REPORT OF GRAND JURY

The final report of the grand jury as given last Saturday makes very interesting reading, and should be carefully perused and considered by every citizen of the county. Especially should it arouse all voters to the necessity of placing in office men who will not only promise to protect the morals of the community, and execute the laws without partiality or graft, but who will actually fulfill their promises. The grand jury recommends that citizens rise en masse and "demand that the persons in charge of our affairs, turn in their emblems of authority, resign their places of trust and give over the offices to men worthy of filling the positions." It is found that gambling, prostitution and graft are being carried on to an alarming extent, that this is known to the police and to the officers in charge, but that they are blind to the facts.

We find, says the grand jury that the sheriff has been asked at the switch of duty, and roadhouses are running openly; liquor is being sold by the drink or by the bottle, regardless of license or permit; young girls and men are served with liquor at the bar and obscene dancing is indulged in without interference from the authorities.

These roadhouses are located within 30 minutes' drive, most all of them, from any part of our city. It is the duty of parents, so far as possible, to see and know where their boys and girls are taken in the so-called pleasure rides.

The conditions at these places are found, by actual observation on part of the grand jurors, to be appalling. The officers sworn to do their duty have done nothing to prevent this lawfulness. The ministers of the churches are urged to make the facts known. The grand jury would indict the mayor of the city and the sheriff of the county, but they are advised by the district attorney that there is no statute on our books by which they can be held for dereliction of duty.

The article in last Friday's Outlook regarding the change in the Mt. Hood line has called forth a great deal of comment. There is one point that has been criticized that is the apparent statement that it would be favorable to Gresham to run cars by way of Ruby to Linneman and in over the O. W. P. to First and Alder. While all agree with the sentiment expressed in the article as a whole, strong protest is made to this proposal. The people here do not want to go the round about way while there is a shorter route. If the Troutdale and Fairview cars could be run to Montavilla as is suggested why not the Bull Run and the Pleasant Home and Gresham cars? Undoubtedly the company has many problems to solve in these matters. The people do not want to be unreasonable neither do they think the company, as a public service corporation, should be too arbitrary, but should favor its patrons all that is possible.

Republican congressmen will play the Democratic congressmen a game of baseball at the League Park, Washington, in May of this year. Representative Lafferty, of Oregon, has accepted an invitation from the committee in charge to play on the Republican team. The game last year was played on August 7th, two days after certain Portland newspapers gave Lafferty an avalanche of unfavorable notice, and the Republican nine paid Lafferty the compliment of electing him captain of the team when it met upon the field.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by Gresham Drug Co. and all Dealers.
