Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so lotions have long ago been found worthless. The most advanced physicians of the country are now agreed on this, and are prescribing a wash of wintergreen, sulphol and other ingredients for eczema and all other skin diseases. This combination is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.
