# WHAT OF THE FUTURE?

Now at the threshold of 1912, consider what this year and the years to come will bring you.

Twenty years from now, when your earning power has become less, when you will not be as free as you are now, will you be giving orders or taking orders?

Will you be working for another man or will he be working for you?

If you start an account with this bank at the beginning of 1912, 1912 and all the years to come will bring you many opportunities.
