The genial agent in this territory of the power and light departments of the P. R. L. & P. Co., B. O. Boswell, who lives between Gresham and Estacada, has had his picture taken by Max Schneider. We should say in justice to Mr. Schneider that he is still using the camera with his usual good results. Mr. Boswell is just like his picture and his picture just like him. This is perhaps as complimentary as anything we can say. And both are all right.

STRENGTHEN YOUR KIDNEYS.

This Treatment is Guaranteed by the Gresham Drug Co.

If the kidneys are sluggish in their action, general ill health usually results. Skin affections arise, due to the extra work thrown upon the skin in removing poisonous wastes that should be cared for by the kidneys; heart affections, caused by the pressure of fluids dammed back by the sluggish kidneys; eye diseases, nervousness, chronic headaches and other ailments.

These are often due in great measure to the poisonous action of matter left in the body.

We want you to try Rexall Kidney Treatment if your kidneys are out of order. We don't ask you to take any financial risk. We don't want your money unless Rexall Kidney Treatment helps you. We feel the utmost confidence in this treatment, which is especially designed to strengthen the kidneys, restore their normal functions and help in rebuilding the general health. That confidence is what prompts us in urging you not to overlook this opportunity to try Rexall Kidney Treatment at our risk. For if it does not help you, we will give back your money without argument or hesitation. Rexall Kidney Treatment, in liquid form, costs you 50 cents and \$1.00. In pill form, 50 cents. Sold in this community only at our store. The Rexall Store.

Building Activity at Sandy

Continued from page 1.

Beers, treasurer. These men are making investments and building houses, selling or renting on easy terms to any who desire.

In doing this they are encouraging settlers and developing home industry. Their tract of land, the Sandy townsite, is an attractive location for homes. It is well located with good soil, good drainage and a magnificent view.

Sandy is going ahead in spite of delay in building the new railroad. But the railroad will be welcomed as a help.
