## Orient School

School shows a good attendance and good interest is shown in the work.

An hour is now allowed for the noon intermission which is greatly appreciated by the pupils, and the play ground is the scene of many lively groups of boys and girls these beautiful spring days.

David Everrett sustained a severely lacerated hand by falling while running one day last week, but missed only one day of school as a result.

Lagrippe seems to be the cause of most of the absence at the present time. Several cases being reported.

Baseball fever is one of the results of the spring weather; but it is not a very serious disease, as it seems that most of the boys who catch it become ruddy looking and more lively; also they bid the materia medica farewell.

Last Saturday evening, just as Mr. Quicksall had finished his evening chores and seated himself comfortably for a "quiet evening with the boys" there suddenly came a great commotion at the door and to his surprise a score of his pupils came walking in and spent the evening with him and his family. The evening was spent in playing games. The boys and girls proved themselves to be real jolly people and capable of having a good time as well as to be obedient.

Although domestic science is not taught at Orient yet, Mr. Quicksall now knows that the girls are very efficient in their science and says that that was one of the pleasing parts of the program as he proved himself to be a good cake and pie eater. All departed declaring they had all greatly enjoyed themselves.

The social committee at Columbia grange, is making preparation for an apron and necktie social to be given at the hall the 29th of March. The ladies will be requested to bring an apron and a tie made of the same material. A good program. No dancing. Everybody invited.

Mrs. Hazel Bram arrived here from Madison, Wisconsin, lately and is the guest of her brother Fred Bram at Hurlburt.

Mr. Lund of Portland has just sold 40 acres of his ranch here on the Heights to a Portland party for the consideration of \$22,000 this deal closed one of the largest transfers in his part of the country. The land just sold called Lund's point, has one of the grandest views of the famous Columbia, and it is safe to say the time is not far distant when a cliff house like the one at San Francisco will grace this beautiful place. The different auto clubs of Portland declare it to be one of the most magnificent and picturesque sceneries in the world. Who wouldn't live on the Heights?

The Society of Equity held their monthly meeting on Monday evening at the Heights, and have made arrangement to get their grass seed and land plaster, also groceries in bulk. Where can they get it the cheapest?

M. C. Hillidge of Forest Grove is out on his ranch for a short stay. Mr. and Mrs. Sprague are getting ready to move to central Oregon where they are contesting a claim on a homestead.

Mrs. W. Evans, and little children of Corbett is making a visit this week with Mrs. F. Shoults. Mr. and Mrs. James Ross was in Portland a few days with Grandpa Ross, who is quite ill. His great age is a little against him; we hope however that he will improve and soon be up and around again.

Lewis Benfield of Portland spent Monday with his mother at the Benfield bungalow. W. Deaver spent Sunday with his folks, Mr. and Mrs. J. Deaver.

Alfred Hamilton and wife are living with Mr. Hamilton's father for a short time.

Mrs. M. D. Williams is very ill at her sister's home, Mrs. Stephens. Mr. and Mrs. McKinney took their little son to the Good Samaritan hospital for an operation on his throat.

The gospel meetings are closed. While no immediate results were known, yet we believe some good was accomplished.

Mrs. Wind was in the city visiting her parents. Jno. Smalley of Palouse, Wash., was the guest of his siser, Mrs. Suhmway, for a week. He sees great improvement since he last visited the place.

Real estate exchanged hands every day during the fine weather. The new town site is progressing. Mrs. Stephens attended the quarterly council of her church March 4, in the city.
