"The Linotype
Way is the Way
that Wins."

Entered as second-class matter March 3, 1911, at the post office at Gresham, Oregon, under the act of March 3, 1879.

Several interesting articles and some editorial comments have been crowded out of this issue by the flood of correspondence and important news items that have reached us, as well as the demand for advertising space. Fortunately there will be another issue this week.

It is strange to see the cowardize of men applied to public questions. They know a thing is right and practical and coming, yet they halt and quibble and deny the truth. They did these things in the time when Jesus, the Galilean was crucified, and they are doing it yet.—Portland Labor Press.

Some men hang on to the car of progress at the rear and pull back when it is going uphill for all they are worth. When it arrives in spite of them they coolly climb in and claim to have been the original workers, hustlers and pullers of the vehicle.—Portland Labor Press.

In France a suit has been commenced by farmers against M. Farman, claiming damage on account of aeroplanes crossing above their farms. Just the nature of the damage claimed is not known.

Strange thoughts are suggested, by seeing in a Boston paper, dated last Monday, an advertisement of the sailing of the Titanic from New York on April 29, and also reading in the same paper the statement of the White Star Line officials that the Titanic was unsinkable.

Development League Congress

More than 1700 commercial organizations in Oregon, Washington, Idaho, Montana, Minnesota and North Dakota and South Dakota are interested in the congress of the Northwestern Development League at Seattle, June 5 to 8. In response to the official call issued by President Lewis Penwell, the names of 1185 delegates from cities and towns in the Northwest have been received at the St. Paul office of the League. Governors of the seven states are naming two delegates from each county. At this congress plans will be discussed for making known the opportunities of the American Northwest everywhere. Business men who have given a year to studying the needs of the Northwest will report their plans and every effort will be made to strengthen and make effective the present organization.

To encourage the raising of flax by Oregon farmers, E. H. Smith, seed manager of the American Linseed Oil company, has announced that his firm will distribute up to 100 bushels of seed flax if each rancher will sow one-quarter bushel on one-half acre of land according to directions accompanying each package of 14 pounds of seed. This seed will be shipped freight prepaid upon application to the Portland Linseed Oil Works. This should give each grower from 8 to 12 bushels of seed which he may retain unconditionally for use next year.

Twenty-five members of the Bayocean Commercial club joined in a building-fee and in one day erected a structure which will serve during the summer months as the temporary quarters of the club. A large fireplace made of cobble stones is one of the interior features. A permanent club building will be erected next spring.

In Houston, Texas, the tax board has decided to value land at 90 and improvements at 25 per cent. The Somers system of land valuations has been installed. This is one of scientific procedure that brings the full knowledge of what every piece of land is actually worth, after which it can be assessed at any percentage desired. By this process the tax has been reduced to \$1.30 on the hundred, the lowest of any city in the state.—Portland Labor Press.

Rockwood

Talbot is now a place of interest and is drawing the attention of every citizen within a radius of five miles of old Rockwood. Talbot is being laid out and opened up on what is known as the A. H. Ball place at Rockwood, the former pioneer merchant of eastern Multnomah. This property is being developed by the Umdenstock and Larson Co. They are clearing the place of fences and old buildings, grading streets, putting in a pumping plant with a 10 inch casing in the well to supply the water. G. B. Nagerman, the salesman, reports that several sales have been made. Lot 13 has been sold to Rockwood Lodge No. 213, I. O. O. F.; three to Walker Quisenberry, two to W. A. Rowen, one to Wm. Johnson and several to unknown parties. They sell with a small payment down and small monthly payments at such figures that a common laborer can buy. They will also erect houses on same terms and will within the next ten days commence the erection of four new houses. Rockwood after lying dormant for years will now put on a growth which will open the eyes of the old timers.

John Richmond has traded his store and goods to W. B. Holland of Eagle Creek for twenty-five acres of land. John has moved and will try farming as the store business was too confining and was impairing his health. We regret to lose him.

The Odd Fellows and Rebekahs of Rockwood will have a basket social next Thursday evening for members only. The teams of both orders are kept busy at work.

Alfred R. Lee, of the Bureau of Animal Industry, United States Department of Agriculture, while on a recent visit to the Oregon Agricultural college at Corvallis, gave it as his opinion that within a short time the Pacific Northwest would be shipping out larger quantities of poultry products than are now being imported. He also stated that few states have natural advantages for successful poultry raising equal to those of western Oregon.

During March 30 vessels were loaded at the several sawmills on the lower Columbia, their combined cargoes amounting to 23,633,000 feet of lumber, 198,000 shingles and 1,250,000 feet of piling. Three of the vessels went to foreign ports with cargoes totaling 4,225,000 feet.

The Lebanon Commercial club has just published a splendid booklet advertising Lebanon and Linn county. The motto of the book is, "Lebanon, the Strawberry Center of the Valley of the Santiam River."

A consolidation of the Woodville and Evans Valley Development Leagues has been effected under the name of the Woodville Commercial club, with the object of the rapid development of the Evans Valley.

The Commercial club of Portland Garden's has been organized with headquarters at Scholes, Washington county. The immediate object of the club is to build a tunnel under Council Crest, making possible quick transportation between the Tualatin Valley and Portland.

Waldo Hills, Fernridge and Victor Point have joined with Sublimity in forming the Sublimity Commercial club. The purpose is to advertise that section and to construct good roads in Marion county.

The Lakeview Commercial club recently raised \$650 with which to publish 10,000 copies of a pamphlet giving information about Lake county.

List of Letters.

The following list of letters remain uncalled for in the Gresham postoffice for the week ending April 21st, 1912:

Letters.
Gentleman—T. Marask, 2; F. M. Gates, H. Kalnz, G. Breshears, O. Dittman, Robert Williams, C. W. Mooney, D. A. Young, O. J. Peterson, A. B. Smith.

Cards—Miss Hazel Blackinburg, Mr. Ed. Gorden, G. C. Little, Geo. Landers.

These letters will be sent to the dead letter office on May 5th, 1912, if not delivered before. In calling for the above, please say advertised, giving date of list.

I. McCOLL, P. M.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by Gresham Drug Co. and all Dealers.

Shattuck & Lindsey

LADIES

We have just received 1000 yards of ribbon, all colors, 2 to 4 inches wide which we will sell for a few days at 10c per yard. This is a most extra-ordinary opportunity to secure good ribbon at a low price.
