"The Linotype Way is the Way that Wins."

Entered as second-class matter March 3, 1911, at the post office at Gresham, Oregon, under the act of March 3, 1879.

## CHINESE REPUBLIC.

There is something suggestive and inspiring in the circumstance that the imperial edict which frees four hundred million Chinese from Manchu rule was consummated on February 12th, a day so significant in the history of American freedom and republicanism. The Chinese are very different from us but many conditions will serve to bind them to us. The dawning of the new era in China is more significant than can be imagined. It is tremendous in its importance. Having come about so quietly and unexpectedly it takes concentration of thought to make it seem possible. We think it should be considered the greatest single event in the world's history during the past century at least. The United States will certainly extend the glad hand to republican China and as in the past aid her in all possible ways.

The fair board is to be commended for its decision to exclude Sunday from the fair date. The last two years have not shown that to hold the fair on Sunday is a financial success or otherwise necessary or best. Now let everybody boost for the Multnomah County Fair.

State Superintendent of Public Instruction Alderman has written to the secretary of the Multnomah County Fair that his office will assist in making this year's fair the biggest and best ever held here. He says:

"I am planning to encourage industrial work among the public schools of the state by offering inducements to the children to exhibit what they raise or make. The State Fair Board is going to double its prize list for children's exhibits, over \$1000 being available for this purpose at the next State Fair. The breeders of the state are offering liberal individual prizes for thoroughbred animals. You can see that there will be ample inducement for the children to exhibit extensively at the county fairs. To aid the children to get started in this work a man will be started out from this office in the spring."

Why should not the glorious stars and stripes float from our schoolhouses every school day? What could better foster the spirit of education or of liberty?

We are glad this good roads agitation is on—any kind of a movement is better than none, but we believe that of all those proposed the plan being advocated by the grange is the best and most feasible in the end.

Our Washington neighbors believe in advertising the resources of their state. Oregon may well follow their example. Governor Hay who last year established "Booster Day" has issued the following proclamation: "Whereas, The advertisement of the resources of the state is a most important factor in securing development and progress; and

Whereas, All citizens by united effort can most effectively make known the extent and nature of the state's resources;

Now, therefore, I, M. E. Hay, governor of the State of Washington do hereby name Monday, February 26, 1912, Booster Day, and I recommend that on that day every citizen purchase some made in Washington article and send to friends in the eastern states a postal card, a newspaper clipping, or pamphlet setting forth something of the opportunities here for settlers and investors."

## Shall Gresham Have Colors?

We all admire the man who is loyal to his country—his state—his town. On the other hand we despise the one who fails in these regards. We call him a traitor—a knocker. We have no time for him. The wearing of a badge, button or color is only one expression of loyalty and not only serves to show to strangers where one belongs, but has the effect of establishing and increasing one's loyalty. It is good to know that our children and young people are being encouraged along these lines, and it is refreshing to read the following from some of our Gresham high school girls who have been thinking of these things. Sure enough Commercial club men! Take it up. Make it a matter of interest to the high school and the whole community. Get the spirit!

"We are wondering why the Gresham Commercial club doesn't decide on two colors which might be called Gresham. All towns of any size have them, namely: Portland, Camas, Hood River, The Dalles and Wasco, along with many others. Our high school has had colors from the beginning and why hasn't the town? Portland has her colors and when festival time is on everyone there is proud to wear a pink and green badge or cap. We have our fair each year and when one goes in the pavilion no two colors can be claimed by us and the hall is usually trimmed in Portland colors. Now why can't the colors be Gresham's? We would love to wear badges, etc., during that week at least, to show our citizenship. Any two colors, if of the right hue, are pretty and if the Commercial club would just get the colors—why when an entertainment, banquet or the sort is given, the hall would be decorated with them. If a field meet is held here next spring, as is rumored, had not the entries for Gresham ought to have her colors?"

There may be two colors which Gresham claims, but if so, they are not widely claimed and known. So get the spirit, Commercial men!"

The Oregon State Christian Endeavor society has just closed a splendid convention at Salem. It was decided to hold the next one at Klamath Falls.

### Garden and Flower Seeds.

A. W. Lafferty states that he has been allotted 22,000 packages of garden and flower seeds and that he is going to send out to the people right away. Last year only a few packages were available, but reports received from Portland families show that they grew splendidly, and were of the latest, hardiest and best varieties. Each package of garden seeds contains five smaller envelopes in which are enclosed as many different varieties, but as the combinations are already made up at the Agricultural Department they cannot be changed in any instance.

**50,000 Bulletins for Boys and Girls.**  
 An edition of 50,000 copies of the 32-page bulletin on industrial contests for Oregon boys and girls will be issued shortly from the Oregon Agricultural College printing plant, and one sent to every child in the state who is eligible to the contests. A prize list, not yet completed, already holds five prizes for each class in all of the various competitions. The first prizes include Shetland ponies, Jersey and Holstein calves, Southdown, Shropshire, Cotswold and Lincoln sheep, Poland China, Berkshire and Duroc Jersey pigs, Scotch collies, and chickens of various breeds, as well as other valuable awards. The second prize in each class is \$6, the third \$5, the fourth \$4, and the fifth \$3.

The Outlook will visit a relative or friend for you 104 times during the year, brim full of news. Isn't that worth something to you?

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure of colds. It can always be depended upon. For sale by Gresham Drug Co., and all Dealers.

## MARY'S COLD.

Mary had a little cold  
 That started in her head,  
 And everywhere that Mary went  
 That cold was sure to spread.

It followed her to school one day,  
 (There wasn't any rule);  
 It made the children cough and sneeze  
 To have that cold in school.

The teacher tried to drive it out;  
 She tried hard, but kerchoo!  
 It didn't do a bit of good,  
 For teacher caught it, too.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by Gresham Drug Co., and all Dealers.

Our merchants are enterprising if they would not advertise. Our readers who read and follow up the ads.
