

COUNCIL HAS BUSY SESSION

The council held an adjourned session last night to finish up the business of the regular meeting of last Tuesday.

The committee on Public Property reported favorably on the holding of a special election to vote on the annexation of a strip of territory west of the Smith road, or Wallula avenue, extending from the John Roberts residence property, north to the Section Line road. The report was adopted and the council passed a resolution authorizing the special election. The Honey brothers agreed to pay the cost of holding the special election at this time. The Honeys have undertaken extensive improvements on the tract and need water which they can only get by coming into the city limits. He also agrees to pay the proportion of taxes for the remainder of this year if voted into the city.

The committee also reported favorably on the building of a town hall to cost not over \$2500 and the council ordered that plans and estimates be asked for.

The committee on streets reported favorably on placing signs at all street intersections, naming streets. It was estimated that about 100 would be needed. They are to be put up at once.

The committee reported unfavorably an opening and improving Metzger avenue as planned because it would make a jog of eight feet in the street.

The ordinance adopting the report of the viewers on the proposed new street west of Main street and assessing benefits and damages was adopted. A remonstrance had been presented to the opening of this street but it was declared non-effective.

The committee on Fire and Water reported in favor of extending the water system to include users in Cleveland acres, an extension of about 800 feet; also extending system in Wallula addition to reach new houses built there, including Elkington's and Anderson's. The petition of citizens in Whitehead's addition for water was presented and the Water committee was ordered to investigate to see if extension was feasible. The committee did not report favorably on an extension in Regner's addition where only one user would be benefitted at present.

An ordinance authorizing the advertising for bids on bonds was adopted.

The special election was ordered for Monday, July 15. The following were appointed judges and clerks. Judges—W. H. Bond, Foster Cooley S. S. Thompson.

Clerks—Dan Metzger, Roy Shoemaker.

Development of a big water power plant on the Coquille river, south of Myrtle Point involving the investment of \$1,000,000 of Oregon capital, was announced during the week. Electricity to all the cities in Coos county and it is said that work will go forward on the plant at once.

ARE YOU IN PROGRESSIVE CLASS?

This world is populated with all sorts and conditions of humanity. Some of us are helpful, some harmful, but many of us are merely like mud on a wagon wheel—we neither help the wheel go round, nor add very much to the appearance of things. A few of us think we are the "whole cheese," but we're not, and few besides ourselves have inflated ideas regarding our importance. The trouble with most of us, however, is our inability to take life seriously, and a tendency to underestimate our own intrinsic worth. More men have lost out through "Cold feet," than by reason of "Swelled head."

You haven't any real reason for being poor, and you know it. If you would make a real stand against poverty; and put up half the battle you are capable of, nothing in the world could prevent your final success. To win, however, under present conditions, requires not only tire-

less industry, but the development of a trait most of us know very little about—Frugality. Saving is the antidote for slaving. Every little added to what you've got will some day buy you a house and lot. Don't be a jelly-fish. Cut loose from gay companions—cut out a few habits. Cut down expenses, and you'll cut a better figure with your friends and family.

This is a boost pure and simple for every money-making and every money-saving institution in the country. Wastefulness is detrimental. Industry, frugality, careful investments, are at the foundation of individual business success and sure and steady growth of a locality. Every citizen should use the opportunities and facilities found close at home. Buy at home, bank at home, invest at home. By so doing you will help on all those institutions and influences that will lead to the greatest upbuilding and react most to your own advantage.

He has hired Mr. Kester-son of Sycamore, a skilled workman, to assist, and with his help and that of his son Ernest, with what he can do himself, he is succeeding in keeping the shop from overflowing with work.

Martin Multhaus is suffering from a broken arm, as a result of his horse backing a cart onto him. The break is near a joint, and the possibility of a stiff arm is causing some uneasiness.

Joe Stanley of Gresham has been busy the past few days filling silos for Martin Multhaus with green clover. Cuni and Krebs of Columbia View are also filling their silos. Pasture is becoming quite short on the slough from high water and some hay is being cut a little too early in order to get pasture for the dairymen.

ROSE FESTIVAL DRAWS CROWDS

The attractiveness of the Rose Festival and its benefits to suburban districts is felt this year as never before.

The agitation and plans for the representation of this locality in the great auto parade tomorrow afternoon is going to result in at least a fairly respectable showing.

Many auto owners are busy decorating their machines for the occasion. It is impossible to say how many there will be from Gresham and vicinity as many were undecided even today.

It is thought likely about twenty cars will be lined up from this part of the county. The designs being worked up by some of the owners will be quite unique and pretty.

Tomorrow will be a holiday in Gresham. The stores will close, the banks and other institutions will observe the day. It is predicted the town will be well nigh deserted, especially the latter half of the day.

The desire to suspend business is universal. All the leading stores will be closed all day. Among those who have agreed to this are, Shattuck & Lindsey, Metzger Bros., The C. C. Store, Wostells, Regner & Co., R. R. Carlson and Sterling & Kidder. The barber shops expect to open for a short time in the morning only.
