# National Forests move to Phase A Public Use Restrictions

Due to increased fire danger and dry weather conditions, Phase A of the Public Use Restrictions (PURs) for smoking, off-road travel, and chainsaw use went into effect on the Umatilla and Wallowa-Whitman National Forests on Thursday, July 28, 2022.

Phase A is the first level of wildfire-prevention restrictions, generally implemented when the fire danger is moderate to high. PURs are phased in as conditions warrant and may differ from Forest to Forest. Restrictions under Phase A include:

- Chainsaws may be operated only between the hours of 8 p.m. and 1 p.m. local time. A one-hour fire watch is required after saw operations cease. Saw operators are required to have an axe (minimum 2 lb. head, 26" length), shovel (8" wide, 26" length), and fire extinguisher (minimum ABC 8 oz.) in their possession.
- Smoking is allowed only in enclosed vehicles, buildings or cleared areas.
- Vehicle travel is allowed only on roads and trails that are clear of standing grass or other flammable material. Off-road or off-trail vehicle travel is not allowed, nor is vehicle travel on National Forest roads where access has been impeded or blocked by earthen

berm, logs, boulders, barrier, barricade or gate, or as otherwise identified in the Fire Order.

The public is also encouraged to be careful with campfires when recreating in dispersed and developed campsites. Forest officials recommend the following campfire safety precautions:

- Campfires should be in fire pits surrounded by dirt, rock or commercial rings and in areas not conducive to rapid fire spread. All flammable material shall be cleared within a three-foot radius from the edge of the pit and free of overhanging material. Use existing pits wherever possible.
- Campfires must be attended at all times, and completely extinguished prior to leaving.
- Anyone with a campfire should have a tool that can serve as a shovel and at least one gallon of water, so they will be prepared to completely extinguish the campfire.

The public's awareness of the increasing fire danger and cooperation is essential to a safe fire season. Recreationists, firewood cutters, hunters, and other forest users can all help by closely adhering to restrictions, operating safely and cautiously, and keeping up-to-date on the latest orders and regulations.

**NEW LISTING!**  
  
**\$275,000**

Secluded amongst its own stand of mature trees is this unique 3 bedroom 2 bath Heppner home. There are two lots included: the main home is on .42 acres, but wait! it comes with a bonus 1.1 acre lot right behind, also with trees. You wont find one like this for sale in town. Has a partial furnished basement that exits out to the back yard, and there is a deck for summer barbeques and a small insulated shop with power to it. Includes appliances and a riding lawnmower. Let's go take a look.
