

FAIR MANAGER IS APPOINTED

The directors of the Multnomah County Grange Fair association held an all day meeting in Gresham yesterday. At this meeting the plan of work was thoroughly outlined. A F. Miller was appointed general manager, with the understanding that he is to spend much of his time between now and the date of the fair in working up and arranging for the exhibits it is possible to obtain, not only will he plan for agricultural and livestock exhibits but a special effort will be made to get some first class machinery men to make a display of their goods and show them in actual operation.

The main building will be painted at once and an attractive arch built at the entrance with side gates for footmen. Over the arch will be painted in large letters, Multnomah County Grange Fair.

September 21st will be designated as Farmer's and Grange Day. H. J. Lewis, T. R. Howitt and W. A. Proctor have been appointed as a special committee to take charge of all arrangements and attend to details. They will probably secure some prominent statesman to speak on that day.

September 22 will be known as Fraternal Day and E. L. Thorp, Emil Kardell and F. H. Crane will make a special effort to get some of the teams from Portland lodges to represent the various orders on that day.

Saturday, September 23 will be Portland Day and the special features for this day are in the hands of T. R. Howitt, D. M. Roberts and J. J. Johnson of Portland Sunday, September 24, will be Baby Day and R. W. Gill, A. F. Miller and Theo. Brugger have the difficult task on their hands of entertaining all the babies in Multnomah county that day. An effort will be made to get the services of the children's band of 28 pieces.

Plans have been made to advertise this fair far and wide and by means of posters and cards and printed matter, the outlook for a big display along all lines and a record attendance for all four days was never better.

The Arnold shows will probably be engaged to furnish amusement for the crowds in addition to ball games and races.

Bend has a gold stamped. Gold having been found in paying quantities. Every one is on the hunt and many claims have already been staked out.

CHICKEN RAISING PAYING BUSINESS

C. C. Miller, the chicken king of Glenn county, California, claims a net profit of \$10 a day from 1600 hens. He figures that his hens bring him about \$16 per day and that it costs \$6 to feed and care for them.

But this profit is aside from the income from his sale of chickens. He has 3200 chickens on the ranch, of which number 600 are roosters, 1000 pullets and 1600 laying hens.

While figuring his net profit on eggs for one day, Miller remarked that recently twelve carloads of eggs were shipped in one day from Coffeyville, Kans., for California and wondered why that state, with all its advantages for chicken raising, could not furnish its own chickens for home consumption.

His figures for feeding net only his 1600 hens, but his additional 1600 pullets and roosters are as follows: He fed the whole aggregation 152 pounds of wheat, which costs him \$2; 165 pounds of barley at an expense of \$1.80; stale bread, which cost 20 cents; 100 pounds of meat and bone, ground, at a cost of \$1; ten pounds of corn worth 13 cents. In round figures the day's expenses were less than \$6. And he sold in his home town (Willows) sixty-two dozen and four eggs at 26 1/2 cents a dozen, net. The income, in round figures, was in excess of \$16.

The Centennial celebration will have an added interest for delegates to the League gathering and Astoria, known far and wide for its hospitality, will make a special effort to entertain the Leaguers.
