Nurserymen, as well as others who wish a thorough knowledge of trees and shrubs, will be interested in the new course in dendrology started last week at the Oregon Agricultural College by Prof. F. L. Flint of the landscape gardening department. In it he is laying special emphasis on the native Oregon shrubs which, though grown wild here, are nevertheless sold for good prices in the east, where they are used effectively in landscape gardening.

Did you see that strange phenomenon this morning in the eastern sky? Mt. Hood stood out in clear outline against a bank of crimson clouds. ## Shrub Shower for Mrs. McKay

Two weeks ago one of the topics for discussion in Gresham Grange was on the planting and culture of the lawn, and some of the suggestions made at that time were carried out by some of the lady members last Friday afternoon and a happy surprise was given the lecturer, Mrs. D. W. McKay, when these ladies descended upon her with a shower of shrubs and plants, also baskets of good things to eat.

Among the collection were some rare shrubs and choice roses and altogether Mrs. McKay has at least \$10 worth of shrubbery and flowers with which to beautify the lawn of her new home at Fairview, and to remind her as she enjoys their beauty and fragrance, of friends who are very dear.

Mrs. McKay has served very faithfully and efficiently in the different offices of Gresham Grange for a number of years, and is held in high esteem by all connected with this Grange. The afternoon was most enjoyably spent in music, conversation and partaking of the good things provided by the refreshment committee.

The Woman's Home Missionary society held a very successful and profitable meeting at Mrs. L. L. Kidder's last Wednesday afternoon. The hostesses were, Mrs. H. M. Miller, Mrs. J. Clananan, Miss Gilbert and Mrs. Kidder. Twenty-seven members were present. Three new members were added. The president, Mrs. W. H. Bachmeyer, was not present having been called to Portland to meet a national officer to complete the plans to be started for the new work in Portland. Mrs. Geo. F. Hopkins presided in the absence of the president.

That Home Missionary work is rapidly becoming one of the leading thoughts of the day, is proven when Miss Marion Oliver, daughter of the Assistant Secretary of War, and Miss Helen Taft, teach in one of the missions instructing the poor women and children in making of garments and cooking of food, and are often seen with a colored women carrying a basket filled as they go from house to house among the poor families, setting an example to our American girls that would bear imitating.

Said Shiftless Sam: "It is easy enough to make money if you have money to make it with. I see chances every day to make money if I only had a little stake to start with, but a fellow that has no capital doesn't have a fair shake in this world."

Said the Wise Old Owl: "Ygu never will have a stake until you start. Stop your spending and try saving. Pinch out a little of your earning and start a bank account no matter how small. Add to it. The longer you put it off the longer opportunity will give you the cold shoulder." Which one was right, Sam or the Owl?
