Support Lindsay for commissioner

To the editor; We are writing in support of Melissa Lindsay for Morrow County Commissioner. We have seen firsthand how committed and passionate Melissa has been in support of Morrow County. She works very hard to represent all the people of this county. Melissa first served on the Morrow County Planning commission for many years. Her dedication led to running and being elected for Morrow County Judge. She has twice been elected by the State's County Commissioners for treasurer on the Association of Oregon Counties and is being appointed to Oregon's Local Officials Advisory Committee. She has always given her time and served on many boards and committees such as:

- Local Public Safety Advisory
-Greater Eastern Oregon Economic Development
-Community Action Program of Eastern Oregon,
-Eastern Oregon Women's Coalition,
-Morrow County Cultural Collation,
-Lower Umatilla Basin Ground Water Quality Management,
-Community Counseling Solutions.

As you can see Melissa works to keep herself educated and involved on ever changing issues and how they will affect us locally. We hope you will join us in voting to reelect Melissa Lindsay for Morrow County Commissioner. Sincerely, Lori and Wayne Seitz Heppner, OR

The Great Reset

To the editor: At the end of our age, Bible prophecy articulates an amazing revelation of events. "But thou, O Daniel, shut up thy words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased... Many shall be purified and made white, and tried; but the wicked shall do wickedly: and none of the wicked shall understand; but the wise shall understand." (Daniel 12:4, 10)

The world as historically understood will unravel at the end of the age. Western democracies are now ruled by emergency decrees, not historic liberty based on Constitutional freedom going back to the Magna Carta in Great Britain. The COVID pandemic has been planned by the elite rulers of the New World Order to establish political and economic control of virtually every nation on planet earth. The purpose of these worldwide lockdowns and liberty eroding mandates is to set the table for the "Great Reset." These tables of the Great Reset: "unfettered immigration, travel restrictions for otherwise legal border crossing, the Federal Reserve unrestrained printing of money (worldwide) and subsequent inflation, increased taxation, increased dependence on the state, broken supply chains, the restrictions and job losses due to vaccine mandates, and the prospect of personal carbon allowances." (Michael Rectenwald, Hillsdale College, Dec. 21) The world is inevitably advancing toward a digital electronic cashless money system (President Biden 4/10/22) where the governments of the world will be able to monitor and police every financial transaction. "Who is wise, and he shall understand these things? prudent and he shall know them?" (Hosea 14:9)

The "Great Reset" is contingent on what the elite N.W.O. autocrats call the Fourth Industrial Revolution- or 4-IR for short. The 4-IR marks the "convergence of existing and emerging fields, including Big Data, artificial intelligence, machine learning, quantum computing, genetics, nanotechnology, and robotics." (Rectenwald, op. cit.) The 4-IR is the definition of "knowledge shall

increase." (Dan. 12:4) The wise and prudent understand the 4-IR knowledge will include internet algorithms that will: 1) feed users prescribed news, 2) eliminate censored information, 3) consign those that resist to internet jail, 4) search by 'keyword' for dissidents, 5) track and trace COVID and digital violations, 6) government policies to identify the non-compliant, 7) smart cities where residents are monitored, surveilled and recorded, and 8) data collection (Amazon centers) where every word, action, deed is collected, stored and collated for your digital identity and social credit score. The 4-IR social credit score and digital identity has been perfected in China. COVID emergency and digital mandates are being implemented in order to bring China style Marxist Communism to America (if we continue to capitulate) and the rest of the world under the banner of progressivism.

"The 4-IR seeks to accelerate the merging of humans and machines, resulting in a world in which all information, including genetic information is shared, and every action, thought, and motivation is known, predicted and possible precluded. Unless taken out of the hands of corporate-socialist technocrats, the 4-IR will eventually lead to a virtual and inescapable prison of body and mind." (Rectenwald, op. cit.) China has perfected the credit/social score, digital identity virtual prison for its imprisoned citizens and this beast system is spreading like a metastasized cancer throughout the world with Austria, Australia and New Zealand next in line.

The book of Revelation describes the 4-IR as the 'beast system' that "would both speak, and cause as many as would not worship the image of the beast should be killed. And he caused all, both small and great, rich and poor, free and bond, to receive a mark in his right hand, or in their foreheads." Rev. 13: 15b,16) The wise and prudent have been forewarned to avoid the coming 4-IR beast world system. "By faith Noah, being warned of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by the which he condemned the world and became heir to the righteousness which is by faith." (Hebrews 11:7) Those that have faith and prepare to endure to the end will have the knowledge and power to prevail against this 'beast system.' (Matt. 24:13)

Candidate withdraws from commissioner race

Jonathan Tallman, who filed as a candidate for Morrow County Commissioner Position 2 on March 3 has withdrawn from candidacy. According to Morrow County Clerk Bobbi Childers, his reason for withdrawing was "crowded field and I don't want to run against an incumbent.

I think it would be a waste of money." Melissa Lindsay and Jeff Wenzholz remain as candidates for the position. Position three still has three candidates, David Sykes, Gus Peterson and Mike McNamee. The primary election will be held May 17, 2022.

Arrest made in Morrow County shooting

Beehler was taken into

custody Thursday, March 10 without incident and is lodged in the Umatilla County Jail. He was charged with one count of Murder II (felony) and one count of misdemeanor probation violation. Total bail has been set at \$500,000.

The Morrow County Sheriff's Office was assisted by the Boardman Police Department, Umatilla Police Department, Hermiston Police Department, Oregon State Police and Umatilla County Sheriff's Office.
