

## VISITORS INVADE COUNTY FARM

FAIRVIEW, April 11.—Last Wednesday was appointed by the county court as an official day for inspection of the Multnomah Farm, but the date was later changed until June, until election time is over. The county officials did not wish to appear to be seeking votes by showing the results of their efforts at the new county farm, as Mr. Lightner said in his remarks made to the visitors on Wednesday. "We farmers never wish to appear as mixing in politics."

The change in the date of the inspection day made no difference in the reception given the crowd of sixty visitors who came in the afternoon, the most courteous treatment being shown them by Superintendent and Mrs. Jackson and the other attendants. About forty of the guests were members of Fairview Grange with their friends. Others came from Troutdale, Gresham and a few from the city. Words of commendation and praise of the perfect order and cleanliness found all through the Home, were freely spoken by the visitors. The dormitories, bath rooms and lavatories, sitting rooms, offices, dining room, kitchen, bakery, all located in the main building. The tubercular hospital, the power house, where are located the laundry and the dairy, and the stables were all visited and the same spotless cleanliness was found everywhere. In the dormitories are from 10 to 50 single iron beds and chairs. The clothing is all kept in a room where each person is provided with a locker.

The bedridden patients are mostly given separate rooms. The two main floors are provided with several bath rooms, wash rooms and toilets. The dining room, on the main floor is large, airy and well lighted and is furnished with a number of long tables covered with white oil cloth. The dishes are heavy white china.

Between the dining room and kitchen is a large room fitted with sinks, drain boards and shelves, where the dish washing is done by the inmates. A man cook is employed. The food is mostly simple but wholesome.

In the basement under the kitchen is the bakery where from 150 to 200 loaves of bread are baked daily in a large dutch oven.

The meat is partly raised on the farm and when bought is gotten in large quantities, a cooling room being established in the basement.

The broad spacious porches on three sides of the building on both floors provide a pleasant place for the patients to sit in warm weather.

There are about 250 inmates in all of whom seven are women and the remainder men. The women have a separate ward and dining room. There are at present about thirty who have their meals served in their rooms. In the tubercular hospital there are about twenty patients of whom three are women.

In the Farm there are 197 acres, all of which will be cleared and all be in cultivation, except two acres of park, within a few weeks. Two acres have been fenced in for garden and all kinds of early vegetables have been planted and are thriving here.

There are 500 strawberry plants and other small fruits in proportion, besides a good sized orchard. Grain, hay and potatoes in quantities sufficient to largely supply the requirements of the Home will be raised on the Farm. The grounds around the buildings are nicely laid out and sown to grass. A concrete walk runs entirely around the building. Shrubs and plants are planted along the walks and in beds.

A pretty little park of small fir trees, located just northwest about twenty yards from the building is being cleared out by the inmates, and tables and benches will be put here for the benefit of the inmates during warm weather. A board walk runs from the Home to the electric depot.

The water supply found on the hill on the south part of the Farm is inexhaustible. Here are located the three large reservoirs, one of them alone supplying the usual needs of the Farm, the other two being held in reserve. A fountain donated by the steel and iron workers employed on the new court house, is

Continued on page 6.

## BAPTIST CHURCH MAKES GOOD YEAR'S REPORT

The Bethel Baptist church, closed its convention year March 31st, which is also the close of the first year's pastorate of Rev. F. M. Burtch. During the year the church has made decided gains in all lines. The pastor's report as it will appear in the Life Line includes the following items:

The church now has a membership of about 50, having received during the year 28. The average Sunday school attendance has been above 40. The Sunday school has shown a steady gain under the superintendency of Roy Shoemaker.

There has been raised and expended for all purposes the sum of \$1037.33.

Substantial improvements have been made. A new roof was placed on the church, the interior repaired, electric lights and baptistry installed. A cement sidewalk, 242 feet long was laid along the church property.

The church is entering hopefully on another year, practically free from debt.

## MRS. MC COLL APPOINTED

Mrs. McColl has received word from Representative A. W. Lafferty that he had recommended her appointment as postmistress of the Gresham office.

Class B—Ducks, \$2.50—Casper Junker.

Class A—Trio of chickens, \$4.—Sandy Grange.

Class B—Trio of chickens, \$2—Burmester and Anderson.

## ALASKA MAN VISITS HERE

A. F. Allen, uncle of Lewis Shattuck, of Ididerod, Alaska, has been visiting friends and relatives here, also in Portland and Seattle. He is from the most northern mining point in Alaska, being only 300 miles south of the Arctic circle, 350 miles off the Yukon. He has been 16 years in that locality and it has been 12 years since his last visit to this part of the country. He has been mining and prospecting and is now conducting a tinning and pipe works.

He left home the 8th of February and arrived at Cordova, the head of navigation, one month later. He traveled 1100 miles from camp by dog team, some days making 75 miles trotting behind the dog train. Lewis Shattuck took his uncle out by auto over the surrounding country and he was greatly delighted with this garden spot.

Mr. Allen will visit San Francisco before returning to Alaska.

## M. De Warremont.

Imported Belgian Stallion, owned by the Multnomah Belgian Horse association of Portland will be found at the following places: Buxton's barn, Troutdale Mondays and Tuesdays; Leland's barn, Gresham, Wednesdays and Thursdays; W. Hillyard's, Pleasant Home, Fridays and Saturdays; Sundays at Jas. Pounder's, Corbett. E. M. Canniff, manager. 21

## CAPTAIN WELCH MEETS FRIENDS HERE AGAIN

Capt. H. U. Welch and A. Y. Beach, deputy assessors, are in this locality taking the property valuations. Mr. Welch has served as deputy for about fourteen years and has been assigned to duty in this locality every year. He is captain of Battery A. Field Artillery, O. N. G., and is a member of the governor's staff. Last spring he was detailed by the government to attend the maneuvers at San Antonio, Texas, where he witnessed the extensive maneuvers of the militia regulars. He is one of the best known men in the Oregon National Guard, of which he has been a member about 20 years.

Mr. Welch is well known as an assessor and his commanding presence inspires awe wherever he goes. He is one of the most jovial men, however, and is not forgotten.

Some of his friends wonder why he did not come out for county assessor but Mr. Welch is loyal to his chief, Mr. Sigler, and says he is sure to be re-elected. Mr. Welch has served under three assessors and hence it is presumed he can hold his position if he desires who ever is elected.

## MISS HONEY HERE MONDAY

Gresham people will be given another chance to hear Miss Henrietta Beatrice Honey, next Monday night, April 15, at the M. E. church. While a large number heard her recital a few months ago, it is certain that a still larger number will avail themselves of this second opportunity. Miss Honey is a graduate of the Northwestern School of Oratory, Chicago and combines with her excellent training, graceful delivery and a vivid interpretation of human feelings. Several musical numbers will be included in the program, which follows:

Old Seth Peter's report of Daniel Webster's speech, (Foss) Miss Henrietta Beatrice Honey.

Solo, Miss Grace Hessel.

The Last Days of Pompeii (Lytton) Miss Honey.

Solo, Mrs. Jennie Oswald.

The Sleeping Car (Howells) Miss Honey.

Solo, The Vale of Dreams (Johann Schmid) Miss Viola Mathews.

The Battle of the Strong (Parker) Miss Honey.

Trio, The Winter is Past (Ashford) Miss Echo Jones, C. W. Albertson, Jackson Jones.

The Book Agent (Herford) Miss Honey.

**You'll Never Miss It.**  
That dollar and a half for the Outlook, one year; but you'll miss the Outlook if you don't subscribe. Paid Advertisement

## COUNCIL MUST GET PERMIT

An adjourned meeting of the city council was held Tuesday night at which the special business under consideration related to the extension of the water mains for users in the new territory included in the limits and also for those outside of limits who want water.

The city attorney, F. L. Everson, was asked to look up the matter of supplying water to persons outside the city limits and gave it as his opinion that the city could not legally do so without the permission of the water board of Portland. The section of the contract relating to this subject is as follows:

"That in consideration of the covenants herein contained to be kept by the party of the first part (Gresham), the party of the second part hereby agrees to install a connection between said pipeline and the water system of the city of Gresham, and to furnish a supply of water to said city of Gresham for domestic use and fire protection at the rate and upon the conditions herein after designated."

The council ordered an additional 1500 feet of 4-inch main, the same to be laid on Powell street west extending as far as in front of J. C. Hessel's new house. This will enable several homes in that locality to connect. The work will be done at once.

Permission will be asked of the water board to supply several families outside the present limits.

## MR. ADDIS URGES EVERYONE TO TRY

Now that Mr. Dammeyer has offered prizes for the most attractive lawns and front yards why not everybody try to win? Whether you win or not the beauty and attractiveness that you will add to your place will well compensate you for your trouble, and help make Gresham famous for its beauty.

If there is anything that Portland needs it is a quiet, beautiful residence suburb. It already has its manufacturing and industrial suburbs, which is all well enough in its way, but, oh for a community where every yard is a flower garden and greensward greets the eye, instead of only paved streets, cement walks and houses. Of course we must have houses, walks and streets, but it is far better to have lots of room between the houses, and between the houses and sidewalks, with grass growing green, and flowers blooming in the sunshine and filling the air with fragrance, than to set the houses so close together as to preclude this.

Let everyone plant a border of flowers by their walks, the good old fashioned flowers that our grandmothers grew in profusion, and set out beds of dahlias, cannas and geraniums, and compete to the best of his or her ability for the Dammeyer prizes; and soon Gresham property will be sought after for the purpose of home building by those who love the beautiful and can afford and are willing to pay a good price for land on which to build and to make beautiful and attractive surroundings.

Now is the time to plant the seed of annuals. Soon it will be time to plant dahlias and asters and to set out geraniums. As spring advances let the good work go on. Each and everyone can contribute something to the general beautification of Gresham.

Buy a few packages of flower seeds and after preparing the ground sow them out. Life will seem brighter to you and Gresham will be more attractive. W. H. ADDIS.

## A Vote for C. H. Skewes Republican Candidate for CORONER

Will keep the work in Gresham  
Mr. C. H. Skewes, if elected to the office of Coroner, will hold all violent death inquests of Gresham people at Gresham according to the wishes of the family. The body need not be moved. A vote for Mr. Skewes will be of vital interest to all of Gresham.
