DAIRYMEN WANT COOPERATION OF PORTLAND CREAMERIES

FAIRVIEW March 12—The meeting of the Milk Producers' association held here last Saturday afternoon was attended by about forty dairymen. President H. E. Davis opened the discussion for the afternoon, which was along the line of co-operation of all milk producers for better results. Mr. Davis suggested forming an incorporation with some of the Portland creameries, whereby the majority of the stock would be controlled by the dairymen and Mr. Davis was elected, with authority to select two others to act with him as a committee, to confer with the different creamery companies of Portland in regard to co-operating with him. If this cannot be done, the dairymen propose to start out in business for themselves, on a small scale, if need be, but to be worked up to their ideal.

Such an incorporation would not only insure the dairymen better prices for their product, but would aid the consumer in getting fresher, purer milk and at a moderate cost. This committee is to report at a meeting to be held on March 22, in Davis's hall here. John Stricken was elected to solicit members for the association among the Columbia Slough dairymen. J. D. Mickle of Forest Grove, was present and addressed the meeting. Mr. Mickle strongly advised co-operation among all the dairymen over the state.
