

Special help night August 9 for all your fair entries

Calling all talented individuals in Morrow County. The Morrow County Fair is fast approaching, and as the fair manager, "I am thrilled to extend a warm invitation to everyone to participate in this year's festivities. We are aiming to make this fair a true celebration of our "Treasured Traditions," and we need your help to make it happen," says Manager Sue Gibbs.

From garden produce to beautiful flowers, from stunning artwork to intricate needlepoint, from homemade canned goods to mouthwatering baked treats, and even fresh eggs straight from the farm - we want to showcase the incredible talents and skills of our community members. The fair is the perfect platform to display your creations and receive the recognition you deserve.

"To make the entry process easier for everyone, I have arranged a special help session on August 9th from 5:30 to 7:30 at the fair office," says Gibbs. During this time, knowledgeable individuals will be available to provide guidance and assistance on how to enter your items in the fair. Instead of bringing the actual items, we kindly request that you bring a list of what you intend to enter. Our dedicated helpers will be on hand to assist you in pre-entering your items, ensuring a smooth and efficient process.

As an added incentive for those who pre-enter their items, we are holding a special drawing for gift certificates to enjoy the delicious fair food. Each day, several lucky participants will be randomly selected to receive these fantastic prizes. So not only will you have the opportunity to showcase your talents, but you might also be rewarded with a delightful culinary experience.

The Morrow County Fair is

a cherished annual event that brings our community together, and your participation is crucial in making it a resounding success. Whether you are an experienced exhibitor or a first-time entrant, I encourage you to take this opportunity to share your skills, passions, and creations with your fellow community members.

"Let's 'stuff' the pavilion with an impressive display of talent and creativity," says Gibbs. Mark your calendars for August 9 and join us at the fair office for assistance in entering your items. Together, let's make this year's Morrow County Fair an unforgettable celebration of our Treasured Traditions.

GOOD LUCK PARTICIPANTS!
