The time is short for getting that exhibit in shape. Pick out the best you have and bring it in or notify the secretary.

Don't overlook the boy and girls in planning the exhibits from your farms. The prizes in the Juvenile department are attractive, boys and girls should compete for them. If you are in doubt about anything see the secretary or the superintendent of the Juvenile department.

B. F. Rollins is putting in a new modern show window in his confectionery store, thus making his place more attractive.

Earl Thompson has just wired Ben Haney's house for electric lights.

E. F. Todd and Earl Thompson have installed the big 15-horse power motor at the Gresham Feed mill. Soon the noise and danger of the engine will cease. The mill is a busy place and is well patronized.

A special meeting of the milk producers has been called to meet in Gresham Saturday afternoon. Important business will be taken up in reference to buying feed. A large attendance is desired.

The Mt. Hood railway is putting on several coaches this week. They are leased for a short time. The company's new coaches will arrive from the East in a few weeks.

O. Thomas has passed around a few samples of a pear grown near his place which is supposed to be a seedling and is about five years old. The fruit is two weeks earlier than the Bartlett, is finer grained and a very delicious fruit. Mr. Thomas wants a name for this new pear. Having sampled the fruit we suggest, Gresham Sweet, Early Cream, Bartlett, Jr., Thomas Pride or Outlook Early.

A temperance drama will be given in Metzger's hall, this evening, entitled "Broken Fetters." Given by a musical class of young people for the benefit of the cause. It should interest everyone. See particulars elsewhere.

Miss Minnie Lawrence is taking Miss Mamie Hoss' place in the printing office at Lents during the illness of the latter's mother.

Mr. and Mrs. Victor A. Randall of Ortonville, Minn., arrived Tuesday night to visit with A. R. Lyman and family. Mr. Randall is a cousin of Mr. Lyman and county auditor of Big Stone county, Minnesota. They have been making a tour of the Northwest, visiting relatives at points in Idaho, Washington and Oregon. They left this morning to return to Seattle where they left their children with a sister of Mr. Randall's. Mr. Randall likes the western country very much and thinks quite seriously of embarking in some business enterprise in the western states when his term as county auditor expires.

The W. H. M. S. met with Mrs. Chas. Oliphant Wednesday afternoon. The ladies assembled at the M. E. church where conveyances were provided. A very pleasant time and successful meeting are reported. Lunch was served and the day immensely enjoyed by all present. Next meeting at the home of Mrs. Roy Kern.

Mr. Dudley has taken the place of Chas. Summers as section foreman at Gresham.

John Brown, though an insurance man, and carrying a heavy policy on his life, as well as accident insurance, has his troubles just like common folks. He had an accident at Pleasant Home recently in which he nearly lost both eyes. His accident policy will come as an eye salve and heal the wounds. His latest trouble is to be subpoenaed on the grand jury. Here is a field for a new kind of policy. Just insure the business man against this kind of trouble and he will be happy.

Mrs. W. E. Wood was called to Bull Run yesterday.

The Mt. Hood railway is having a large well dug near Hood avenue where its supply tank will be located. This will probably furnish the depot with water temporarily until Gresham's water system is put in.

What Makes a Successful Bank?

The desire to please will not alone suffice.

Banking is a study of service.

The confidence of the public is the best gained and held by keeping it well informed as to the condition of the bank. We refer you to statement showing condition of this bank printed in this paper last week.

A bank should be run in the interest of all those entitled to its service and not in the interest of any group of men. Such is the

FIRST STATE BANK as its growth signifies.
