drop to an estimated \$1.62/\$1,000 as the tax base grows.**
7. **We need space for programs.**
8. **We need space for online learning.**
9. **We need space for community use.**
10. **We need to BUILD OUR FUTURE NOW!**
