

FAIR DIRECTORS ARE PLEASED

A directors meeting of the Grange Fair association was held at the Bank of Gresham Monday afternoon, with seven directors and Secretary Kardell present. The directors were D. M. Robrets, T. R. Howitt, H. A. Lewis, J. W. Townsend, Theo. Brugger, A. F. Miller, and F. H. Crane. A. F. Miller acted as temporary chairman.

This being in all probability the last meeting of the directors before the annual stockholders' meeting in December the affairs of the association were gone over carefully and all matters closed up for the year so far as possible. Bills were allowed to date.

The secretary made a complete financial report to date. His report will be found elsewhere. It shows nearly five hundred dollars on hand after allowing for all bills that are known to be outstanding.

This is considered good considering that there was nothing on hand to start with and only \$250 was received in outside help from the county, which is half the amount received each of the two preceding years.

It was decided to include in the call to the stockholders for the annual meeting the proposition to change the name to Multnomah County Fair. It is said the directors are unanimous in favoring this and it will undoubtedly carry.

W. F. McKinney was present and entered a protest against an award on a stallion. An oversight of the judges was recognized and Mr. McKinney was awarded first prize.

The directors have started work on the new premium list, which they expect to thoroughly revise and issue early in the year.

The directors are feeling good over the success of the recent fair and are determined to bend their energies toward making a greater fair next year.

Dated, Oct. 16, 1911.
E. G. KARDELL,
Secretary.

The fall season is now on. Have you provided for your fall and winter reading? The Outlook will keep you well informed on home affairs. A good city paper in combination with the Outlook will furnish you with all the news.

BIG RALLY S. S. WORKERS

An important gathering of Sunday school workers will be held next Friday evening, October 20, in the First Presbyterian church, Portland. Dr. John H. Boyd will speak on "The Scope of the Modern Sunday School." Prof. Frederick E. Chapman, director of music in the public schools, will outline a plan for the coming May Musical Festival to be given by the county Sunday school.

Webber's Juvenile orchestra will give a popular concert at the meeting Friday night.

This is to be a grand Sunday school rally, concluding the county institutes which have been held during the past month, one of which was held at Gresham.

The First Presbyterian church is located at the corner of Twelfth and Aldre streets. Persons going from this locality can easily get the 10 o'clock car for home arriving at Gresham at 11 p. m.

CHAS. MERRILL GETS A BRIDE

Miss Gertrude Ruhl, daughter of Mr. and Mrs. Henry Ruhl, of Gresham and Chas. Merrill were married in Oregon City Saturday at the Baptist parsonage, Rev. S. A. Hayworth officiating. The ceremony was witnessed by Miss Vada Elliott and Babe Elliott, cousins of the bride. The couple left on Saturday evening train for Salem, and Sunday came to Gresham. They will leave here for Bend, Oregon, tomorrow, where Mr. Merrill will have charge of the Packard Motor Company's business. The Outlook joins with a host of friends in wishing them a long and happy life.

GRANGERS WANT MARKET

Gresham Grange held its regular meeting last Saturday with a good attendance. Some business and degree work was attended to in the morning and all enjoyed one of those good grange dinners at noon.

In the afternoon at the lecturer's hour the chief topic for discussion was the city market question. On this, the master, H. E. Davis, H. W. Snashall, W. B. Parsons, Theo. Brugger and others took part. All seemed to favor an East Side city market.

The subject of grange representation was talked on but action was deferred till the next meeting. The general program had been received and the lecturer, Mrs. D. W. McKay, announced that she would assign the subjects there presented. The November program will be in charge of Ceres and the hall will be decorated in appropriate style.

Reduction! Buy Now!
November 1st, Hessel will move his implement store from the present location to the new building between the Harness shop and Osburn's Blacksmith shop, opposite Shattuck & Lindsey's Department store. If in need of anything in Farm Machinery, Buggies and Wagons, we will make a reduction in price before removing. Please call at Hessel's old store during the month.

The concrete sidewalk has been completed around the town property at the corner of Powell street and Roberts avenue. The old buildings are being cleared away, and a valve house is under construction for the water connections.

The contract for the valve house was let to The Jacobson-Blade Company. The valve house will contain the valve, meter and pressure regulator. It will be of concrete, 4 1/2 by 10 1/2 feet and all under ground. Connections are being made with the old pipe line, the new having been tapped some weeks ago. So that once the town water system is in there is no likelihood that the water supply will be shut off.

Our people should give hearty support to the churches and make it possible for them to do a larger and better work. It does not speak well for a community if its citizens are indifferent to moral and religious work. With four good churches, in our midst, representing slightly different phases of religious thought and activity, no one need be without a church home.

GOOD FRIENDS, BRING EXHIBITS

A showcase has been placed in the Portland, Railway, Light & Power company's depot at First and Alder, for displaying the products of the various points of the line. Gresham is included in this and is given an opportunity to make attractive exhibits. Mr. R. F. Walters, of the O. W. P. Land Company, is taking pains to see that Gresham is duly represented and is making attractive displays of whatever he can get.

Mr. Walters says there is need of fruits, vegetables, grains and grasses from this district. He also wants photographs of stock, feed and farm scenes and views of our city.

There may be those who could contribute these direct, or through the Commercial club. The attention of the club will be called to this matter at the next meeting Wednesday night, this week. Also The Outlook will undertake to deliver to the right parties any articles left at the office for this purpose.

Every citizen should take pride in making and keeping up the best possible general display of our products at not only the above mentioned place but at such other places as are available. Among these are the Commercial club rooms at Gresham. The club should furnish a case and jars and arrangements for preserving and displaying fruit and vegetables, grains and grasses, so that new comers and strangers can be shown what the country will grow and, more important still, that as a community we are not dead but alive and letting our light shine.

73 TO 0! ORIENT, TRY IT AGAIN

The first foot ball game of the season for eastern Multnomah was played on the Gresham grounds last Saturday between the Orient school boys and Oregon City highs.

The game was rather one-sided, in fact, very much so, very much so indeed. From the score as given it was 73 to 0 in favor of Oregon City. It is surmised that it was a walk away as well as a walk over for the victors. It was only a practice game, however, and will not count toward the winning or losing of the international pennant. This feature of it is very fortunate, very fortunate indeed.

Mr. Quicksall, the principal of the Orient school is to be commended for interesting the boys for his school in outdoor athletics and arranging this little test of their ability and strength. The boys have doubtless learned that it is training that counts in mental as well as physical achievements.

Mr. Quicksall says that the Orient team played excellent ball considering that half the team had probably never seen a football game. The Oregon City team showed from the beginning that their weight and experience was far too much for the lighter team.

The Oregon City team, which was in charge of the principal, H. F. Pfingston, was as follows: c. Gault, l. g. Quinn, r. g. Beattie JJ and Waldron, l. t. Rother, r. t. Dambach, l. e. Graves, r. e. GSheahan (Capt.) Frederick, q. b. Wilson and Canfield, f. b. Michels and Sheahan, l. h. CCanfield and Beattie, Chas. r. h. Cross.

Orient team—Center, r. g. Bramhall, l. g. Hayworth, r. t. Stone l. t. Brown, l. e. Cutsker, r. e. Elliott, q. b. Hoover, f. b. Harris, l. h. Nelbauer, r. h. Johanson, subs. Hilliard, Stone and McKinney, referee, Johnson, umpire, Mass, linesman, Brown, timer, Morris.

Historic Paper for O. A. C. Library.

A copy of the New York Herald of April 15, 1865, announcing the assassination of Lincoln, has just been presented to the library of the Oregon Agricultural college. This old newspaper, brown with age, is in excellent preservation. The front page is, of course, heavily black-leaded, in mourning for the death of the president. Other material of great historic importance is found in the descriptions of the surrender of southern armies, Jeff Davis' last appeal to his followers, and the surrender of the chief army of Juarez in central Mexico.

This is a good time to send in your name for a live, twice-a-week newspaper. Splendid combination offers of you want a city daily or weekly. The Outlook.

NEW BUILDING HAS 'EM GUESSIN'

Work was begun this morning on the concrete work for the new building about to be erected by the First State Bank. Whether more than the basement will be completed this fall is rather uncertain as the bank seems to be depending on the weather and the weather at this season of the year is somewhat of an uncertain quantity. A little later in the season that quantity will be quite certain of being a wet.

This building will be, when completed, two stories high, a brick veneer, and basement under the entire building except where the bank will build new vaults. It is the plan to extend the store room now occupied by Fred Fieldhouse's jewelry store back far enough to make it 45 feet in length. This extra space is needed very much by Mr. Fieldhouse. The bank quarters will be enlarged so as to give about 20 feet more room along the west side of the present quarters, thus providing office and vault space which is much needed.

But what is puzzling the brains of the business men of the community is the question of what is to be done with the balance and by far the greater part of the structure. All sorts of rumors and speculations are afloat. Meanwhile, President Meyers sits calmly by his typewriter and smiles at them all. Smiles because each one seems afraid that some gigantic monster with great claws and a capacious maw will be allowed to come up in the night through that great hole that has been dug in the ground and devour them all. The Outlook is scared nearly to death for fear another printing office will be established. The undertaker is about to offer coffins at reduced prices to deplete his stock. The general stores would like to form a combine to fight the monster. The hardware men are likely to "bust a boiler." The meat market is improving the quality of its sausage and the apothecary shop is low in spirits. The two hotels on either side look at each other now across the intervening open space and see in this new rival the death of their highest ambitions.

Even the mayor and town council can't stop it if they know what to stop and the place will be so large that it is likely to develop into a great department store which will cut prices and reach out with its tentacles to suck in or throttle every other business in town.

All these horrid night mares and visions haunt the dreams of our now too numerous (?) business men. Arouse, ye men of Gresham! Get you down and ferrit out this monster before he destroys your business, your homes and your income, wake up and enlarge. Let the world know you exist. Make things fairly howl with your energies and finally when all is done that can be done and no stone has been left unturned to draw the trade to Gresham which is hers by right of natural location, then we say just join hands with any legitimate business and give it a hearty welcome to Gresham—welcome it as a profitable addition to and trade winner for the town—an attraction which may not only bring enough new business to the town to more than support the new institutions, but also leave a good picking among new customers for every other business in town. Don't be a knocker.

RESOLUTION OF CONDOLENCE

Whereas, in view of the loss sustained by the death of our friend and brother, Peter A. Dalley, and of the still heavier loss sustained by those who were nearest and dearest to him. Therefore be it

Resolved, That it is but a just tribute to the memory of the departed to say that in regretting his removal from our midst we mourn for one who was in every way worthy of our respect and regard.

Resolved, That we sincerely condole with the family of the deceased on the dispensation with which it has pleased Divine Providence to afflict them, and commend them for consolation to Him who orders all things for the best and whose chastisements are meant in mercy.

Resolved, That this heartfelt testimonial of sympathy and sorrow be forwarded to the family of our departed friend and brother by the secretary of this lodge.

Committee, W. H. Johnson, D. M. Roberts, Roy Gibbs.
