Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

OF course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

but the crowd cheered, as, with burned hands, he held up a small round box, "Fellows!" he shouted, "this Bucklen's Arnica Salve I hold, has everything beat for burns." W. S. U'Ren and W. G. Eggleston, of single tax fame, left for Boston on Friday last to attend the Fels' committee single tax conference. Perhaps old man Fels got mad and cut off their salaries and they have gone to see about it; or may be they have gone to get the "sack" filled up again for another ill-advised campaign against the farmers of Oregon.

Attempted Suicide

Mrs. James Deavens, living near Corbett, attempted self destruction on Sunday morning by drinking an ounce of carbolic acid. Prompt action, following instructions given by Dr. Bittner over the telephone, saved her life and later attentions by Dr. Hughes placed her beyond all danger.

The cause was ascribed to a morbid idea that a road house is to be built near her home by a man who lately bought three acres of the Deavens farm, but as this idea was scouted it is thought that Mrs. Deavens will be restored to her normal condition upon her recovery from the effects of the acid.

Local people will remember their presentation of "The Deacon" last spring, and will look forward with pleasure to any further efforts in that direction. The cast of characters will be almost identical as in the first presentation thus insuring good work. The play to be given is entitled "The Heart of a Hero," and will be given at the Pleasant Valley grange hall on Saturday evening, Dec. 7. The usual prices will be charged for admission.
