

~ Letters to the Editor ~

The Heppner Gazette Times will print all letters to the Editor with the following criteria met: letters submitted to the newspaper will need to have the name of the sender along with a legible signature. We are also requesting that you provide your address and a phone number where you can be reached. The address and phone number will only be used for verification and will not be printed in the newspaper. Letters may not be libelous. The GT reserves the right to edit. The GT is not responsible for accuracy of statements made in letters. Any letters expressing thanks will be placed in the classifieds under "Card of Thanks" at a cost of \$10. Email to editor@rapidsolve.net or upload to Heppner.net.

## Booster is a bad decision

To the editor;  
This column is written to a dear friend and many like him who are about to take a COVID booster. This letter will explain why that would be a bad decision with major serious and sometimes fatal adverse events that have been kept from the public. Many have accepted one of the multiple COVID vaccinations because they had been persuaded they were protecting their loved ones, or the vaccination would protect them from Covid 19 or the vaccination would buy them freedom, save the world and end the pandemic. When none of those promises were kept now they are told you will only contract a mild case of COVID, but trust us and take the booster, save yourself, the world and reap the freedom not afforded to the unvaccinated.

The prophet Daniel interpreted King Nebuchadnezzar's dream: "And whereas thou sawest Iron mixed with miry clay; they shall mingle themselves with the seed of man." (Daniel 2:43). They- are the Kings (rulers) of the earth at the end of the age (now). The seed of man is your DNA/ RNA, your blood line, your heritage.

The COVID 19 vaccine "is accomplished by packaging the mRNA into lipid nanoparticles (LNP)." (CDC March 5, 21) "There is no regulatory requirement for nanoparticles to face new health and safety testing or environmental impact assessment prior to their use in commercial products." (Wikipedia.org. regulation of nanoparticles) Nanomaterials are effectively unregulated; "there is no regulatory requirement for nanomaterials." (en.m.wikipedia.org>wiki) The mRNA COVID vaccinations are what the Bible calls "a strong delusion, that they should believe a lie." (2 Thess. 2:11b)

Nanoparticles can be dangerous for three reasons. "Nanoparticles may damage the lungs... This may help create free radicals which can cause cell damage and damage the DNA." (ohsrep.org.au>nanotech) In addition nanoparticles can be toxic because of the size (one thousand times smaller than the width of a single hair) "they can easily cross the blood brain barrier." (sciencedirect.com >pil) Nanoparticles can mix with the seed of man (Daniel 2:43) because they "could pass through the nuclear pore and get transported into the nucleus where they could interact directly with DNA. These nanoparticles may also bind to the DNA and potentially

cause all kinds of damage." (sciencedirect.com> pil)

Public Health and Medical Professionals for Transparency (PHMPT) have sued the Federal Drug Agency (FDA) to discover what is really in these COVID vaccinations and boosters. The FDA, which authorized emergency use of the vaccines in 108 days, has asked the judge for 75 years to provide the same data to the public. The FDA claims they do not have the manpower to provide data to the public of the ingredients in the vaccines. PHMPT responded "it is dystopia for the government to give Pfizer billions, mandate Americans to take its products, prohibit Americans from suing for adverse events, but yet refuse to let Americans see the data underlying its license." (Austin County News Online Dec. 8, 21)

There is a nefarious reason Pfizer, Moderna, Johnson and Johnson, CDC, FDA, Dr. Fauci, etc. do not want the general public to know what is in their vaccines and have made sure current legislation, like the Cures Act of 2016, does not require the nanoparticles in the COVID vaccinations to be labeled. For that reason, the insurance industry will not insure any medical product with nanoparticles. The insurance industry considers the medical use of nanoparticles similar to the liability of asbestos. The CDC, AMA, FDA, NHI, WHO, big pharma, etc. have deceived the general public regarding the medical purpose, danger and capacity of nanoparticles. According to the patents issued to Chinese and Pfizer/Moderna (Bill Gates and Anthony Fauci) these nanoparticles can be used for making 'semiconducting single walled, carbon, nanotubes' (SWCNT) with the capacity to deliver spike protein gene therapy with graphene (magnetic) biomarkers. These carbon nanotubes are capable of targeting specific areas and can be medically monitored with bio markers. That means those with the COVID vaccines potentially can be monitored and tracked through multiple nanotechnology's, i.e., Quantum dot: A.

There is a reason why the government is pushing the emergency COVID regulations, and it has nothing to do with public safety. Our county commissioners (except Jim Doherty) have compromised our liberty and way of life to take the money on the table. Remember that the next time a ruler tells you, don't blame me.

Stuart Dick, Irrigon

# Heppner seniors named to 2A all-state football team

Jace Coe

Brock Hisler

Blane Mahoney

All photos by Damon Brosnan

The 2022 senior class is known for leaving their mark on Heppner football, but the legacy has been further cemented as six of those seniors were named to the all-state football team. Of the three teams constructed from the best 2A players in the state, Heppner saw four defensive first-team selections, three offensive first-team selections, two offensive second-team selections and one defensive second-team selection.

The Heppner players

are Brock Hisler, first team running back and first team linebacker; Jace Coe, first team wide receiver and first team defensive back; Conor Brosnan, first team offensive line and first team linebacker and Blane Mahoney, first team defensive line. For second team Kason Cimmiyotti, second team wide receiver and second team defensive back and Toby Nation, second team offensive line.

Along with the all-state team selections, Brock Hisler was selected as the de-

fensive back of the year. This award included all linebackers, cornerbacks

and safeties. It is a huge honor for the players to be selected for all-state.

## Sheriff's Report

The Morrow County Sheriff's Office has released the following information:

**November 28:** Morrow County Sheriff's Office received a report on NW Washington Ave, in Irrigon. Caller advised it looks like someone shattered a window at this residence.

-MCSO received a report on Kangaroo Court Ln, in Irrigon. Caller requesting contact in regard to issues with his back neighbor's dog. Dog came over to his yard and attacked his dog. Dog is back in its own backyard. Under investigation. Citation issued.

-MCSO received a report at Heppner Mobil & Circle Kon N Main St., in Heppner. Caller is requesting male be trespassed from the Mobil for verbal harassment. He is no longer on scene.

-MCSO received a report on Meadow Loop, in Boardman. Daughter is 22 and is having mental issues; last spoke to her at 0130 this morning and her location showed near Spray. Caller is requesting contact to discuss his options and file a missing person's report.

-MCSO received a report at N First St/Columbia River, in Irrigon. Caller advised there is black Nissan Sentra with CO plates with 2 occupants in the vehicle that moved the barricade and parked down by the river. Warning.

-MCSO received a report on I 84 E, in Boardman. Caller advised that a White Semi truck with Maine plates with a trailer that has the name Vanner on the side is driving erratically and failing to maintain lane. Unable to locate.

-MCSO received a report on Hoop N Holler Ln, in Irrigon. Caller advised that there are two small pigs running around in the area headed towards the elementary school. Unable to locate.

-MCSO received a report at Willow Creek Rd,

Heppner. Cows out by feed lot. Two on feed lot side, one on the opposite side of his house. MCSO made contact with owner, they will be getting them in.

-MCSO received a report on Se Ninth St, in Irrigon. Two houses to the north of the Caller they are playing loud music and rattling his windows. Unable to locate.

**November 29:** Morrow County Sheriff's Office received a report at Se Utah Ave/Se Brandon St, in Irrigon. Vehicle Nissan Sentra, lives on Brandon speeding and gunning it on Utah.

-MCSO received a report on Highway 74, in Heppner. Caller advised she picked up 3 dogs- one Rottweiler and 2 of their puppies near this location. Caller has them in her vehicle and would like to meet a deputy in Heppner to get them. Transported to pet rescue.

-MCSO received a report on Se Utah Ave, in Irrigon. Silver Ford F150 4 door, sped down towards tenth St.
