

# THE C. C. STORE GRESHAM

## A Progressive Store in a Progressive City

### Is Now Ready for Business

As a little introduction to the people of Gresham and vicinity we want to say that this house is connected with the C. C. Stores at Vancouver, Wash., and Oregon City, Ore.

Our Goods are bought in the East by a buyer of many years' experience who goes there and makes his own selections. Our method of doing business in all of these stores is to sell goods for cash and shake this money in the face of the men we buy from. As proof of the wisdom of our business policy we only ask you to watch our business grow.

We have come to Gresham because we believe the people of this vicinity are entitled to a store that is run on modern business principals--that is, a dollars' worth of goods for a dollar. We will leave it to you to judge whether or not we are giving you such values. We are going to carry as complete a line of Dry Goods, Notions, Hats, Shoes and Gents' Furnishing Goods as is possible for us to carry and we hope you will come in and see what we are offering and get our prices.
