During the past week several mem-
bers of the joint library committee
have done some soliciting of funds
for the library site. Practically
enough has been subscribed to pur-
chase the entire site of 100 by 150
feet. The main thing now needed
is for all who have subscribed to
pay at once the amounts to the
banks or to the committee so that
the deed can be gotten for the en-
tire site and turned over to the
County Library Board.

During the week members of the
local committee have interviewed
Attorney Brewster, secretary of the
county board, and others also in
regard to the site and were told
positively that the deed to the en-
tire tract about 100x150 feet must
be in the hands of the board at the
earliest possible date.
