## EQUITY SOCIETY FIGHTS COLLEGE.

It would seem to a close observer that the Farmers' Society of Equity is engaging in a fight with or against the Oregon Agricultural College. Perhaps the order is not officially attempting to belittle the college nor injure it in the estimation of the people, but some of its members certainly are and the Oregon City Courier, which is the society's official paper, prints some vapid howlings that can leave no one in doubt but that the order has picked out the college as a victim for its attacks.

Among other things that the Courier prints about the college is this: "Yes, our state college is very much in favor of co-operating with the legislature to put a half million dollar tax on us farmers for helping us ruin our potato market. And in some states lobbying is a crime."

And further on it says: "What does it cost the taxpayers of Oregon to graduate a student at our O. A. C., and what per cent use is their knowledge in successful agricultural pursuits? Now we are to have extension of our O. A. C. This demonstration farm has always been a failure. The fundamental scheme is wrong, and this is known to the professors, themselves."

After considerable more of the same sort of stuff it says further: "We are not producing as much per acre as we did years ago. Under the teachings of our agricultural college our land is running down, so are our pocketbooks."

But the hardest hit is this: "The problem of making money from the farm is up to the farmers, as the O. A. C., and the trusts have already solved it to suit them." There is a lot more of the same sort, but the above is enough to show that the Society of Equity is going to lock horns with the college—that is, if the college will let them.

It doesn't seem quite possible that the college management is working against the interests of the people. The state grange, with its 15,000 members has never had occasion to find fault with the college, and it has always been on the job in the interests of the people. It seems a bit queer that the Equity people should seek to antagonize the college before it has cut its first tooth in Oregon. The order is made up of intelligent men, but perhaps there are a few anarchistic souls in its ranks for whom the others are not responsible. If so they should be curbed into a more gentle frame of mind and temper before they arouse too much antagonism among the friends of the college.

## Has the State of Oregon Got Single Tax.

It is just beginning to dawn on the minds of some that what we voted down last November may be overshadowing us in another guise. Is it the same old bugbear in a new dress? When the voters defeated single tax they thought that the matter was settled forever, but the new law which went into effect in time to allow this year's assessment to be made on schedule eliminates any and all levies on personal property. Those who haven't made a study of the situation are jubilant, especially if they have a big house full of fine goods, and big flocks and herds and machinery, and jewelry galore. All these articles are exempt from taxation and the more personal property a man has the less taxes he will have to pay in proportion.

Down at the court house the other day an official said that there would be no assessment on anything but land and buildings, except corporation stock, water powers, railroads and the like. That sounds a good deal like single tax but it is not quite so radical as the proposed single tax law was intended to be. It is only the entertaining wedge which the defeated single taxers have succeeded in getting in under the bark. It looks as if the people

had been "worked" by the U'Ren crowd under the guise of personal property exemptions when all that the people demanded was an exemption law something like we had a few years ago.

At that time the sum of \$300 was allowed as an exemption on household goods, and the law was a beneficial one to the small householder. Now all personal property is exempt which means everything portable.

It looks as if the single taxers had "slipped one over" on the people, and that the legislature stood in on the deal.

Taxes are going to be unmercifully high in Oregon next year. It is freely predicted that they will be just about double the amount that is being collected now. If that is going to be the case the man with the real estate is going to be the "fall guy" of the system that allows the man with a big assortment of everything else to get off for nothing.

## Haley

The Easter program at the Baptist church was very good although a number of parts must be omitted because the children were unable to be there on account of the weather. Mrs. Hagberg, however, favored the audience with several vocal selections. She was accompanied on the organ by her daughter, Martha. A collection amounting to \$10.82 was taken and will be sent to the Killingberg Children's Home in New Britain, Conn.

Mr. and Mrs. Hagberg and daughters, Martha and Marlon, also Mr. Peterson, of Spokane, an uncle of the girls, were entertained at the home of A. G. Horberg's Easter.

Mr. Peterson and Mr. Hagberg left for Portland in the evening. A number of people from this vicinity attended the funeral of Mr. Landin, who was buried Monday from the Lutheran church east of Gresham.

## Best Known Cough Remedy.

For forty-three years Dr. King's Cough Recovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at all Druggists.

## Gillis

There is a good opportunity for the spring poets to give us something on the snow, the beautiful snow; while they are waiting for the roses to bloom.

The prospects are very favorable for a church building being erected at Gillis soon, or during the summer. Quite a number of people have agreed to contribute very liberally for a church, and Umbdenstock & Larson Co., agrees to give a lot upon which to erect the building.

Quite a number in this vicinity are suffering with the grip.

Farming is not progressing very fast during the past week owing to the changeable weather, and most of the farmers are getting restless for fear their spring work will all bunch on them.

Wm. Wheeler was hauling cord wood for Mr. Trimble one day last week.

Mrs. Wm. J. Hillyard returned from St. Vincent hospital Wednesday after a three weeks' stay for medical treatment. We hope for her speedy recovery.

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by Gresham Drug Co., and Dealers everywhere.

## The Cause of Rheumatism.

Stomach trouble, lazy liver and deranged kidneys are the cause of rheumatism. Get your stomach, liver, kidneys and bowels in healthy condition by taking Electric Bitters, and you will not be troubled with the pains of rheumatism. Charles B. Allen, a school principal, of Sylvania, Ga., who suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys, writes: "All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Maybe your rheumatic pains come from stomach, liver and kidney troubles. Electric Bitters will give you prompt relief. 50c and \$1.00. Recommended by all Druggists.

## "Father" Flynn Celebrates Ninety-sixth Birthday.

"Father" John Flynn, dean of Portland's Methodist Episcopal clergymen, was honored yesterday when his 96th birthday was celebrated by thirty ministers of the denomination and their wives, who went to St. Johns for their regular association meeting instead of holding it at the First Methodist Episcopal church in Portland.

The venerable preacher went with the party, enjoying the ride in a trolley car and showing no signs of fatigue. A month ago "Father" Flynn fell down his cellar stairs and though he was ill for awhile, he fully recovered. Yesterday he made an address at the business meeting.

The following officers were elected at the meeting: President, Rev. B. J. Larsen; vice-president, Rev. J. K. Hawkins; secretary-treasurer, Rev. G. F. Hopkins. The women of the church served a luncheon.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by Gresham Drug Co., and Dealers everywhere.
