

BORING KEEPS THINGS MOVING

BORING, July 15.—Boring's baseball team with a number of faithful fans went to Damascus Sunday for a game with the latter club. After the third inning the game was uninteresting. Hendrickson pitching for Boring was a puzzle to Damascus as he allowed only two hits. Errors by Boring were responsible for the two runs made by Damascus in the first. This ended their run getting until the sixth, when they scored two more on errors. Boring was able to hit anything Schmidt had to offer and as a result the score stood 20 to 4 in favor of Boring. Batteries Hendrickson and Sadler, Schmidt and Barnard. Umpire Wagner.

He was president of the state association for two years and is now its secretary-treasurer.

WISCONSINITES HOLD ANNUAL PICNIC

Estacada was the scene on Sunday of a pleasant annual reunion and picnic of the Wisconsin Oregonians.

They gathered from Portland and suburban towns to the number of nearly 250 and spent the day renewing old, and forming new acquaintances and refreshing themselves with cooling drinks and ice cream.

Officers were elected for the ensuing year. Elmer Brown, the former secretary was made president. His address is 6414 Foster Road. It was decided to hold the next picnic at Bonneville, on Sunday, July 13, 1913.

Summer Sale Draws.

Notwithstanding the extremely busy season and many other attractions Aylsworth's July sale is progressing nicely. The store has taken on quite a new and inviting appearance with the display of seasonable goods and prices plainly marked showing a surprisingly generous discount. The goods are moving too so Mr. Aylsworth, the ever genial proprietor, says and he and his assistant, Guy Fieldhouse, are kept busy early and late. This is the season of the year when every up-to-date man and lady wants to look nice and feel comfortable. The old things simply won't "fill the bill." Hence it is a case of real satisfaction all around. You are satisfied with yourself, your classy appearance and the cost. This is the feeling of those who have taken advantage of this summer season sale.

Men's Concert Much Enjoyed.

There was a good attendance at the men's concert in the Commercial hall last night, and all who were there voted it a great success. It was especially pleasing to the women to listen to a fine evening's program given entirely by men and boys. The double quartet was especially fine, and favored the audience with several numbers and encores. The pantomimes were very laughable, and C. E. Rusher's impersonation of the negro was the hit of the evening. The concert will net over \$20.00.

HALL FOR MACHINERY

At the Fair Directors' meeting yesterday the committee was instructed to ask for bids for the erection of a machinery hall and also for an entrance arch and turnstile. The machinery hall will be 40x100, to be built on the grounds southeast of the main pavilion. The entrance will be placed at the end of Fifth street.

The committee on advertising was instructed to get busy, and it is expected in a few days the country will be placarded for the Multnomah County Fair to be held at Gresham, October 2-5.

Patriotism and Courage Needed.

Are we getting to be a Nation of imbeciles, or are the governmental fads and fancies of which we are enamored, just pastimes to amuse and entertain our weaker passions? It is hard to believe that the rank and file of the citizenship of this country is affected with softening of the brain. Yet it scarcely can be denied that we are raising a crop of citizens with weak, faltering minds that will not contribute to the future welfare of the Nation. One of our dangers lies in the ignorance of the people, who blindly follow after unscrupulous leaders, and others who have no fixed convictions as to they lack the courage to declare them. Our greatest need is for men who will take a decided stand for the maintenance of our government of law, lest we be shipwrecked before we realize the breakers we are in.

OREGON GAME LAWS MAY BE REVISED

The State Board of Fish and Game Commissioners have undertaken a thorough revision of the present system of the game laws. The idea is to present a code for adoption at the next legislature, which will give more complete protection to fish and game, and correct numerous errors in the present system of laws.

The commission desires in making up this new game code to get a thorough expression of public opinion before the code is presented to the legislature. For this reason the members of the commission ask that residents in different parts of the state, especially farmers, fruit growers, as well as sportsmen send in any suggestions so that the commission may act upon them. Suggestions are also sought from the granges, commercial bodies, rod and gun clubs and other organizations, in order to get a game code suitable for different parts of the state.

All communications and suggestions should be sent to J. F. Hughes, secretary of the Fish and Game Commission, Salem, Oregon.

At present there are a number of questions under discussion, that will be of interest to sportsmen in different parts of the state, such as the question of bounties on predatory animals. The commission is in favor of a more rigid effort to exterminate cougar and wolves. The question has been agitated in certain parts of the state to reduce the non-residents hunting and fishing license to the same price as the resident license. Many sportsmen are also in favor of reducing the limits on deer and other game.

GRANGE INITIATES

Ice cream and cake held strong attractions for about forty Grangers last Saturday night, who despite the busy haying season and the hot weather and the fact that it was Saturday night, gathered at the Gresham Grange hall for the regular July business meeting. No one regretted being present as the session was entertaining and refreshing in every way.

Miss Haile, the Gresham librarian and Mrs. W. R. Biddle were initiated into the pleasing mysteries of the third and fourth degrees. Then the fine ice cream and cake was stowed away in enjoyable fashion and sociability and mirth crowned the occasion.

The next regular meeting will be held the second Saturday in August.

If children drink milk from untested cows which have bovine tuberculosis, the germs do not pass out, but remain in the body, and by slow change in twenty or twenty-five years become human tuberculosis. All dairy animals should be tested, so that we may know that there is no tuberculosis. You teachers can do a great deal by teaching your pupils the importance of these things.

TADS TO HAVE THEIR INNINGS

The Tad idea which is to be inaugurated at the Regner & Co. store next Saturday is a unique plan in the way of profit sharing and will have a more helpful influence on the trading public than any other system.

The Tad System is copyrighted by Davis, Steele & Holmes, of Portland, Oregon, the company being incorporated under the laws of Oregon. This profit-sharing plan starts by Regner & Co. placing one dollar to the credit of each child, not over five years of age, on registration of the child's name by parents or guardian. Then every purchase of merchandise entitles the child to a three per cent discount check which is deposited at the bank to the child's credit. It cannot be drawn out, except in the event of death of the child or removal from the locality, but remains and accumulates until the beneficiary is 16 years old, at which time it may be drawn in full in cash. The bank pays interest on these savings deposits at the rate of 4 per cent, compounded yearly.

In this way several hundred or even several thousand dollars may be saved up for the benefit of any child desired. Anyone making a purchase, large or small, can have the discount check made in favor of any child they desire to designate.

This system has much to commend it. It helps the home institutions, it encourages savings on the part of parents and children and provides a nice fund of benefit to the child when needed for purposes of education.

It should be stated that the benefit is not limited to children now under five years of age. Any one under 16 may become a beneficiary but in that case the deposit of one dollar must be made by the parent or guardian.

Buy Buggies at Hessel's.

A farmer who had bought a buggy at Portland, called at Hessel's Farm Machinery store to get a buggy wrench. Hessel sold it to him, thanking him for small favors, in the meantime showing the party the buggies on his floor, which he agreed were fine and quality buggies, and prices were right, even lower than in Portland.

Hessel keeps a full line of Implements, Buggies, Wagons, Mowers, Rakes, Binder Twine, and if you buy at Hessel's you get right treatment, right prices and right goods.

Following its success of last year, Port Orford will hold another agate carnival early in August. A big feature of the entertainment will be a reproduction of the famous Indian fight of Battle Rock.
