It is likely this congress will change the date of presidential inaugurations. The agitation has been going on for some years, but it appears about to be crystallized into action. March 4 is altogether too inclement for the ceremonies that must naturally attend such an event. The proposition now is to place the inauguration on the last Thursday in April.

The Outlook is on the lookout for subscriptions, advertising and print-Phone 701.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural healthy action. For sale by Gresham Drug Co., and all dealers.

S. T. Crow and Roy Winters made a trip to Corbett Sunday to call on Jack Cole, Mr. Winter's brother-in-law.

But be sure to come. You will not be disappointed. The exhibit is worth the small admission and the funds all go to help the school buy suitable pictures.
