Messrs. Milan Devlin and Johnson were at Sandy Saturday and Sunday.

Jerry Friel has been blasting stumps for Dr. Botkins the past week.

There is more trouble stirred up over the school acre by Mr. J. T. Friel, Sr., deeding the acre to the district after having deeded it to Roy Murray and wife several months ago. He seems to think this takes the blame off him for causing all the trouble but we think he has gone just a little too far as the future will show. It seems to us like selling a horse that does not belong to the person selling it. Following is a copy of a correspondence that was in the Oregon City Courier from this place last week, but the writer seems to have been misinformed as the present owners were not asked about the matter at all, and could not deed the same acre away even if they chose to as it was deeded to them in trust for the children:

County Superintendent of Schools T. J. Gary while here last week succeeded in having John T. Friel deed the acre of ground in which the schoolhouse sets to the district after having made arrangements for the owners to redeem the land to him. This is a satisfactory settlement of what threatened an ugly matter."

We think the best way to settle this dispute is for Mr. Friel to make out a new deed to the Murray's for the land not including the school acre and then they will cancel the old deed which was made out for the full forty acres.

Dr. Borkins went to Portland Monday to spend a few days.
