A GOOD CITIZEN

Mr. Weyerhaeuser says: Make up your mind to work at something really worthy of work, and work hard.

The surest way to make money is to save money and to use what you save.

Work can be made a joy, an economy, a pleasure, if you combine an object worth while with the determined ambition to win.

Don't be afraid of long hours or constant attention to your work. Any young man can get rich, can succeed in business, if he saves; if he has a definite and honest purpose, and is so filled with the purpose that work ceases to be a hardship and becomes a privilege.

Select a good bank and so conduct your business that the bank will never lose confidence in your ability to climb to a higher success.

Corvallis Excursion is Popular.

Requests for reservations for the Oregon and Portland Business Men's excursion to the Oregon Agricultural College, at Corvallis, are coming in at a surprising rate from all parts of the state. The communities at which stops will be made enroute are making great preparations for the entertainment of the excursionists. The McMinnville Commercial club has arranged to take the party to Sheridan in autos, and the Sheridan Commercial club has planned an auto trip into the near-by hills. The Dallas business men have aroused the interest of their entire section, and the Thursday evening meeting will be in charge.

At day Friday will be spent at the college. In the evening the Corval-

It Pays to Spray Intelligently

THE man who sprays his fruit or vegetables intelligently is the one who will have the bumper yield to send to market. The large increase in the number of insects attacking fruit trees and garden truck throughout the country makes it absolutely necessary for the farmer or grower to protect his crop by the proper use of insecticides.

SHERWIN-WILLIAMS NEW PROCESS ARSENATE OF LEAD

will help you to secure bigger profits from your orchard and garden because its application will insure a much larger percentage of perfect fruit and vegetables which will be of higher market value for you. S-W Arsenate of Lead is light in gravity and stays well in suspension. It is sure death to all leaf-eating insects, but will not burn or blight the foliage.
