Farmers Market starts Thursday

Browne House Coffee sells their wares at the market

Willow Creek Farmers Market will begin its 2021 season this Thursday, June 17.

After the popularity of last year's switch to Thursdays, the market will continue this year on Thursdays from 4-7 p.m. at Heppner City Park. The season is planned to run every Thursday through Sept. 2.

Cost for the entire season is \$50 per vendor; vendors who paid for the whole 2020 season will receive a reduced rate of \$25 due to the market's early closure

last year. Those who don't want to register for the whole season can pay by the week at \$10 per week for drop-ins with a maximum of \$50 for the season.

Vendors of all kinds are welcome, especially those with produce or artisanal goods.

Anyone who is interested in being a vendor or who has any questions can find the farmers market page on Facebook, email willowcreekfm@gmail.com, or call Andrea Di Salvo at 757-285-5792.

Haley Winters of Seed and Trowel with her daughter, Addie

Riverside graduate to attend Stanford

Jose Ruiz-Nino, Class of 2021 valedictorian at Riverside Jr/Sr High, was recently accepted to Stanford University.

David Norton, Riverside principal, said Ruiz-Nino is a student who has been extremely focused and driven to reach his goals, especially the goal to become the first person in his family to attend college.

During his high school career at Riverside, Ruiz-Nino participated in band, baseball and FBLA, was an ASB officer and was a member of the National Honor Society.

While participating in all of these activities, Ruiz-Nino continued to push himself academically, and when he graduates will have earned 57 college credits.

Ruiz-Nino said, "I

wouldn't be in this position, honestly, if it wasn't for the teachers and staff in Boardman. All the way from elementary school to now, all of them have pushed me to excel academically and they were always there to support me."

Ruiz-Nino is the recipient of a full academic scholarship at Stanford.

Principal Norton said he is extremely proud of Ruiz-Nino and what he represents. "Jose is an outstanding person. He will do anything he can to help others. He has spent countless hours volunteering in our community, and he brightens the room with his personality. Jose will be missed at Riverside, and we wish him the best of luck in his future," Norton said.

Summer reading program begins

The Ione Library District will launch their summer reading program on June 22. The program is scheduled to run on Tuesdays from 10 a.m. to noon for six weeks, until July 27. All children aged three and up are invited to participate and registration can be completed before any program.

The program meets at the Ione American Legion Hall or at the city park or the Howard Mullins Park, depending on the program and the weather. Craft and activity programs are planned around the theme "Reading Colors Your World" and prizes will be given for reading.

The first session will be held at the American Legion Hall and will feature Drag-

on Theater Puppet's presentation of Home-Grown Heroes. This 45-minute superhero themed puppet show is sure to delight kids of all ages. Later programs will include rock painting, a scavenger hunt, side-walk chalk drawing, creating a greeting card and other crafts and games. Border Collie International is scheduled to perform at the city park on June 29th. Bring chairs or blankets. If the weather is bad the performance will be held in the Legion Hall.

Check the Facebook page, Ione Library District, for updates or call the library at 541-561-9828. Their hours are 1 to 6 p.m. Monday and Wednesday, 10 a.m. - 5 p.m. Tuesday and Thursday.

Rietmann scholarships awarded

Three Bob and Betty Rietmann Scholarships for \$1,500 were awarded to Ione High School seniors during recent graduation ceremonies. The three recipients are Jessica Medina, Larysa Burrignt and Gennell Blakley

Jessica is the daughter of Martin and Obdulia Medina. Beside her academic achievements she was a member of the National FFA Organization where

she involved herself in chapter/district leadership. She was a member of the varsity basketball team where she was elected to the First Team All-League squad twice. She participated in track, softball and volleyball. Jessica was active as a community volunteer. She plans to pursue a degree in crime and justice at Oregon State University.

Gennell Blakeley is the

daughter of Jeannette Willman. She plans to attend Blue Mountain Community College to become a veterinarian technician. She was a member of National Honor Society and an FFA Club member. She played basketball, volleyball and participated in track as well as being active in a mentoring program for younger children.

Larysa Burrignt is the

daughter of Kimmery Burright. She plans to attend Oregon Institute of Technology, Nursing. She was a National Honor Society member and has been an active office holder in the school's National FFA chapter and participated in 4H during school years. She was a member of the Ione High School Varsity sports teams in volleyball, basketball and softball.

Port of Morrow Re:View

This is the first installation of a monthly review of Port news and activities. We look forward to bringing you the highlights each month.

The SAGE Center is now open. Summer hours are Monday through Saturday from 10 a.m. to 4 p.m. Students grades 3-6 are invited to join us this summer for SCIENCE FRIDAYS. These day camps will engage students in Science, Technology, Engineering, Art and Math (STEAM) where they will learn about water, soil, farming, pollination, energy, transportation and more. Registration is required and space is limited - so sign up at VisitSage.com.

Groundwork has begun on the installation of 1,900 feet of pipe for a new non-potable freshwater system at the South Morrow Industrial Park in Heppner. Also in Heppner, design work will begin on a 10,000 square foot flex space building on the east side of Highway 207. The facility will provide spaces for office and warehouse use. The investments are part of a long-term goal to create viable and attractive locations for industries throughout all of Morrow County.

Utility relocation will begin this summer along Marine Drive at the Port of Morrow as part of the \$19.4 million BUILD grant. Access to existing businesses on the east end of Marine Drive will be rerouted. The road will be closed to all traffic between Ullman Blvd. on the east and the Morrow County Vector Control building on the west.

At East Beach Industrial Park, construction is underway on a new flex space building that will offer two 8,000 square foot office and warehouse facilities. Construction has also begun on the latest data center. Additionally, two new projects are set to begin this year that will bring a steel manufacturing facility, specializing in robotics and custom fabrication, and an organic fresh pack produce

processing facility. The new businesses will contribute approximately 250-300 jobs to the region.

Additionally, Boardman Foods announced they will be breaking ground in early July on a 35,000 square foot freezer expansion at their Boardman location.

The quarterly Port of Morrow Re:View will be going digital starting with our summer edition. Follow the Port of Morrow on Facebook or visit the website for information on how to access the electronic version. Limited printed copies will be available at select locations throughout the county.
