"The Linotype

Official paper of the Town of Gresham, Oregon.  
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the post office at Gresham, Oregon, under the act of March 3, 1879.

Theodore Roosevelt will speak in Portland September 11.

General Booth, founder and head of the Salvation Army, died in London Tuesday at the age of 83. He is succeeded by his son, Bramwell.

Leslie's Weekly has investigated the matter of campaign contributions and states that Roosevelt's campaign fund in 1904 was nearly \$2,000,000. It concludes that in politics there is no such thing as "tainted money". Everything goes.

Postmaster Chas. B. Merrick of Portland died of heart failure while bathing at the hot springs near Lakeview, Oregon, Wednesday morning. He was 38, and very prominent and active in the city's affairs. He may be succeeded in the postoffice, temporarily at least, by Assistant Postmaster Williamson.

The most atrocious crime of murder of recent record, and which must be classed with the Hill and Holzman atrocities in Portland, occurred at Eugene Monday night, the victim being the 12-year old daughter of Rev. H. A. Green. The girl's throat was cut from ear to ear and the body was desecrated. It seems unthinkable that a human being could commit such a fiendish crime and that having done so he could go even twenty-four hours without being apprehended and punished with the severest penalty of the law. No motive except the basest can be assigned for the crime and the criminal is still at large.

**CHURCHES UNITE FOR GREATER THINGS**

Beginning with a new conference year, or about October first, Grace and Taylor Street M. E. churches will unite as one church to be known as First M. E. church of Portland. The present Grace church building will be rebuilt for the church and the Taylor street church property will be improved for business or apartment house use.

**Portlanders Make Pilgrimage.**

Touring interior Oregon this week is a big party of representative Portland business men, who are making an automobile excursion to Lakeview under the auspices of the Portland Commercial club. Everywhere along the line they are being accorded every possible courtesy and central Oregon's well known hospitality is being extended.

To the visitors the trip is a veritable voyage of discovery. Many have never seen this great stretch of undeveloped country before and to them the sight of the farms being carved out of this new territory, many of them bearing their first crops this year, is a revelation. Certain it is that Portlanders will have a better understanding of that great country after this excursion.

**Service to the People.**

Since the Oregon Agricultural College is a state institution, supported by public tax, those in charge should consider it their duty to keep the public informed as to the manner in which the funds appropriated are spent, what is offered in return to the young men and women of the state in the way of educational advantages and practical training, and what the institution can do for those unable to come to the college. It should be considered a part of the proper work of the institution to report through the public press the results of scientific investigation, in such untechnical form that they may be of interest and assistance to the general reader.

This they have decided to do and we are informed that a press bulletin has been established recently, and through it the daily and weekly newspapers of the state will be constantly advised of new courses offered, new experts added to the corps of instructors and investigators, discoveries made which will aid the farmer, gardener, fruitman and stock raiser, and new publications which may be had for the asking.

Besides the news stories to the daily and weekly press of the state, there are prepared at frequent intervals articles for the agricultural and other technical publications having any considerable circulation in the state.

As there is always a large number of students enrolled from other states, the press bulletin department furnishes a weekly news letter of college matters of general interest, to Boston and Chicago papers and a number of others for their departments of college news.

Although the first duty of this department of the college is to inform Oregonians of the progress and advantages at the institution they support, it is also proper that the national status of the college be heralded and maintained in the press. The college attracts students from a wide field—last year 2,862 from every county in Oregon, from 36 others states of the Union and from eight foreign countries. Its alumni go out to positions of importance and trust in all parts of the world—Hawaii, India, the Philippines, Korea and other distant places. It is not a local institution. It is making world history.

**Recipe for Army Bread.**

A recipe for making "Army bread" is given in the little book on camp cookery (Series 1, No. 65) issued by the domestic science and art department of the Oregon Agricultural College. It is as follows: One quart flour, 1 teaspoon salt, 1 tablespoon sugar, 4 teaspoons baking powder.

Mix the ingredients thoroughly and stir in enough cold water (about one and one-half parts) to make a thick batter that will pour out level. Mix rapidly with a spoon until smooth, and pour out at once into a Dutch oven or baking pan. Bake about 45 minutes, or until no dough adheres to a sliver stuck into the loaf.

The Oregon State Immigration commission is at work on a state booklet that will be a valuable work for attracting settlers. A thorough and accurate compilation is being made of state statistics, so that the most definite information will be available for the intending immigrant. It is expected an edition of 200,000 copies of this book will be published for general distribution before the end of the year.

**STRENGTHEN YOUR KIDNEYS.**

This Treatment is Guaranteed by the Gresham Drug Co.

If the kidneys are sluggish in their action, general ill health usually results. Skin affections arise, due to the extra work thrown upon the skin in removing poisonous wastes that should be cared for by the kidneys; heart affections, caused by the pressure of fluids dammed back by the sluggish kidneys; eye diseases, nervousness, chronic headaches and other ailments.

These are often due in great measure to the poisonous action of matter left in the body.

We want you to try Rexall Kidney Treatment if your kidneys are out of order. We don't ask you to take any financial risk. We don't want your money unless Rexall Kidney Treatment helps you. We feel the utmost confidence in this treatment, which is especially designed to strengthen the kidneys, restore their normal functions and help in rebuilding the general health. That confidence is what prompts us in urging you not to overlook this opportunity to try Rexall Kidney Treatment at our risk. For if it does not help you, we will give back your money without argument or hesitation. Rexall Kidney Treatment, in liquid form, costs you 50 cents and \$1.00. In pill form, 50 cents. Sold in this community only at our store. The Rexall Store.

**Are Right on This Point; also Others.**

Eugene Wilder Chafin, in his speech of acceptance of the Prohibition nomination for President, speaking on the question of governmental revenue, said:

run the government when the rum It is often asked: How will your revenue is abolished? Our platform answers the question in the following plank:

"Equitable graduated income and inheritance taxes."

We are the only great nation in the world, which has not adopted these most just methods of taxation. Under our present system, the rich pay little or nothing toward the support of the national government, while the poor are robbed by all kinds of indirect taxes through internal revenue and tariff laws. A large part of the two hundred million dollars of rum revenue each year, is filched and stolen from the wives and children of drunkards, by our national government. This is surely "women and children first"—millionaires last when it comes to paying taxes.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by Gresham Drug Co., and all Druggists.
