

JOHN SHATTUCK DIES IN ALASKA

A message was received by Carl and Lewis Shattuck about noon today stating that the bodies of John Shattuck and his two companions had been found. They had been dead several days. Word of the death had been received by Mr. and Mrs. J. W. Shattuck, the parents of the unfortunate young man, who are at the home of their daughter, Mrs. Faulkner Short, in Portland. Lewis Shattuck was immediately called to the side of his parents who are greatly shocked by the sad news.

The cable received at 11 a. m. today contained only the fact that the bodies had been discovered. It is expected more particulars will be telegraphed soon.

This morning's Oregonian states that 20 soldiers were helping in the search. The companion's names are given as Dell Linscott and Leslie Oliver. They went out for a day's hunting, became lost in the fog and perished from exposure and hunger.

John Shattuck had many friends here. He was a fine young man, had made his home here all his life. The past four years were spent at Eugene at the State University where he graduated with honors. He intended studying law and had gone to Alaska where he had a brother and other relatives.

True sympathy is extended to the parents and relatives by every citizen.

NO ACTION AT SPECIAL MEETING

At the special school meeting held yesterday afternoon no action was taken on the proposal to build a gymnasium on the present school grounds. There was an attendance of about 35. The discussion revealed the fact that the sentiment had changed somewhat since last June when at the annual school meeting it was voted without opposition. The reasons stated for deferring the building were that in a year or two a new high school building would be needed and plans for a gymnasium should be taken up in connection with that.

As no definite action was taken yesterday it is considered that so far as the school board is concerned nothing will be done towards a gymnasium until the special school meeting next December.

WEDDING AT CHERRYVILLE

A very pretty wedding occurred in the Methodist church here last Wednesday, when Olive Alice Averill of Cherryville was united in marriage to George L. Edon of Barton. The church was prettily decorated. Lillian B. Averill acted as bridesmaid and Archie Averill as best man. Viola Friel, Dorothy Cooper, Jessie Clark, Vera Douglass, Miss Boyd and Miss Holz, all assisted, with little Alice Douglass as flower girl. The bride was beautifully attired in white, the bridesmaid and all the attendants were also attired in white. Rev. Mr. Runyan officiated. Mr. and Mrs. P. Edon will spend their honeymoon in Portland and will make their home at Barton. The couple received many and beautiful gifts from friends and relatives.

Ellis Bragg of Portland and his younger brother spent Sunday as guests of Hotel Cherryville. They accompanied Mr. MacDonald into the Three-six neighborhood on business.

Mr. Brooke was taking dancing lessons before he left Cherryville and it is an assured fact that he will continue after his return, as in everything else he will make a success.

Miss Viola Friel visited with Miss Jessie Clark over Saturday and Sunday last week.

Mr. and Mrs. McDonald of Portland were guests at Hotel Cherryville over Sunday. They contemplate visiting the Three-six neighborhood on business before returning to Portland.

School will start Monday, Sept. 16, with Lillian B. Averill as teacher.

We are sorry to learn that W. R. Allen and family will be away for the winter. Mr. Allen has steady work for his team at Bull Run.

Dr. O. Botkins made a business trip to Portland last week. Keith Abraham will return to Forest Grove this week where he will go to work in his father's store for awhile. Sorry to lose him as he is a fine young man of sterling qualities and very much respected socially and otherwise. As he has a homestead near by it is hoped we will have him with us part of the time at least.

The Hardin brothers of Wasco, Oregon, were here a few days looking over the prospects in Cherryville and vicinity with a view of locating if suited.

God bless the rain. We might as well sing and be happy and forget that sunshine will be all the more appreciated when it does come and we won't be disappointed if it doesn't come. We are glad we live in Cherryville any way.

The friends of Archie Howard and wife were very sorry to hear of their great loss by fire. Their home and all its contents were burned. Besides the large loss in money value there were many things which money could not buy. Among them were hand work, fancy quilts and embroidery which Mrs. Howard had done since she was a little girl.

Who Is Responsible?

It is an alarming fact that our own United States which once stood for innocence and purity is being overrun by the element that heaps injustice upon the head of every man, woman and child within its borders.

It has gone beyond the old time saying, "Let them drink; it doesn't concern me" or "I only take a moderate sip and can quit if I choose," for the truth of the matter is that it does concern every free born citizen of our domain. It does not stop with the man who takes the drink but comes to our very doors and makes itself felt in more ways than one, until they who have been looking on for the last quarter of a century have witnessed its blighting effect upon the multitude who have become enslaved to the dreadful appetite.

The thought regarding "the danger of our boys and girls and the wrecking of homes" has been mentioned in the public ear so many times and appeared in the press so often that it almost ceases to be a virtue with the masses, but the fact of the matter is danger at hand. It is appalling to know that, according to statistics, in just 56 days more money is spent for alcoholic beverages than it would take to pay the expenses of the entire United States army and navy combined for a whole year when that expense amounts to over two hundred and eighty millions of dollars. The actual "drink bill" for one year amounts to \$1,833,653,425 or nearly two billions of dollars. Why do we wonder what

makes so many paupers and criminals, to say nothing of the vast amount of diseases and other minor defects that are derived from this curse.

Let us not console ourselves any longer by believing that it is not our fault that these conditions exist. The brewer or saloonkeeper are not to be blamed any more, nor as much, as you who grant him the permission, by your votes, to sell the beverage.

He looks at it from the business standpoint but the public should look at it from the moral and therefore it is the duty of every man to assist in keeping the "lion" from the door of his own dwelling as well as from the door of his neighbor.

Satan will peddle his abominable stuff just as long as the voting class permits him to do so but it is in your power, Mr. Voter, to say whether or not he will do so any longer. It behooves us to strike at once upon the head of this monster and forever banish it from our midst for it is marching upon us at a rapid rate of speed.

While we labor to abolish the saloon from our Union, let us put forth every possible effort to keep it from our immediate vicinity. Gresham this year ought and can be made a safe place in which to live. At the present it is not so. Danger lies within its borders.

Let us rally to the polls this coming election with a determination to do not only our duty but all that we can by our votes and influence to make for ourselves a clean town.

EDWIN W. HIGHT.

The exhibit received 92 points out of a possible hundred, and received special mention. FAIR NOTES, THINGS DOING

Activity in preparation for the coming Multnomah County Fair, is now the chief thought of everyone in any way responsible for its arrangements and a small force of workmen are on the grounds putting the buildings and grounds in readiness. It is safe to say that Secretary Kardell and President Lewis Shattuck are two men on the fair board who have their minds full of ideas and are facing a month's hard work.

The dates for the fair are Wednesday to Saturday, inclusive, October 2, 3, 4 and 5. A glance at the calendar will show that the opening day is less than three weeks off.

It is probable a man will be kept on the road from now on, helping everyone select the best things for exhibit. E. L. Thorpe has been suggested for this work.

There will be a meeting of the fair directors next Tuesday afternoon.

The machinery hall is about completed and is being painted. Newton Mewhirter is at work in the pavilion overhauling the tables and display stands and improving the arrangements. The office building will be moved to its new location next week.

During the week several directors and officers including, Shattuck, Kardell and Cleveland, visited the Clark county fair at Vancouver and while enjoying the fine displays there, did not fail to boost for the big Multnomah fair. Among other good workers there this week are Chas. E. and Wendle Cleveland who have fine stock exhibits. They have the only sheep at the Vancouver fair.

Secretary Kardell says he is getting many requests for premium lists

Mrs. Atkins was a speaker at the Chataqua of western Oregon and no speaker on the several programs won higher praise from the general public than she, both for her personal charm and manner and the eloquence of her address. Most of her hearers consider her the equal of any speaker either man or woman on the platform this year. Her addresses are eloquent, humorous, logical. Every temperance person should be present in her meetings and secure new enthusiasm for work. No admission will be charged. An offering will be taken.
