"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham, Oregon.
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the post office at Gresham, Oregon, under the act of March 3, 1879.

SOURCE OF POLITICAL FUNDS.

According to agreement the Clapp sub-committee of the senate will resume today the investigation of the Standard Oil company's contributions toward campaign funds in the past and especially the alleged contribution of \$100,000 toward the Roosevelt fund in 1904. Was this asked for by Mr. Roosevelt and his managers or accepted with his knowledge and consent? Here is a question with its many ramifications that is to be aired before the senate committee and the public. Mr. Roosevelt says he will make public all correspondence of his relating to the matter and urges Mr. Leob, who has been summoned before the committee, to tell all he knows. Mr. Leob was Roosevelt's private secretary at that time. Senator Clapp of Minnesota, chairman of the committee, is an ardent Roosevelt man.

The committee will investigate the sources of campaign funds for 1904, 1908 and for the campaign now in progress. Where is the money coming, especially the large sums, which enable managers of political campaigns to spend a million or two million dollars for the election of their candidates? This is what the senate and people wish to know, and now is a good time to enquire into the matter.

Colonel Roosevelt started yesterday on his speechmaking tour of the west. He is announced to be in Portland next week about the 12th.

Vermont's state election is in progress today. All leading parties have tickets in the field and the outcome will be closely watched.

Now that England made such a poor record in the Olympic games it is being advocated that she abandon the plan of participating in them. English athletes are waking up to the need of more thorough organization and training.

Shoes, it is claimed, cost more these days than formerly just because the manufacturer has to pay from 10 to 35 per cent more for his raw materials. The advance in leather is in keeping with the advance in meat.

"The only excuse for killing is self-defense," contended Judge S. H. Russell of Oklahoma at the Institute of Criminal Law, in Milwaukee, Saturday. The sentiment seems to be growing also that a murderer should be tried at once without the customary long delays. The hanging of a first degree murderer is society's act of self-defense.

What Will Come of It?

Opinions differ as to the utility of the report made by the commission on Portland vice conditions, with a strong leaning apparently toward its inutility. It does contain a good deal of carefully gathered information that will be news to thousands of unobserving readers. Half the people do not know how the other half live. It is claimed the report cannot be used as evidence before the grand jury but it ought to lead the grand jury to do some investigating of its own. It is in the nature of a report from an investigating committee and should lead to action by the authorities.

As information and agitation are the first steps in reform it is hoped that now that the city has the first steps it will not fail to take the remaining necessary steps.

UNIVERSITY OF OREGON CORRESPONDENCE SCHOOL

offers, FREE, with the exception of cost of postage on papers and cost of the University Extension Bulletin, to CITIZENS OF OREGON, forty UNIVERSITY COURSES BY MAIL. Ability to profit by the courses selected is the only requirement for enrollment in the Correspondence Department. Courses are offered in the department of Botany, Debating, Economics, Education, Electricity, English Literature, English Composition, History, Mathematics, Mechanical Drawing, Physical Education, Physics, Physiology, Psychology, Sociology, and Surveying. Write to the Secretary of the Correspondence School, University of Oregon, Eugene, for information and catalogue. COURSES IN RESIDENCE at the University prepare for the professions of ENGINEERING, JOURNALISM, LAW, MEDICINE, and TEACHING. Fall semester opens Tuesday, Sept. 17. Address the Registrar for catalogues descriptive of the College of Engineering, the College of Liberal Arts, the Schools of Education, Commerce, Law, Medicine, and Music.

A Far-Seeing Eye.

A 100-inch lens, the greatest ever made, is being prepared for the observatory on Mt. Wilson, California. Stars three times as far out in space as those now known as on the very rim of things will be brought into the field of this stupendous achievement in scientific instrument making. Four and one-half tons of glass ground and polished with the greatest precision will have a magnifying power of 10,000 diameters, and increases the seeing power of the eye 250,000 times. This is some advance over Galileo's telescope of four-inches, but in proportion to the advance made during the same length of time in all other, especially scientific lines.

Children's Exhibits.

At the recent Benton county industrial school fair, the best field and sweet corn, pumpkins, jelly and stocking darning were shown by the Irish Bend children; the best popcorn and the best made dress by Sunnyside youngsters; the best watermelons, muskmelons and machine-made aprons by Fairmount; the best squashes, furniture, canned goods, hand-made aprons, English, Asiatic, Hamburg and miscellaneous fowls by Corvallis boys and girls; the best potatoes, onions, grains, bird houses and ducks by Pleasant Valley children; the best cabbage by a little girl from Wells; the best celery by a North Albany girl; a clever wood sawing device by a Beaver Creek boy; the best bread by a Kings Valley girl; the best sweet peas by a Philomath girl; the best pigs and Mediterranean fowls by a Kline boy; the best American chickens by a Bellfountain boy.

These will suggest to our children and young people some of the things which they may prepare and exhibit at the Multnomah county fair.

Worse Than Hanging.

The Polk County Itemizer says it is not grilling West for not holding up the execution of the first degree murderers now awaiting the decision of the people in regard to capital punishment next November for it thinks even hanging is letting these men off easy. The suspense is an added punishment almost equal to the final hanging awaiting them. They "killed to kill" and would rather pay the extreme penalty at once than wait in long uncertainty. That will depend on how the vote goes. We think most of the criminals think that while there is life there is hope, even though sentenced to life imprisonment.

Personally I think that while every one should be given all the chance possible in life, that when he deliberately takes another's life he by so doing forfeits his own right to live and enjoy association with his fellow men and should pay with his own life the penalty for the deliberate taking of another's life. It is not a crime for the state to inflict this extreme punishment for the extreme crime.

Ohio will vote today on various constitutional amendments, including woman suffrage and the abolition of capital punishment.

SUMMONS.

In the Circuit Court of the State of Oregon for the County of Multnomah.
James McLeod, Plaintiff, vs Alma McLeod, Defendant.
To Alma McLeod:

In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit within six weeks from August 27th, 1912, the date of the first publication of this summons and if you fail to answer for want thereof, the plaintiff will apply to the court for the relief prayed for in his complaint, for a decree of the court dissolving the bonds of matrimony existing between the said plaintiff and yourself and for an absolute divorce. This summons is published and is served upon you in pursuance of an order of the Honorable Robert G. Morrow, presiding judge of the above entitled court made on the 24th day of August, 1912, directing the same to be published for six consecutive and successive weeks in the Gresham daily Outlook, a daily paper of general circulation printed and published in Multnomah county, Oregon, the date of the first publication being August 27th, 1912, and the date of the last publication October, 8th, 1912.

GRAHAM & BELKNAP, Attorneys for Plaintiff.

The World Mourns at the Bier of Booth.

Practically all the world has been in mourning during the past week over the passing of General Wm. Booth, founder of the Salvation Army. His long, useful life is an illustration of what good can be accomplished by a consecrated life. His work is so organized that it will continue, the general being succeeded by his son Bramwell. The methods of religious rescue work adopted by the army were such as to call forth much opposition and ridicule in the earlier days of the movement. This is now almost wholly done away with. The Salvation Army work has been carried into all important countries of the world. It is essentially English in its methods but has a strong following in America. The American volunteers is an off shoot of the Salvation Army, founded by Ballington Booth, which led to an estrangement between father and son which was only terminated by the father's death, the message of reconciliation reaching the father on his death bed.

The Salvation Army is today generally welcomed, respected and aided for its unselfish rescue work, especially among the fallen and out-cast.

Should Women Have the Ballot? Why Not?

Women suffrage is not only right, but practical. It tends to elevate. There is not a caucus but is better attended, by better people and held in a better place. I have seen the time when a political convention without a disturbance and the drawing of weapons was rare. That time is past in Colorado and it is due to the presence of women. Every man now shows that civility which makes him take off his hat and not swear. He now deports himself decently that ladies are present.—Governor Shafroth of Colorado.

Under our present form of city life, housekeeping has become almost a public function and the ballot has become a domestic necessity. The housekeeper must buy milk and meat, she must make the clothing or buy it ready made. She needs a vote on the ordinance which controls the conditions. She must have something to say about the men who make and enforce them. She has not the power that she needs as a housekeeper unless she feels that the officials of the city are as much responsible to her as are the domestic servants she selects.—Prof. S. Breckenridge.

STRENGTHEN YOUR KIDNEYS.

This Treatment is Guaranteed by the Gresham Drug Co.

If the kidneys are sluggish in their action, general ill health usually results. Skin affections arise, due to the extra work thrown upon the skin in removing poisonous wastes that should be cared for by the kidneys; heart affections, caused by the pressure of fluids dammed back by the sluggish kidneys; eye diseases, nervousness, chronic headaches and other ailments.

These are often due in great measure to the poisonous action of matter left in the body.

We want you to try Rexall Kidney Treatment if your kidneys are out of order. We don't ask you to take any financial risk. We don't want your money unless Rexall Kidney Treatment helps you. We feel the utmost confidence in this treatment, which is especially designed to strengthen the kidneys, restore their normal functions and help in rebuilding the general health. That confidence is what prompts us in urging you not to overlook this opportunity to try Rexall Kidney Treatment at our risk. For if it does not help you, we will give back your money without argument or hesitation. Rexall Kidney Treatment, in liquid form, costs you 50 cents and \$1.00. In pill form, 50 cents. Sold in this community only at our store. The Rexall Store.
