The beast is the global one-world order

To the Editor:

"And I stood upon the sand of the sea, and I saw a beast rise up out of the sea, having seven heads and ten horns...And they worshiped the dragon which gave power into the beast: and they worshiped the beast, saying, Who is like unto the beast? Who is able to make war with him? (Revelation 13:1a,4)

The beast is the rising global one world order that is manipulating the Covid pandemic to bring every country in the world under lockdown control. The seven heads are the rulers and the ten horns are the ten global economic and political divisions of the beast world global system. The rulers of the beast system are changing and flaunting historic ordinances and laws (constitutions) to exercise power (mandates) to deny liberty and freedom to the citizens of the earth.

Who is like unto the beast? The beast controls the governments of the world: "all the world wondered (marveled) after the beast." (Rev. 13:3b) This is why the national media, Google, Facebook, the CDC, WHO, FDA, Dr Fauci, Obama/ Biden Administration and Democrat governors all support the beast driven Covid lockdowns, mandated vaccines, facemasks, and coming totalitarian control.

The dragon that gives power to the beast is Satan. Satan has deceived the kingdoms of the world "to make war with the saints." (Rev. 13:7a) The citizens of the world, primarily Christians, are in a war for survival, yet only a remnant understand and have ears to hear. Covid-19 is a man-made "gain of function" virus manipulated in Wuhan China under the direction of Dr. Fauci and the Chinese government. The world is in lockdown whether they have Covid deaths (New Zealand 50, Australia less than 1,000) or not. The beast media system has relentlessly and daily manufactured world Covid fear and panic to produce our current world police state.

The CDC's own website documents the deception. The survival rate of Covid-19: 0-19 (99.997%), 20-50 (99.98%), 50-69 (99.5%), 70 above (95%). The beast system in America will fire any govern-

ment, medical, teacher, private business employees, etc. in beast-controlled states (in Oregon D day is Oct. 18, 21) that refuse a Covid-19 flu shot. The lockdowns, business closures, terminated essential employees, will cause more deaths and citizen anguish than the man-made Covid pandemic. 19 Republican governed states in America have issued executive orders to ban Covid-19 mandated shots. Florida will fine any business that requires proof of Covid vaccination. America has become a nation divided. Dedicated, highly trained, highly educated, skilled professionals will be forced and/or fired from essential public and private vocations because of draconian flu shot mandated inoculations. Inoculations that Israel has documented to be 39% effective. Inoculations that the Mayo Clinic (August 11, 21) has documented to be 42% effective. Covid flu shots that the FDA has yet to document the ingredients.

This is exactly what happened in Nazi Germany. Compliance to this beast system will only bring more mandates, more lockdowns, more tyranny. In Morrow County we must support our teachers, medical workers and others that will not compromise their health or convictions to take this mandated jab. Even those that have taken the shot will be sooner or later mandated to take the coming boosters or new variant shots. There is no excuse for any Morrow County executive to terminate even one of our essential and dedicated employees. I exhort the county court and city governments to stand against this outrage against our very own citizens. We must stand united against any and all that would destroy our way of life and God granted liberty.

Put your trust in God, the God of our forefathers that we have forsaken as a nation. It is never too late to return, repent and seek forgiveness.

Unacceptable in the media

To the editor:

Back when I was an undergraduate at Eastern Oregon College I needed a humanities course to graduate. Journalism for journalism students fit my schedule so I took it.

The other students thought I was a journalism major. Halfway through the term they decided to help this poor ignorant country bumpkin. A group of them came to me and said: "Dick, you need to change your major. You are a conservative and a Christian and there is no way you can get a job in

the news media."

A conservative is someone who believes in the original American Dream of freedom to worship God, raise a family, and earn a living without government interference. A Christian is honor bound to tell the truth in all situations. Apparently, those things are unacceptable in the mainstream news media.

That was 1962. Look what has been hired by the mainstream media for the last 59 years.

Liberty, fear and freedom

To the Editor:

I have thought a great deal about the current situation we are in, as a community, and as a nation. What I would like to put out there is not details or debate about COVID, the illness or the vaccination, but more of what needs spoken of in our conversations and our life as well as taught to our children and our grandchildren.

We have all been through difficult times over the last (almost two years). In some form or fashion, this virus has affected us all. What I want to address is the subject of liberty, fear and freedom. Not only our freedom but also the freedom of our children, grandchildren, neighbors, friends, and family.

With fear there is no freedom, there is no liberty. Thomas Jefferson stated, "When the people fear their government, there is tyranny; when the government fears the people, there is liberty." He goes on to say, "If people let government decide which foods they eat and medicines they take, their bodies will soon be in as sorry a state as are the souls of those who live under tyranny." "The greatest danger to American freedom is a government that ignores the Constitution".

What I challenge all who read this is to stand against fear, and to feel confident to stand for what is right, to not allow our rights, our freedoms, and our choices to be taken away. If we lose our freedoms, we will not get them back. Does this directly affect us here in our small communities? Yes indeed. There is no safe place if our freedoms are taken

away.

President Lincoln said in his Gettysburg address, "...the government of the people, by the people, for the people, shall not perish from the earth." We now have a President that addresses the nation with "... It is not about freedom, it is not about personal choice." However, it should be, that is our right. I have heard people say, "Let's just get this over with, it is no big deal and I just want things to go back to normal." I am sorry to say if we lose our freedom, our personal choice, we will never go back to what we had. Once the government realizes how easy it was to manipulate through fear, there will be a next step, and a next...

You may think that I am anti-COVID or anti-vaccination. I am not. There is a virus and my stance has always been, if you want to wear a mask, wear a mask. If you want to get the vaccination, please do. If you do not want to get the vaccination, that is your choice. I hold no ill will either way. What I believe is that we should have a choice. We should not be forced (threatened) to get a vaccine. Lastly, be kind to each other, support each other, and stand with each other. Remember, we hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the governed.
