## GRESHAM

The Odd Fellows at Rockwood observed their anniversary at their last regular meeting last week. The Rebekahs were present and served a delicious lunch and a social time was enjoyed.

Capt. C. O. Branson gave a very interesting talk last Tuesday afternoon to the public school students. He related in a vivid manner the incidents that led to his enlisting in the Union army when only fourteen years of age. He told of his experience at Bull Run, Antietam, Gettysburg, and in the Peninsular campaign, and of various incidents that led to his promotion to the rank of captain when he was eighteen. Captain Branson is an expert drummer, and his illustration of the drum calls were especially good. His talk was highly enjoyed by all who heard it.

After the first of May the Christian Scientists of Gresham will hold their meetings in the Grange hall, their numbers having become too many for the former place of meeting at the home of Mrs. Harry Wood. Their services will be held at 8 every Wednesday evening, and Sunday at 11 a. m.

Many gardens and lawns in town are beginning to look very attractive. Noticeable improvement has been made by many home owners. Evidently they are keeping the Dammeyer prize in view. It should be remembered that June first is the time of judging the improvements in home grounds.

The Pleasant Valley Grange Dramatic club, which made such a hit with their rendition of "The Deacon," at Pleasant Valley a short time ago, will give the same play at Rockwood next Saturday night at the Grange hall. The Deacon is one of the best amateur comedy-dramas and will be sure to please all who can attend. There will be several good musical numbers.

Mr. and Mrs. John Laughlin of Jackson, Mich., are the guests of Mr. Laughlin's sister, Mrs. Emma Shultz. They have come to Oregon to find a home and may stay right here.

Henry Gullikson, for constable, and John Brown, for precinct committeeman, each received 133 votes at the recent election. This was the highest received by any candidates in this precinct. The next highest number, 115, was given to Walter H. Evans for district attorney. Frank Fields received 106 for secretary of state and John M. Lewis, 105 for county treasurer.

J. S. Brooks was the guest of his uncle John Conley on Sunday. He has spent most of the winter at his sister's Mrs. Richard Beadle's at Powell Valley.

The M. A. Ross Post, G. A. R., has arranged for a memorial service to be held in the M. E. church Sunday, May 26. Dr. Geo. F. Hopkins will deliver the address. All old soldiers are especially invited to attend.

Earl Townsend came down from Salem yesterday to spend a few days with the wife and babies, who are visiting here. Earl is about as proud a daddy, with his three-months' old twins, a boy and a girl, as ever walked.

Ralph Kapler of Portland spent Sunday at the Congdon visiting Mrs. Condon and Mrs. Roton.

Edward Niemi has moved his family from Portland into the Regner building, over the Outlook office. Mr. Niemi is a workman in the repair shop of the P. Ry. L. & P. Co.

#### Lawyer Moves Office.

Fred L. Everson has moved his law office from the First State Bank building to the Gresham Real Estate Company building, on Main street, across from the postoffice, where he can be found each day from 9 to 6 p. m. and Saturday afternoons.

If your lawn mower needs sharpening take it to Sterling & Kidder's Hardware store.

Mrs. W. T. Williamson of Portland called on her old schoolmate and friend, Mrs. I. McColl, today.

Metzger Bros. team ran away yesterday with their big delivery wagon.

The regular meeting of the Commercial club will be held tomorrow night.

The W. C. T. U. will meet next Thursday in the Baptist church.

Mrs. I. McColl is in receipt of a communication from the postoffice which was lost on the S. S. Titanic. There were doubtless many thousands of dollars worth of international money orders lost, and the department will make every effort to insure early payment to the intended beneficiaries. Anyone expecting money orders from Europe about the time of the disaster, is advised to write to the remitters, and if assured that such orders were sent, to take up the matter with the local postmaster.

Chief of Police Slover visited his brother and relatives east of Gresham on Sunday.

Miss Mary Powell of Portland visited over Sunday with her aunt, Mrs. J. N. Clanan.

Word has been received of the birth of a son to Mr. and Mrs. Fred Conley on April 25.

The Ladies' Aid will meet next Wednesday for work, with Mrs. Lucy Osborne. A large attendance desired.

Born to Mr. and Mrs. Elmer Jenkins on Saturday night, a ten-pound boy.

Born to Mr. and Mrs. Albert Brunner, Monday night, a 7-pound girl.

#### Revival Services Close.

The special services conducted by Rev. F. M. Burch and Brother Ed. Cofer, at the Orient chapel during the past few weeks, closed last night with a good meeting for the converts. Next Sunday the baptisms will take place at Pleasant Home at 3 p. m. The work has been given a new impetus and services will continue regularly every Sunday at 2:30 p. m., Sunday school at 3:30, prayer meeting Thursday evenings.

Two new experiment farms have just been completed in Crook county, one near Metolius and the other near Redmond. They are to be operated under the direction of the Oregon Agricultural College, which is sufficient guarantee that they will be operated on a practical basis and it is believed they will do much toward solving the problems new settlers are meeting with in tilling the dry farming and irrigated lands of the interior of the state.

### Which is the Cheapest to Spray Your Hen-house With?

Crude Carbolic Acid at 90c per gallon or coal oil at 11c per gallon, or HESS DIP at 2c per gallon and every drop kills lice, mites, ticks and fleas. is not gone in a day like coal oil, but stays right there and keeps on killing. It is the cheapest preparation for you to use and also acts as a general disinfectant. One gallon makes 70 gallons of the solution. Comes in all sizes. Its price is so low that the spending is not merely a saving, but an investment which saves you many times its price in eggs and healthy chickens. A booklet telling of its many uses can be had for the asking.
