# ESTACADA ALSO A LIVE ONE

[Special to Outlook.]

ESTACADA, Aug. 29.—Miss Edna Fulmer, Mrs. Marie Fulmer, Miss "Blondie" Wimen and sister and brother, Mr. St. Helens, Mr. Bamgart, all of Portland, hid themselves to Estacada last Sunday for a picnic and looked up their friends Mr. and Mrs. B. O. Boswell. And the cooks they were! They sent two of the young men after corn and not knowing how much one person could eat, they got enough for twice as many and about five pounds of dog as they all seemed to be familiar with it, a five pound pail of potatoes which they baked in the stove at the Boswell's and other things in proportion and the feed they had up in the woods is placing it mild. After the meal was over, they all walked to wade creek (but no wading was allowed) then to the Estacada park and then back to the woods for more eats, and still there was an abundance left. Along with the coffee were two gallons of sweet cider, donated by Mrs. Boswell. After the day was done they all said they would like to come again soon as they had such a lovely time.

E. W. Bartlett, attorney at law, is walking with a cane. Cause, an attack of rheumatism. His daughter Helen returned a few days ago to Palo Alto, California, where she will attend college.

Estacada had a vegetable fair and baby show on Wednesday which was well attended. About 25 babies were there, and all who could talk, were saying, vote No. x, 318 for Cascade county. The older ones are all boosting for the same thing. Superintendent of schools Gary, Mr. Alderman and others were in attendance as judges, but it is not known which baby won the first and second prizes as they were all so near perfect. They will send their list of winners later. The ladies had lunch in the park. Everyone had a very enjoyable time.

C. F. Howe came near having a fire the other evening while sitting on the porch the lights all at once showed a red glow, and some smoke and a short circuit and was all over. After Mrs. Howe got her glasses on so she could find a bucket, Mr. Belfels pulled the main line switch, Lelia was going for the fire hall at a 2:40 clip, yelling fire, and it was all over. The damage was slight but a great many were scared. The building will have to be rewired at once.

The school board is having the schoolhouse kalsomined and wired for lights before school commences about September 16. The teachers are making preparations by renting their homes and moving their families in. A good school year is expected. The board is getting in the wood. They intend to have as good a school as the best in the county and we hope that the high school will be the best in Cascade county. Mr. Ford is the principal. Mrs. Altman will be here again, also Miss Ella Erickson, and Mrs. Graham. All are making arrangements for a hard year's work.

Walter Gribben's little daughter died on Saturday and was buried on Sunday in the Odd Fellows cemetery. A large crowd was out to the funeral. She was five years old.

Mr. and Mrs. Theo. Melton of Portland were visiting Mr. and Mrs. B. O. Boswell on Sunday. Mrs. Melton is Mr. Boswell's youngest sister. They had a very pleasant day.

The farmers are threshing out their grain between showers and it is very bad weather around Estacada for haying and threshing.

There were a great many out to Estacada park last Sunday with baskets well filled, and enjoying the lake in the park boating and launch riding.

A. E. Sparks has most of the sewer ditch dug ready for the pipe. It will be a great benefit for the city to have good sewerage. The main pipe is twelve inches with 8

inches laterals, which runs direct to the river through the lower end of the park. J. W. Reed is superintendent of the work.

B. O. Boswell was in Gresham yesterday. He had been in Fairview collecting for the street lights and reports that Fairview people are more than pleased with the street lighting system installed by the P. R. L. & P. Co. They say now that they are no longer in darkness, they will be recognized as a live lot of enterprising citizens. Let the good work go on.

The Rev. Mr. Brown and family and friends have returned from the seashore, and report a fine time, but say it was all too short.

Mayor J. W. Reed and wife were in Portland Wednesday attending to some business and shopping. Mrs. Reed has had her sisters visiting her lately.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Gresham Drug Co., and all Druggists.
