 "The Linotype Way is the Way that Wins."

Entered as second-class matter March 3, 1911, at the post office at Gresham, Oregon, under the act of March 3, 1879.

BEN SELLING THE RIGHT MAN.

The candidacy of Ben Selling for the nomination as United States senator, to take the place occupied by Jonathan Bourne, Jr., is formally announced. Mr. Selling has been getting ready for this announcement for some time and he has been encouraged by thousands of friends. Mr. Selling is a man of practical affairs, not theories. He is a good clean republican, not a politician. He is a thorough Oregonian and stands for the best in the Oregon system. We look for him to make a sweeping campaign and not only secure the nomination on April 19, but the election in the fall.

Mr. Selling tells in his declaration what he will stand for and try to accomplish if elected.

If I am nominated and elected, I will, during my term of office, uphold the Oregon system; support tariff revision with justice to labor, producer and consumer; larger appropriations under continuing contracts for Oregon's rivers and harbors; local Federal land courts for speedily determining settlers' rights; administration of forest reserves in the interest of our people; return of Oregon's reclamation fund; immediate development of Alaska's resources under Government control; pensions for deserving veterans; Federal regulation of corporations; an elastic monetary system free from Wall street influence; graduated income tax; Presidential primaries; direct election President, Vice president and United States senators; free canal for American ships; parcels post; oppose special interests; ship subsidies.

VIEWING TO BUILD UP OREGON.

Now Oregon must grow. The proposed opening to settlement of 800,000 acres by Louis W. Hill, and 200,000 acres by Wm. Hanley, of good agricultural lands in the heart of Eastern Oregon should bring 100,000 settlers to that part of the state in the next five years. This is just the class Oregon wants—producers, men who can develop the splendid resources of the state. Oregon can furnish the soil, the sunshine, the water. The markets are here or near at hand. The means of transportation are here or on the way. Now for the men to do the work. No better chance is offered anywhere in the world.

The next meeting of the Central Oregon Development League will be held at Lakeview, August 20-22. This date was fixed by a conference of representatives of the Lake View Commercial club, the Oregon Development League and the Central Oregon Development League. Plans are being formed to take 400 business men from Portland and other parts of the state to Bend by rail and thence to Lakeview by automobile, returning via Medford. Plans are being made to make the Lakeview meeting memorable.

A. B. Conrad has handed us copies of the Wayland News, published in Wayland, Iowa. Mr. Conrad's old home. J. Dolph, editor of the News, is the oldest editor in the state of Iowa in active service. He is 83 years of age, is in good health and looks forward to many more years of work in his chosen line. He has been in newspaper work for the past thirty years.

Commercial Club Lecture, March 4.

Since Miss Kearney entered the lecture field, she has risen to be one of the most logical, brilliant and popular orators in the nation. She has spoken in the largest auditoriums of three continents, and has addressed assemblies of various natures: Women's Clubs, Church Conferences, State Legislatures, many leading Chautauquas, national and international conventions of the Woman's Christian Temperance Union, and many others.

Oregon's First Irrigation Congress.

Oregon's first state Irrigation Congress, which met in Portland, February 19-21, closed with the unanimous opinion that it was one of the most important and representative gatherings ever held. One hundred and fifty-six delegates were in attendance from all sections of the state. It accomplished the chief objects for which it was called. The many interests which have been working separately for or against government, the Carey act and the private projects have been brought together. They are now united in an organization which will endeavor to secure the passage of legislation that will offer every possible aid to the prompt development of all irrigations projects and at the same time project to the fullest possible extent the rights of the settler.

The official announcement by E. G. Hopson, project engineer, that the Secretary of the Interior would proceed with the completion of the Umatilla project and would care to protect all vested land and water rights was the principal piece of good news divulged at the congress. The statement was preceded by a telegram from President Taft saying that he would endeavor to accord justice to Oregon and give to it its just share of the reclamation funds.

The resolutions adopted by the convention included a petition to congress asking for an appropriation of \$15,000,000 a year for a series of five years for the construction and development of feasible irrigation projects, and that Oregon be given her full share in accordance with the provisions of the original Reclamation act, which apportioned funds for such purposes in proportion to the amount contributed by the sale of public lands.

The congress also favored the enactment of legislation that will, as far as possible, give the control of the various irrigation projects into the hands of the settlers, the men who have, eventually, to pay all bills. It also contemplates the organization of irrigation districts and the financing of the obligations of development, after the manner of municipal improvement district.

Other resolutions favored the perfection of the present system of water titles, enactment of legislation to protect the settler against fraud and urging the investigation, by the legislature, of the Kansas law which permits an official scrutiny of the assets and resources of people who file articles of incorporation.

The work of the Oregon Development League in concentrating its efforts to place people on the land, as opposed to city development, was commended. The irrigation of the large territory tributary to the John Day river was also favored. The officers elected were: President William Hanley, of Burns; C. C. Chapman, of the Oregon Development League; Wm. J. Mariner, of Blalock, and M. J. Lee of Canby, vice-president; T. J. Hinkle, of Hermiston, secretary-treasurer.

Control of 800,000 acres of agricultural and timber land in the heart of Eastern Oregon, passed last week into the hands of Louis W. Hill, president of the Great Northern Railway. This land is the last of the unsettled area in the western part of the United States. It was originally known as the Willamette and Cascade land grant and contains some of the best portions of Crook, Harney and Malheur counties. It was to be the basis for a bond issue. The bonds were issued, the road built and the bonds found their way into the hands of French capitalists who refused to throw the country open for settlement. Associated with Mr. Hill in his new enterprise is W. P. Davidson a St. Paul capitalist who has been actively connected with the Oregon and Western Colonization company. It is the plan to throw this whole territory open to immediate settlement.

Neighborhood Orchard Demonstrations.

Neighborhood orchard demonstrations are to be conducted on the Reed orchards near Estacada by Prof. C. I. Lewis and R. W. Rees of the division of horticulture of the Oregon Agricultural College, Thursday, Feb. 29, in which they will show the fruit growers of the district the proper methods of pruning, spraying, and caring for the orchards in spring.

EMIL G. KARDELL, Secretary. First publication, Feb. 13; last publication, March 5.

Kitchen Weights and Measures.

The following valuable table of weights and measures for kitchen use has been prepared by the domestic science department of the Oregon Agricultural College.

Three teaspoons equals 1 tablespoon.

Twelve tablespoons (liquid) equal 1 cup.

Sixteen tablespoons (dry) equals 1 cup.

Two cups equals 1 pint.

Two tablespoons butter equals 1 ounce.

Four tablespoons flour equals 1 ounce.

Two tablespoons granulated sugar equals 1 ounce.

Two tablespoons liquid equals 1 ounce.

One square Baker's chocolate equals 1 ounce.

Juice of one lemon equals three tablespoons.

Four cups of sifted flour equals 1 pound.

Two cups granulated sugar equals 1 pound.

Miss A. B. Milan, assistant professor of domestic science at the Oregon Agricultural College, has been asked to give addresses to the high school students of both Salem and Oregon City the first week in March.

Assisting Horse Breeders.

Prof. E. L. Potter, of the animal husbandry department of the Oregon Agricultural College, in his capacity as secretary of the State Stallion Registration Board, has issued to all owners of stallions or jacks in the state a letter in which he offers to keep on file in the office of the board a list of all such animals as are for sale, provided that they are properly registered.

The purpose of the board in establishing this list of registered animals for sale is to encourage still further the raising of well-bred horses. From time to time in the past there have been inquiries as to a place of purchase by men interested in breeding good animals. Already the board has a list of considerable size from which prospective purchasers may choose. The service to both buyer and seller is entirely without fee.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by Gresham Drug Co., and all Dealers.

List of Letters.

The following list of letters remain uncalled for in the Gresham postoffice for the week ending February 25th, 1912:

Shattuck & Lindsey

Gresham's Big Department Store, on Main Street

LET US RAISE YOUR SALARY

Every man takes two steps that have, perhaps, greater bearing on his life than any others he may take from childhood to old age. The first is when he decides on what vocation he is going to follow. That is a very important step, but it is not even half so important as the step he takes when he decides HOW he is going to prepare himself to follow that vocation.

If you want to be SUCCESSFUL in any line, THOROUGH PREPARATION is ABSOLUTELY NECESSARY. There is no better way to prepare for success than by taking a course in the INTERNATIONAL CORRESPONDENCE SCHOOLS. The history of our students is a history of success. We can furnish you with recommendations from thousands of students and from numerous of the leading educators of this country that prove conclusively that we can do all we claim, and more. If you have ambition and desire to better your condition, write for information and literature on any course you may be interested in.

FRANK S. DUFFY, Representative
 233 Alder St., Portland, Oregon
