

FAIR SUP'TS ARE CHOSEN

The directors of the Multnomah County Fair met yesterday afternoon and took important action in a number of particulars relating to the coming exhibit. Those present were, A. F. Miller, R. W. Gill, E. S. Jenne, Theo. Brugger, Lewis Shattuck, H. A. Lewis, E. L. Thorpe, D. M. Roberts, Chas. Cleveland, C. M. Lake and Secretary E. G. Kardell.

Superintendents were chosen for the various departments of the fair as follows:

Agriculture, J. W. Townsend.
Horticulture, H. A. Lewis.
Floral, R. W. Gill.
Livestock, Chas. Cleveland.
Milk and Butter, H. G. Mullenhoff.
Poultry, J. E. Windle.
Domestic Science, Mrs. O. A. Eastman.
Art, E. L. Thorpe.
Juvenile, Theo. Brugger.
Superintendent of Grounds, A. F. Miller.

The concession for the dancing pavilion was sold to E. L. Thorpe. H. A. Lewis withdrew from the committee on Driving association and Chas. Cleveland was put in his place.

It was supposed that a new date for the fair would be chosen, but after careful consideration the board favored the date already decided on and announced. These dates are, September 11 to 14.

A special committee on Premium List was appointed, consisting of Gill, Kardell, Lewis and Shattuck, to arrange for publication of the premium list.

The directors will meet again on March 18th.

THINKS LAFOLLETE THE RIGHT MAN

If there is any one in the vicinity of Gresham who has any question about Mr. LaFollette being the logical candidate for the best interests of the masses of the people of this country, all he has to do is to ask some Greshamite from Wisconsin, of which there are many, about his constructive work in Wisconsin.

During my sojourn in the Middle West I was in Wisconsin many months each year, being at the Madison capital when the vested interests were fighting him on every principle for the welfare of the people of the state, and am frank to state that no man has aspired to the candidacy of President with any cleaner record for the interests of the people than Robert LaFollette.

Not only is he a statesman but he is a constructor of such legislation as the people are constantly fighting for. He has been the means of enacting the best laws of Wisconsin for the betterment of good government than any state in the Union, and I am assured that the many people from Wisconsin who have taken up their homes in Gresham will only be too glad to support him. Let us not only support him but let us get out and work for his nomination.

O. W. TARR.

Surprise Party on Mrs. Townsend.

Mrs. Thos. C. Townsend was given a surprise party on Saturday evening, March 2, in honor of her birthday. Cards and music were indulged in until a late hour. Prizes were won by Miss Norma Hundley and H. E. Davis. Those present were, Mr. and Mrs. Geo. Sieret, Mr. and Mrs. H. E. Davis, Mr. and Mrs. Ed. Roberts, Mr. and Mrs. F. E. Beckwith, Mr. and Mrs. F. C. Hodge, Mr. and Mrs. S. E. Toepelman, Mrs. J. F. Roberts, Mr. and Mrs. T. C. Townsend, the Misses Beatrice Butler, Norma Hundley, Viola Dinger, Daisy Smith and Messrs. Pateneau and Wade.

Mrs. Townsend was the recipient of many beautiful and costly presents.

The Outlook is on the lookout for subscriptions, advertising and print-Phone 701.

For

Top buggies, open buggies, hacks, carts, old Hickory and Bain wagons, all sizes, call at Hessel's, Gresham, Oregon. Right treatment, right goods, right prices.

The Outlook wants your news, your ads, your subscription, your printing.

Pleasant Valley

Frank Snuffin has had the Home phone installed in his home. They now have both phones.

Miss Pearl Jones, formerly night operator at the Gresham telephone station, was a caller at Mrs. Harvey Lawrence's and other friends Friday afternoon.

Mrs. James Johnson of Rockwood was a caller at Mrs. E. S. Jenne's on Saturday.

Miss Ava Thompson of Gresham was entertained at dinner by Miss Alma Middleton last Friday evening.

Mrs. Otto Warnake was a caller at the Snuffin bungalow last week.

John Middleton and family of Sunnyside Wash., are visiting at the home of Geo. B. Middleton this week. They are on their way to their new home which he recently purchased at Tigard, Washington county. We all wish them every success in their new home.

Pleasant Valley Grange at its last meeting elected the following delegates to the county convention which meets with the Lents Grange Saturday, March 9, to elect delegates to the State Grange which will convene at Roseburg May 9th: Regulars—H. W. Snashall, Mrs. W. U. Moore, Mrs. Donley. Alternates—Mr. Grant Sager, W. U. Moore, Ernest Olson.

B. S. Franks, who is the leader and director of the one-armed orchestra which is composed of seven members, all of whom have lost their right hand by meeting with an accident has just signed a contract with the managers of the Orpheum circuit for a six years' trip around the world. They are booked as Head Liners on the bill. Their act lasts 30 minutes and is a scream from start to finish. They played at the New Years midnight matinee at the Heilig. They have only been organized about eighteen months. All are accomplished musicians and the piano player is considered a wonder. They will play a week at the Orpheum in Portland before starting on their trip around the world. Mr. Franks' friends all wish him success, health and a safe return to his adopted county, as their will be no place like Oregon because it will be home. Congratulations!

Mr. and Mrs. Woodard and two children are visiting Mrs. Woodard's parents, Mr. and Mrs. W. B. Steele.

Master Benjamin Taudler and Ellis Fosgren of Sycamore are attending school in District No. 28.

Leslie Millard of Springfield visited with his sister, Mrs. J. Lynch, Monday.

Miss Ethel Shupe, our popular teacher, was a caller at Mrs. Wm. Hornacker last Tuesday evening.

Geo. Kenney, our genial road supervisor, had Fritz Mathias removing the drift wood from above the bridge at Jenne Station and floating it down stream. It mostly lodged back of Mr. Jenne's home and it would be quite an improvement if it was removed. If high water should come, it is liable to inundate Mr. Jenne's land and cause considerable damage.

Quite a number from this locality went into Portland last Thursday evening to hear the Hon. Wm. J. Bryan speak on the issues of the day at the "Gypsy Smith" temple.

Frank Finger, formerly with the N. W. Auto Co., but now representing the interest of the Crome Automobile Co., was a caller at Mr. Kronenberg's and Eugene Jenne's last Wednesday afternoon. We wish every success in his new quarters and undertakings. He is a man you can depend upon.

Mrs. Eugene Jenne and Miss Belle Beard were callers on the Regalls one day last week.

The invitation dance at Pleasant Valley Grange hall, March 2d, was well attended. Everything was serene and everybody, both young and old, had a good time. Lunch was served at 11 o'clock.

Much interest is shown in the weekly Wednesday evening meetings at the Grange hall. All are cordially invited, especially those who wish to speak on any of the various topics of the times.

Several lots have been sold in Cedarville recently, with future purchasers in sight.

H. W. Snashall visited with Fairview Grange Saturday, March 2nd. A very interesting debate on Single Tax by the local members, three on each side, was the main feature of the lecture hour. The discourse

showed that much consideration had been given the subject by both parties. It much be borne in mind that those in the affirmative had much the hardest task, as they had to be pioneers on the subject, while on the other side much of the argument was only a repetition or quotation from old established customs. However, both parties deserve much credit for the interesting way in which they framed their argument. We ought to have more of these discussions.

You'll Never Miss It.
That dollar and a half for the Outlook, one year; but you'll miss the Outlook if you don't subscribe.

LIBRARY SITE SELECTED

The joint library committees met yesterday afternoon at the library to decide finally on the site for the proposed building. There was a full attendance. A very careful consideration was given the proposed sites. In view of all the issues involved it was decided to buy the site for which subscriptions were already obtained. An option was secured on 30 additional feet on the east and also on the entire lot of 60 feet. This can be purchased later if necessary. The Portland committee as stated in last Friday's Outlook requested that the lot be enlarged somewhat. The action of the committee was made unanimous.

As no option had been secured on any other site and there was uncertainty in regard to making any of those suggested acceptable, it was not considered best to let the option on the Main street property expire.

The subscriptions already made are now due and payable at either of the banks, and should be paid at once so that the deal can be closed. Subscriptions are being asked for to cover the price, as arranged in the option which expires in a few days.

GRESHAM GIRLS WIN IN BASKET BALL

Last Saturday night was a propitious night for the Gresham basket ball girls who played against the Springfield girls, the game taking place at Estacada. The Gresham girls won 19 to 2. In the former game with the same players at Gresham the score was 18 to 2 in favor of Gresham.

The Gresham Amateurs played the Springfield "giants" and lost 31 to 16. The Springfield boys had things all their own way and walked over everything in sight. They are said to be big, husky fellows, some of them married men. Gresham lost to the same players on a former occasion, 16 to 15. Our boys were not in good practice, and though holding their opponents down in the first half of the game lost out in the end.

The Gresham Amateurs plan to give a dance in the near future to help themselves out financially.

Fire at Fairview.
Ding, ding, ding—Ding, ding, ding—Ding, ding, ding—It sounded like a fire alarm and greatly excited all who heard it, except those who had had a hunch that there was to be a fire drill. The boys' came running from all directions, twenty or more of them, and quickly getting hold of the ropes the two companies made a rush for an imaginary fire out on Powell street near L. P. Manning's. The drill was quickly over and the hose carts returned to their places. All this happened last night about six o'clock. The boys expect to do a lot of drilling during the spring and summer.

A meeting will be held tomorrow night in the Commercial club rooms to perfect the organization, and make definite plans for work.

Friday, March 15, Dr. Lowe of Portland well known optician, optometrist, will be in Gresham. Don't fail to have him test your glasses. Remember the day and date.

Rhubarb Roots.
Fine large mammoth roots for sale. Now is the time to buy and start the plants. 60 cents a doz. Mrs. E. M. Douglass, Gresham, Route 2.

The Best Bargain.
The Daily Oregonian or Evening Telegram and Outlook. We also combine with the Daily and Semi-Weekly Journal and Weekly Oregonian. Get our prices. Phone 701

Jenne Station

Spring blossomed out with all its glory at Jenne Station Sunday. Fully one hundred passengers got on and off the cars and roamed about the woods picking ferns and evergreens and it was most delightful to see the children wandering along Johnson creek watching and listening to the birds.

We are glad indeed to report that spring brings good tidings to the Lawrence household. Ted felt well enough last week to take his position at the piano and play an hour or so, something he has not done for a long time. Ted says if the sun keeps shining he will get out and help start the garden work.

Mrs. Henry Kummel spent two days in Portland last week with the children taking in the theatres, visiting friends and having a general good time.

Forrest Jenne gave a dinner party to several friends last week among whom were Floyd Metzger, Guy Jones and Kirk Thompson. The boys pronounced Forrest a good entertainer and enjoyed themselves very much and hoped he would soon take the notion to repeat the affair.

Dan McGraw has rented his farm and expects to spend a year or two traveling for his health. We are sorry to lose Dan for he was a live, wire and that's what we need in this section at all times.

The Ladies' Aid met last week with Mrs. W. W. Moore and had a very successful meeting. They served tea and planned their summer's work. The following ladies were present, Mrs. Ida Miller, Mrs. Parker, Mrs. Baker, Mrs. T. R. Berry, Mrs. Fred A. Lehman, Mrs. Charles Harrison, Mrs. Grant Sager, Mrs. Joseph Donelson, Mrs. Eugene Sylvester Jenne, Mrs. I. W. Butler, Mrs. Poppleton, Mrs. Gus Richey, Mrs. Martha Braswell, Miss Georgia Butler and Miss Mabel Stevens. The affair was a great success.

Mr. John G. Brady spent two days with his friend, Mr. Walter Metzler, the superintendent of the Spring Hill Farm.

John Lovestad, a graduate from the University Christiani of Norway, who has traveled all over this world, is assisting Walter Metzler for a time in a scientific treatment of some land preparatory to setting in some trees, roses and flowers of all kinds.

Dell Regal set out some more fruit trees this week and expects to start gardening with a vim, if the weather stays good.

We are pleased to report that G. H. Harman has sufficiently recovered to be able to make a trip to Portland with Mrs. Harman last week. He also set out several acres in strawberries since getting well.

Henry Kummel has added five acres of new ground to his farm and has just cleared and plowed same. This means work and that's what Henry knows how to do.

Charles Frazier, president of the Crescent Paper company, and his family were callers on Mr. and Mrs. Eugene Jenne Sunday, after which they all went out automobiling. They reported the roads fine.

Miss Nellie McKinley spent the weekend at her country home, returning Sunday evening feeling well for her visit.

Frank Marasco is making improvements all the time. His last move was to build a fine chimney to his little bungalow.

Alex. Franz of Linneman was a caller on the Regals Sunday.

Mr. and Mrs. John Mann and their son Maurice spent Saturday and Sunday at their country home, the Spring Hill Farm.

Jenne Station, we find has a very unique industry, in fact, the only one of its kind in the world, that is a guinea pig colony. Walter Metzler, the superintendent of the Spring Hill Farm is the foster father of a colony of 400. Mr. Metzler said the story "Pigs is Pigs" is only a dream while he says at times there seems to be enough about him at feeding time to use a shovel but as yet he only uses his hands. The pigs are bred and raised for the Oregon State Health Board and other physicians for the practice of bacteriology and other experimental work.

NOTICE.
Notice is hereby given to water users that all water bills are now due and payable at the Bank of Gresham. If not paid on or before March 10, the water will be shut off. By order of the Water Committee.

BRICK WORKS GETS CONTRACT

The Columbia Brick Works of this place has been awarded the contest for the brick for the new Reed College buildings in Portland. This will require about a million and a quarter brick. The order will be filled during the next few months. The machinery for the making of tile and hollow partition blocks is being installed and this addition to the works will soon be ready for operation.

The plant has been in constant operation during the past year, employing a full force of about 25 men.

This is one of the most complete and modern brick and tile making plants in or near Portland. The bank of clay at Hogan is almost inexhaustible and is of finest quality for red common and fire brick and tile. The kilns are kept continuously burning.

A. Klose, proprietor of the Columbia Brick Works, has steadily built up this plant to its present successful operation. Frank Olbrich is resident manager.

WATER USERS RECEIVE BILLS

The water superintendent, B. W. Emery, has read the meters for the first month's water and the bills have been made out. They are at the Bank of Gresham for collection. Water users are invited to call there before the 10th and pay or they may wake up the next morning and turn on the faucet and find no water.

It is said the users are to be let off easy this time. Instead of being charged the flat rate of one dollar all are charged for the amount of water used which come in most cases to less than a dollar. This is on account of many not starting in until after the first of the month.

A representative of the Portland Water Board was out and read the meter which supplies the town system. It registered 73,610 cubic feet. Allowance will be made from this total for about 40,000 cubic feet used in the test a few weeks ago.

So far as is known everybody is satisfied and happy over the use of Bull Run water, and it is not likely the first month's bills will cause anybody to change his mind.

BELIEVES IN EQUAL SUFFRAGE

A fair sized audience greeted Miss Belle Kearney at the Commercial hall last night. All who heard her were charmed with her personality, and greatly enjoyed her vivid portrayal of southern life in the old days and her discussion of present day problems.

The audience was convulsed at her impersonation of the negro. She advocates the cultivation of the large amount of virgin soil in the south and the building up of homes by Americans and the better class of Europeans. This will give an impetus to all industrial lines and tend to crowd the negro out into various parts of the United States, so that they will not hold the balance of power in any. General education of both whites and blacks will raise the standard of both. Lastly Miss Kearney advocates the giving of the ballot to women and making the right of franchise for all depend upon an educational test.

It is to be regretted that more did not take the opportunity to hear so famous a lecturer and one so well informed on one of the greatest problems of our day.
