

MANY PASTORS CHANGE PLACES

Methodist conference appointments at Ashland of interest to the people of this vicinity are as follows:

James Moore, district superintendent; Gresham, M. T. Wire; Cleone, G. A. John; Estacada, W. R. F. Browne; Lents, W. B. Moore; Pleasant Home and Boring, to be supplied by W. L. Wilson; Sandy, to be supplied.

Rev. Geo. F. Hopkins, who has been pastor of the Linneman Memorial church at Gresham for the past year, has been transferred to the Patton church in Portland. Other Portland appointments are: Centenary, D. H. Trimble; First church, Rev. Benjamin Young and Rev. J. H. Cudlip; Mount Tabor, Rev. C. L. Hamilton; Montavilla, W. H. Hampton; Rev. A. B. Calder has been transferred from Boring to Yamhill.

Rev. M. T. Wire, the new pastor for Gresham, is one of the best known ministers in the state and it is a matter of pure gratification to the people here that he is to be with us in the important position of pastor of the Linneman Memorial church. While there are many regrets over the loss of Rev. G. F. Hopkins, to this community, yet it is consoling and gratifying to know that he has received another charge that is really a promotion well deserved.

The placing of Rev. Benjamin Young in charge as head of the consolidated First church of Portland was anticipated by everyone, and is a complimentary tribute to his ability and worth. His co-adjutor, Rev. J. H. Cudlip, is also the right man for the place, and there will be a progressive spirit in their work.

Rev. M. B. Paranaugan, formerly stationed here, has been returned to his charge at Brownsville for another year.

Rev. C. B. Rees, formerly in charge at Boring, has been sent to Beaverton. Rev. C. L. Creevy goes to Canby.

We Want Everyone

to read the Outlook. We ask you to subscribe, if you can, but read it any way, if you have to borrow it.

SANDY CITIZENS DISCUSS TAX

SANDY, Sept. 23.—A meeting of the Citizen's and Taxpayer's league was held in the Melins hall Friday night. The meeting was called to order by John H. Revenue and T. G. Jonsrud was elected chairman. The principal subject discussed at this meeting was the Single Tax. J. H. Revenue in discussing this subject showed that the object of Single Tax was the state ownership of land. And that the single tax would take the value out of land. F. E. McGugin showed that the single tax would not be a help to the poor man. The meeting was well attended and the discussion was spirited. This should be made a permanent organization until after election, as there are many important measures up for the voters this coming election upon which the people need to be enlightened.

F. E. Todd, the Gresham sign painter was in Sandy last week, finishing up the work he was doing for R. E. Esson, the druggist, and F. E. Beckwith, jeweler.

The band of Indians camped below here last Thursday and Friday en route to the Warm Springs Indian Reservation from the hop yards, attracted considerable attention.

C. Krebs, who has been doing considerable threshing in the neighborhood, returned with his machinery to Sandy Ridge, Friday.

Mr. and Mrs. C. W. Stuart of Portland, were in Sandy Friday and Saturday, registered at the Sandy hotel.

Pete Swan, who is now employed at the Takao Mill spent Saturday and Sunday in town.

The band benefit dance held in the Shelley hall Saturday night was well attended, there being sixty couples present. Supper was served at midnight at the Sandy hotel and everyone present had a general good time.

Krebs & Miller, contractors and builders, have finished their work on the German Parochial school. Their work on Mrs. Dahrens' new residence is well under way. At present they are also remodeling and making repairs on C. W. Canning's residence at Kelso.

Mr. Straub of the light department of the Portland General Electric company, who in former years was a frequent visitor to this section, spent Sunday in town. Mr. Straub's last visit to Sandy was about four years ago and he was much impressed with the progress and changes that have taken place in that time.

C. W. Howard of Portland was in town Saturday and Sunday. Leigh Barbur of Portland was in town Sunday.

W. J. Wirtz, the hardware and furniture man, is away on a business trip to be gone until the middle of the week, and his son Fritz of Gresham, has charge of the store during his absence.

The funeral services of the late John Malare were held Friday afternoon at the residence of his brother, Anton Malare. Interment was in the Sandy cemetery, and the services were conducted by Rev. F. M. Burich of Gresham, and the music was furnished by a quartet composed of Mr. and Mrs. E. D. Hart, Miss Cooper and Mr. O'Donnell.

Mrs. W. W. Curtiss and child are expected to arrive in Sandy next week Wednesday. Mrs. Curtiss has been spending the summer in British Columbia.

The total output of the Mount Hood Creamery for last week, lacked but a few pounds of reaching the 2000 mark.

Dr. I. V. Rivenburg, a veterinary surgeon of Portland, is in town on professional business.

The Pacific Telephone company Continued on page 4.

ABOUT THE FAIR; ONLY A WEEK OFF

Several apple growers have responded to the appeal made by H. A. Lewis in the last Outlook for apple displays and there is a prospect that this year's exhibit will be something really good. Those having any intention of competing for any of the prizes for apples or pears should have their fruit at the pavilion by Friday or Saturday next. Standard boxes can be had of Carl Shattuck and an expert packer will be on hand at a cost of about 10 cents a box to put up commercial packs which will easily sell the fruit for an advanced price even though it fails to capture a premium. The fruit growers of this entire section should study the premium list and get to the fair with a big display. It will pay in more ways than the winning of a prize. This will be the last appeal for orchard products, and as it is known that some good exhibits are coming those who have not made application to Secretary Kardell should do so at once.

The Art department gives promise of being full again this year although the superintendent, Mrs. E. L. Thorpe has been handicapped by illness during the past week. She has had the promise of some really meritorious art gems and curios, and the art room has been put in better condition than ever with a new ceiling and the installment of gas lights by the Beaver gas plant of Gresham.

The upper floor of the pavilion is going to be one of the attractive places this year. Three decorated booths have been let for artistic displays in domestic science and textile work, one of which will contain an old fashioned spinning wheel, such as our mothers used 50 years ago, in operation. These exhibits will be in Mrs. Eastman's department and will be supplemented by a full line of everything that pertains to domestic science and the textile art. The whole upper floor is going to be full this year of such exhibits, including art.

So many applications for space in the pavilion have been made by exhibitors in agriculture, horticulture and floral displays that there will be no room on the lower floor for concessions of any kind except Sherman & Clay's piano exhibit, the Hood River elder man and the Outlook's cozy corner. There will be at least seven grange and farm displays, big ones, too, and the fruit and flowers are going to take up all the room.

This is a rushing week on the fair grounds. The secretary's office has been moved; the pillars for the arch are up; wires are being strung for more lights in the grove, in the machinery hall and for lighting the arch. A lavatory is being installed in the ladies' room under the stairway in the pavilion, and the stock pens are being renovated and repaired. Other improvements are under way.

The new machinery pavilion has all been spoken for. It seems as if it is going to be too small as it will be full of machinery in motion, including cream separators. A big tent may have to be provided for the overflow.

The dancing pavilion will be under the management of E. L. Thorpe again this year with Richards' orchestra to furnish the music. A refreshment stand will be operated at night by F. H. Crane and a checking system will take care of hats and coats. George Crane will be ticket seller, while Nathan Rowley and Fritz Wirtz will assist as floor managers.

Claude Smith has arranged for five entertainment features which will open on the Furrow during the Fair. They consist of a vaudeville, colored minstrels, dog and pony show, "Two White Beauty" horse act and a moving picture theater. In addition he is negotiating for the appearance of Ali-Zada, the famous magician, now at the Oaks. There will be amusements in plenty.

A special meeting of the Board of Directors will be held tomorrow afternoon, Sept. 25, at which all deferred matters will be closed up. Meetings of the Board will be held daily during the Fair.

Clackamas county will begin its fair tomorrow and continue the rest of the week. It promises to be something better than the ordinary and will be an exposition of the best that Clackamas affords. Several Gresham people intend going to Canby for a day or two, among them being some of our fair directors who will go to learn new methods in fair management.

Needlework Exhibit.

The needlework exhibit at the Multnomah county fair promises to be of unusual interest this year. In addition to many beautiful pieces submitted by older workers there will be the work of the little girls, the button-holes, the aprons and the guest towels of the white needlework contest. It will be interesting to see how this work compares with that entered by "the woman over sixty." It is a proud little girl who can sew as well as her grandmother.

In connection with the white needlework there will be a textile exhibit, showing the manufacture of silk, cotton and woolen cloth from the silk cocoons and cotton bolls to the finished fabric.

The prizes for needlework are on exhibition at the Gresham library.

In connection with the white needlework exhibit there will be an interesting display of hand woven articles loaned by the Illihee hand weavers' guild of the People's Institute, who studied the art of weaving under the direction of Raymond Duncan.

There will be samples of rugs, towels, table covers, etc., woven by hand. The society will send also one of its looms under the charge of an operator. Those interested in the revival of this old fashioned art will not fail to see this exhibit.

LUSTED MAN'S NEAR ACCIDENT

Ed. Hamilton and son Harris came very near having a fatal accident last Friday. While hauling cordwood across the bridge from T. J. Neibauer's, the horses stopped to rest before descending the hill which is quite steep. In some unknown manner the wagon commenced gradually going back until the horses couldn't keep their feet. The men both jumped to save themselves and the load of cordwood, horses and all fell to the depth of about 25 feet in a canyon where there were logs and brush. The neighbors hurried to the scene as soon as possible, went down among the horses, stripped them of their harness and released them. They both got up, went up the steep canyon apparently as if nothing had happened. They had only a few scratches and the harness and wagon were not broken to amount to anything.

The Baptist Sunday school gave a picnic last Sunday in the Max Davies grove, now owned by Dr. Thompson. Ice cream was served.

Mr. and Mrs. Ed. Hamilton entertained four generations at dinner last Sunday Mr. and Mrs. W. H. Hamilton, Sr., and their grandson and granddaughter, Mr. and Mrs. Elmer Hamilton of Sandy and three children.

P. McDonald has sold his timber to Mr. Fitzpatrick, a wealthy wood yard man of Portland. It will take five years to get the timber off. He also sold him two acres of land. Mr. McDonald is building a nice house. He has sixteen men employed, he believes in doing everything up quick. It is reported that Mr. McDonald will build in the near future.

Mr. and Mrs. G. Lusted entertained the following ladies at dinner last Thursday, Mrs. Layton Wisdom, Mrs. Edward Donovan, Mrs. Wm. Wilkinson and Mrs. Olive Goff of Portland and Miss May Miller of Chippewa Falls, Wis. It is needless to say they all had an enjoyable time and the hay rack ride they had to Maybury station will long be remembered especially the nice cream cake they ate on their way.

Mock Trial Pleasing.

The Mock Trial in Judge Fogg's court last Friday night at Fairview resulted in a verdict for the defendant, Lazarus Inkdauber, who was sued by Miss Abigail Pankhurst Timekiller for libel and damages.

The evening's entertainment was fully up to the expectations both in attendance and interesting character. Several vocal and instrumental solos preceded the trial. The trial was a good take off on some modern court practices and was replete with unique and entertaining features. The jury and all court officers were after the most extreme suffragette type and in burlesque, of course, showed how a mere man might expect to fare legally in the hands of the fair sex.

Altogether the evening was entertaining and enjoyable and the objects for which the Fairview Women's society stands will be advanced.

Dr. Lowe, Wednesday.

We will pay 32 cents cash for fresh eggs at the Grand Union Tea store, Gresham.

R. F. D. mail boxes, \$1.00 at Sterling & Kidder's.

Notice.

There was a large attendance at the meeting on Saturday of the M. A. Ross Post and Woman's Relief Corps, held in the Grange hall. Mrs. Poole of the Summer Post was present and took active part with the local members. A comrade visitor was also present.

The corps decided to hold a bazaar early in December for the benefit of the post and corps.

Mrs. Clara Kane was present at the meeting and was given a choice bouquet which was brought to the meeting by Norman Smith.

Orient School Makes Improvements.

Orient school began its first term for this year on Monday, the 9th with an increased enrollment and four teachers. The educational staff consists of C. M. Quicksall, principal; Ora Quicksall, first intermediate; Pearl R. Ransburg, second intermediate and Bessie Osburn, primary. The directors, consisting of Grant Sloop, Victor Johnson and J. S. Albel, have been energetic in their work of providing for the comfort of the teachers and pupils and have made several improvements among them being the installment of a Fairbanks water system which supersedes the old pump, and the building is now supplied with water in every room by pressure from a compressed tank.

Many Driven from Home.

Every year in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take the safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough, and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

American Standard, white and fawn, \$1.50 each. Greatest egg producers. H. W. Cooley, Troutdale, R. 1, phone 434. *tf
