Forty years of cures prove its merit. Unrivaled for piles, corns or cold sores. Only 25c at all Druggists.

If your house burns will it burn your money?

Not if it is in our Bank

Suppose your house should burn, WOULD IT BURN YOUR MONEY? When there is such a place in the community as a Bank, whose business it is to care for and protect your money, why not put it in the Bank? There it is safe from fire, or from burglars, or from your own extravagance.
