

JUDGE LOWELL SCORES BOURNE

Judge Stephen A. Lowell, of Pendleton, made an eloquent and successful appeal for the candidacy of Ben Selling before an appreciative audience in the Commercial club hall last night.

Mr. Lowell showed that Mr. Bourne is not a good loser, hence his own criticisms are applicable to himself. Judge Lowell spoke of Ben Selling's successful business career since coming to Portland nearly 50 years ago.

Mr. Lowell closed his address, as all public speakers are doing just now, in an appeal to the voters for the equal suffrage amendment.

CLUB ENDORSES PUBLICITY PLAN

An interesting meeting of the Gresham District Commercial club was held Wednesday evening, the principal topic for consideration being the sending of a representative from this part of the county to Minneapolis to attend the great land products show.

C. S. Smith had volunteered to go for half his expenses and the club endorsed the project of sending him to exploit this locality.

A beginning was made yesterday on the raising of funds for the expenses involved and those called on responded quite willingly.

An effort will be made to issue an illustrated pamphlet, or possibly eight-page booklet, that will do for general publicity purposes for all eastern Multnomah county.

Oregon has about the best railway commission in the country, and their duties ought to extend to the regulation and control of all public utilities corporations.

Teachers and Parents Tonight

Professor G. H. Robinson, principal of the Gresham high school, has sent out a circular letter to all the patrons of the Gresham school asking them to meet with the teachers in the school auditorium tonight, Friday, for the purpose of organizing a patron-teachers' association.

A democratic rally will be held at Pleasant Home next Tuesday evening. The speakers will be Steve M. G. Munley, Hon. John H. Stevens, Tom Word, Oglesby Young and J. Wood Smith.

PROGRESSIVES WOULD HELP WOMEN

While considerable space has been used by some of the other papers to belittle Colonel Roosevelt for his apparent apathy on the subject of equal suffrage, it has not escaped our notice that the Progressive party is in the lead in regard to it.

For working women the Progressives propose to limit the hours of work to eight per diem and to institute a minimum wage.

MUNLEY STANDS WELL AMONG DEMOCRATS

E. L. THORPE. Among the candidates to be voted for in Multnomah county next month is M. G. Munley, who is the Democratic nominee for congress.

In a slightly lesser degree he is conversant with the needs of the whole state and is fully capable of asking for them should he be elected. And with a Democratic house he would be in a better position to satisfy his constituency than any Republican could hope to do.

next generation is born tired. Working women must be regarded not merely as so many economic units, but also as the mothers of the future.

The minimum wage is somewhat experimental. If by statute law working girls can be assured a living wage such a law should be put on the statute books.

Neither of the other two party platforms mentions "minimum wage." The proposition is apparently too radical for them even to investigate.

progressive is borne out by the knowledge that he does not always vote for every democratic nominee in sight. He has been known to support men, not measures, whenever it seemed to him that the best interests of the people required it of him.

LIBRARIANS TELL FAIRVIEW IS OF NEW LIBRARY BUSY CENTER

At the grange meeting last Saturday the lecture hour was taken up with the consideration of the new library, and some plans for the best use of it.

The building will stand near the street, and will be of the old English style of architecture. The main floor will be taken up with large reading room, story hour room, women's rest room with lavatory, librarian's work room and kitchenette.

The story hour room can be used for a small auditorium, and will be fitted with speakers stand and seats for about a hundred persons.

This may be used for lectures, and in various ways, but everything must be free, and no advertising scheme of any kind will be allowed.

Miss Fox emphasized the need of reading not more books, but better books, and urged the advisability of a well arranged plan of reading.

Miss Halle talked on some of the agricultural books in the library.

Misses Gladys Holgate and Ivy Cornett have been in Portland this week where they sang a cantata given at Anabel Presbyterian church on Tuesday and Wednesday nights.

C. Shepard is slowly getting over a severe illness, but will lose the sight of one eye.

Mr. and Mrs. H. Holte have been at Lents this week where they were called on account of the death of Mrs. Holte's stepmother.

Mrs. H. S. Stone, accompanied by Mrs. Wm. Zimmerman went to Spokane Tuesday for a fortnight's visit with relatives.

Mrs. H. M. Shaw and daughters, Mrs. Sarah Donley of Spokane, and Miss Ruth will start next Tuesday for Los Angeles, California, to spend a few weeks visiting relatives.

The young people of this place and in District No. 8, will give a party this evening to Miss Nellie Hogue and Miss Jean Lent, teachers at No. 8, at their bachelor quarters.

At the next grange meeting a debate will be held on the topic of "Women's suffrage." On this occasion a pumpkin pie dinner will be served.

The Women's society meets with Mrs. McKay next Thursday to make plans for their annual bazaar to be held the first of December.

The exterior work on the new city hall is now completed. The contract for the interior finishing has not yet been awarded.

The work of grading and graveling Third street between Harrison and Cedar streets was begun this week.

The young people of the Y. P. S. C. E. are preparing to give the cantata "The New Minister," the last of November.

Fund Being Raised

Citizens of Gresham and Pleasant Home have made up a fund sufficiently large to insure the publication of an eight-page booklet which L. S. Smith will take with him to the Minneapolis Land products show.

For several years past the railroads of the United States have been complaining that they cannot make reasonable profits under present conditions.

Thus it will be noted that the returns from manufacturing are more than double the returns from farming although the farmer has 12 times as much invested as the manufacturer has.

Employed in manufacturing are 5,615,999 persons; in railroad are 1,700,000; in farming, not counting women and children are 7,283,000, yet the returns from farming are less than one-third of that of the other two industries.

It is plain that if anyone has a kick coming it is the farmer. Suppose he went on a strike, what would happen to the others?

So the railroad should not complain or it will have something worse than 2 and 3 cent fares coming. Seventy-five per cent of the so-called railroad investments are watered stock.
